History /

Biographical:

Professor Lin Xu was born in Inner Mongolia, China. Her family moved to Beijing when she was 12. Following graduation with a Bachelor's degree in Engineering, Professor Xu worked as an engineer for a couple years, then switched to graphic design and worked in the advertising industry for a longer period of time. She loved art as a little girl, and always intended to gear her life in that direction. After saving some money, she left China when she was 27. In 2000, she completed her undergraduate studies in Visual Arts, and applied to attend graduate school. After four years at Washington State University - three to complete her studies and one year of teaching - she joined the new Fine Arts program at Brandon University.

Custodial History:

This artwork was created on site in its current location in the spring of 2008.

Scope and Content:

This artwork was commissioned by the President Dr. Louis Visentin in 2005. It was designed as a public art for the BU community to enrich an environment, to communicate about life and culture, and to provide people with a visual source to contemplate.

Titled Gyration, the artwork consists six slender poles ranging from 7 to 8 feet high, each measures approximate 5 inches in diameter. Five are decorated with black and white line drawings inspired from micro-biology images. They are completed at the top with organic shapes and solid colors. The five decorated cylinders represent the essential contemporary technologies such as Text, Data, Voice, Image, Networking, and Human Factor. The one left white represents the unknown.

The artwork was created from porcelain - one of the purest and the strongest clays on earth, it was then cleared glazed and fired to 1240 Celsius. The material and the process echo the purity and the strength of human spirit nourished by the earth and the nature environment.

The circular wheel-throwing marks create a sense of upward movement and energy of growth, representing human being's never ending search for knowledge, perfection, and unknown. It is hoped that the colour, the tree like vertical lineal rhythms, the vessel forms, the images, and the sense of movement will appear to the viewers in a different way and produce free associations and connections, and yet to bring together a symbolic world integrating science and art, form and mind, nature and human.

Notes: The description contained in the scope and content note is taken verbatim from an e-mail from Lin Xu to Tom Mitchell 22 May 2008. The original was filed in the correspondence file Brandon University Administrative Records 16.3. Lady's stick

<http://archives.brandonu.ca/en/permalink/descriptions4557>

Part Of: RG 6 Brandon University fonds
Description Level: Item
Series Number: 16.3
Item Number: 1
Item Number Range: 1
GMD: multiple media
Date Range: 1923-1966
Physical Description: 90 cm

History /

Biographical:

Lady and Senior Stick were honorific positions that existed during the Brandon College era. The offices of Senior Stick and Lady Stick were replaced by the offices of President and Vice-President of the Brandon College Students' Association on January 29, 1966. The change was the result of proposed changes to the B.C.S.A. constitution passed almost unanimously by the student body; the office of President enabled a co-ed to hold the highest student office, which was impossible under the previous system. Following the change in 1966, the Class Presidents were renamed faculty Sticks. At some point during the Brandon University era the faculty Stick positions were renamed faculty commissioners. The use of "stick" appears to be a particularly Canadian one.

The stick of office was carried by the incumbent as a symbol of his or her position.

Like the sticks of office at other universities and colleges in Canada, the Brandon Lady's stick is composed of an elongated wooden rod, painted or stained dark, with a metal bottom cap and an ornamental metal top in silver. The Brandon College Lady's stick also contains silver rings dating from the 1923-1924 school year, each ring containing the name of the Lady Stick chosen for that year.

It was also customary to attach a ribbon(s) in the college colours (blue and gold) to the stick. The ribbons attached to the Brandon College Lady's stick were donated by the 1954-1955 Lady Stick Verda Peden (McDonald) in 2006.

Scope and Content:

Item is the Brandon College Lady's stick.

Notes: Information in the History/Bio field was adapted from Wikipedia at: http://en.wikipedia.org/wiki/Senior_Stick (October 2006). Additional History/Bio information was taken from the March 1966 issue of Alumni News.

The Lady's stick was previously displayed in a glass fronted display case donated by the Class of 1966. Unfortunately, two holes were drilled in the stick to anchor it to the display case. The Senior stick was also displayed in the same case, however at some point prior to 1997 it disappeared from the display case.

The silver rings and crown on the stick easily tarnish, but can be shined with any silver polish.
