History /

Biographical:

The idea of the Keystone Centre was first mentioned in 1958, at a meeting of the board of directors of the Manitoba Winter Fair. The Manitoba Winter Fair wanted a new facility because the old Wheat City Arena had a leaking roof and a deteriorating west wall. The old facility also had limited space and the Winter Fair felt it needed more space for expansion. The Provincial Exhibition of Manitoba also had problems with their facilities, such as old barns and poor display areas. The idea of the Keystone Centre was put on hold until 1969, when the boards of the Provincial Exhibition and the Manitoba Winter Fair joined together as the Provincial Exhibition Association of Manitoba and the Wheat City Arena was sold and demolished. The original estimate for the cost of the Keystone Centre facilities was \$4.5 million and funding would be proportioned so that the federal and provincial governments would each put in one-third of the money, with the rest coming from local donations. The financial campaign for the Keystone Centre began in 1970, and construction began in November 1970. The grand opening of the Centre was in March 1973, and coincided with the Royal Manitoba Winter Fair of that year.

Custodial History:

This fonds was accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

#### Scope and Content:

Fonds contains many folders full of correspondence, financial statements, meeting minutes and other documents relating to the development and construction of the Keystone Centre from 1970-1974, including those from the Keystone Executive Committee, as well as the Building Committee. Fonds also contains one folder that pertains to the Brandon Area Agricultural Development Survey from 1959. This folder contains the names and locations of all farmers in the Brandon area in 1959. The Brandon Area Agricultural Development Survey was created in 1959, in order to make farming in the Brandon area more profitable. The survey was aided by Doane Agricultural Service from St. Louis, Missouri, who had success creating agricultural development programs in the United States. Fonds also contains folders from the Provincial Exhibition with correspondence, pamphlets, estimates, and studies from the 1960's. There is also one folder belonging to the Manitoba Winter Fair, which contains correspondence and financial statements relating to the Wheat City Arena. Fonds also contains information pertaining to the proposals made in the 1960's, for the building of the Keystone Centre, as well as one folder about the Keystone campaign from 1970-73. There is also one folder about the opening of the Keystone Centre, which contains newspaper clippings and guest lists. Finally, the fonds contains information about a court case involving Albert Bobyk and Robert Stewart. Stewart was the project manager for the Building Committee and Bobyk worked on the Keystone Center. The fonds includes a report about the trial of the two men who were charged with fraud involving their work on the Keystone Centre.

### History /

#### Biographical:

See RG 6 Brandon University fonds, Series 7 Faculties and Schools, Sub-series 7.1 Faculty of Arts, Sub sub series 7.1.1 Dean of Arts for biographical information for Michael Blonar.

#### Custodial History:

Collection was in the possession of Dr. Michael Blonar until he donated the records to the S.J. McKee Archives in May 2002.

#### Scope and Content:

Collection consists of textual records and five microfilm reels related to Dr. Blanar's post-graduate research. It is assumed that the records were collected during the course of Blanar's research for his dissertation entitled "Early British Travellers in French Canada (1960)."

Textual records include three Dominion of Canada notebooks containing handwritten Saulteaux verbs, and animate nouns. Included is a dark red booklet titled "Ojibwe." The book contains Ojibwa translations of English words. The book comes from St. Peter Clavers Industrial School in Spanish, Ontario, and may have acted as an instructional book as it also contains French and English. Collection also contains a transcript of an Ojibwa dictionary and three file folders titled "Manuscripts," "John Long Research," and "Maps" which contain additional research material. Contents of "Manuscript" folder are original typed manuscripts. "John Long" and "Maps" file folders contain copies of materials held at Library and Archives Canada, as well as hand drawn documents and hand written documents detailing contents of folders.

In addition to the textual records there are five microfilm reels. Three microfilm cases are labeled "The British Reference Division," one case labeled "Public Archives Canada, central microfilm operations," and the last case is from an unidentified source labeled "Longs voyages and travels". Four of the five microfilm cases are also numbered. The British Reference Division microfilm case numbered "1346 i 43" contains a copy of a book titled "The Cacique of Ontario." British Reference Division microfilm case numbered "104706640" contains a copy of a book titled "The Four Kings of Canada." British Reference Division microfilm case numbered "9073279" contains a copy of a book titled "The Indians." The Public Archives Canada microfilm case numbered "c-3006" contains copies of original documents in French and English. Documents include letters, diary pages, maps, and business ledgers. Microfilm case labeled "Longs voyages and travels" contains a copy of a book written by John Long titled "Voyages and Travels of Indian Interpreter and Trader."

Notes: Description by Aaron McKay (October 2013). The Ojibwa language dictionary and notebook make references to Fredric Baraga (1797-1868), a missionary priest from Slovenia who recorded the Lake Superior Ojibwa language dialect. Baraga's findings were published into an Ojibwa language dictionary.
