Date Range: 1967
Material Details: Negative

History /

Biographical:

Mansfield's Western Shop was located on the corner of 6th Street and Princess Avenue at 603 Princess Avenue. The business appears to have been opened in 1966 by Ed and Jessie Mansfield. The shop was originally owned by Norman D. Moore and was called Moore's Western Shop. According to the Henderson's Brandon City Directory Mansfield's was relocated several times during its ownership. In 1967 Mansfield's was relocated to 737 11th Street, by 1973 had relocated again to 731 Princess Avenue and remained there until at least 1984. Mansfield's Western Shop had moved to its final location at 1130 18th Street by 1988. Once Ed and Jessie retired the shop was taken over by their sons Les and Lyle Mansfield. Les and Lyle closed the store when they retired in 2015. Presently (2020) the H&Co Academy building stands where the original Mansfield's Western Shop stood on 6th Street.

Custodial History:

See Fonds level description for custodial history

Scope and Content:

Image of the interior of Mansfield's Western Shop. The image is of a man standing behind the counter in dressed in a western style. The man could possibly be Ed Mansfield. There are various items displayed around the counter including: saddles, tack, figurines, clothing and hand bags. Above him is a sign that reads "Mansfield's Western Shop 603 Princess Ave. Brandon".

Physical Description: 3.5" x 5" (colour)

History /

Biographical:

The 1960s campus expansion necessitated a large, updated heat source so a central steam plant fueled by coal was built north of the campus adjacent to the CPR rail lines on Pacific Avenue. A 25-year agreement was made between the University and John R. Brodie of the Great West Coal Company, which guaranteed BU lower coal prices tendered by the Canadian National and Canadian Pacific Railways on an annual basis. Brandon College Engineer John Kasiurak officially opened the Heating Plant on 24 January 1962. An extension and/or upgrade of the steam plant appears to have occurred in 1970.

Until the 1990s, heat was piped underground to the campus from the Pacific Avenue Heating Plant but inspection standards were outpacing the maintenance and repairs required to keep the plant operating smoothly. Consequently, a new steam plant was built immediately adjacent to the University to the west of Darrach Hall on 20th Street. This building was essential to handling additional loads from the proposed library expansion. The original steam plant was subsequently sold.

Scope and Content:

Photograph is looking west northwest and shows the (new) Steam Plant located on the west side of 20th Street.

Donkersloot began working at Brandon University in 1970/1971 as the Clerk of Works. From 1973 until his retirement, he was the Director of Physical Plant.

The 1960s campus expansion necessitated a large, updated heat source so a central steam plant fueled by coal was built north of the campus adjacent to the CPR rail lines on Pacific Avenue. A 25-year agreement was made between the University and John R. Brodie of the Great West Coal Company, which guaranteed BU lower coal prices tendered by the Canadian National and Canadian Pacific Railways on an annual basis. Brandon College Engineer John Kasiurak officially opened the Heating Plant on 24 January 1962. An extension and/or upgrade of the steam plant appears to have occurred in 1970.

Until the 1990s, heat was piped underground to the campus from the Pacific Avenue Heating Plant but inspection standards were outpacing the maintenance and repairs required to keep the plant operating smoothly. Consequently, a new steam plant was built immediately adjacent to the University to the west of Darrach Hall on 20th Street. This building was essential to handling additional loads from the proposed library expansion. The original steam plant was subsequently sold.

Custodial History:

Photograph was taken by Tom Donkersloot during construction and stored in albums in the Physical Plant H-Hut until they were transferred to the McKee Archives by Doug Duncalf in May 2008.

Scope and Content:

Photograph shows the installation of one of the stacks in Brandon University's old coal steam plant at 20th Street and Pacific Avenue.

Notes: Donkersloot recorded the date and time each photograph was taken on the back of the photos.
