

S. J. McKee Archives

The MacNeill teaching controversy

<http://archives.brandonu.ca/en/permalink/descriptions12736>

Part Of: RG 1 Brandon College fonds
Description Level: File
Series Number: 6.1
File Number: 2
Other Numbers: RG 81-30, Series 1, Subseries 4B, 1921-1925, Box 2, File 2
GMD: textual records
Date Range: 1921-1922
Physical Description: 1 file
History /
Biographical:

Dr. MacNeill was the central figure in the scandal involving Brandon College in the early 1920's. The Fundamentalist Baptists accused Brandon College, and Dr. MacNeill especially, of teaching Modernist views. He was absolved of any charges at the 1924 Baptist Convention in Chicago.

For history/bio information for H.L. MacNeill, see RG 1 Brandon College fonds, BC 6: Office of the college dean.

Scope and Content:

File consists of correspondence to Howard Whidden, President of Brandon College, and various regarding Dr. MacNeill and his teachings (October 1921 - January 1922). It also contains a copy of "An Abstract of the Report of the Brandon College Commission" prepared by Rev. H.H. Bingham regarding Dr. MacNeill and his teachings.

David Bovington

<http://archives.brandonu.ca/en/permalink/descriptions4242>

Part Of: RG 1 Brandon College fonds

Description Level: Sub-series

Series Number: 2.4

GMD: textual records

Date Range: 1925-1926

Physical Description: 26.5 cm

History /

Biographical:

Dr. Bovington was born in Gonbridge Wells, Kent County, England on December 2, 1869 to Richard and Emma Bovington (nee Deuch). He came to Canada in 1890. After training for the ministry at Woodstock College and McMaster University, where he graduated in 1899, he attended Rochester Theological Seminary before being ordained in Victoria BC. In addition to Victoria, Bovington held pastorages in Windsor and St. Thomas, ON.

Bovington married his wife Martha Lockhart (1870-1957) in Oxford, ON on January 3, 1900. The couple had at least four children: Richard Dadson (1901-1972), Marguerite Agnes (1902-1975), David L (1904-1953) and Archibald T (1906-1983).

In 1906, Bovington went to Rochester to take his Doctor of Divinity; while there he was an instructor in Systematic Theology and Homiletics. In 1915, he took his Master's in Systematic Theology at the University of Chicago. From 1916 - 1925, Bovington served as the pastor of First Baptist Church, Cleveland, OH.

In 1925, Bovington was asked to become the fourth president of Brandon College. Although he accepted the position his wife and family did not accompany him to Brandon when he arrived in the summer of 1925. Bovington resigned from the Presidency on May 24, 1926, claiming that the pressure of trying to secure funds for the financial support of the school was beyond his strength.

David Bovington died in Cleveland, OH on August 21, 1955.

Scope and Content:

Dr. Bovington was President for only nine months. His collection includes correspondence regarding the Baptist Union of Western Canada, Modernists, and Dr. MacNeill. As well, religious field work is documented. There is quite a bit of correspondence from the Registrar and Bursar regarding student accounts. Fundraising for Brandon College is documented, especially the Davies' Fund campaign and the Endowment Fund campaign. There is quite a bit of correspondence to and from Dr. MacNeill, who was Acting President, from before Dr. Bovington arrived in Brandon and after he resigned.

Date Range: 1882-1937?
Physical Description: 27.5 cm

History /

Biographical:

Samuel James McKee was born near Wellesley, Ontario on July 17, 1849. By 1872, he had graduated from Toronto University. That same year he accepted a position at the Canadian Literary Institute in Woodstock, Ontario. Although he accepted this post with reservation, McKee soon found himself converted to the Baptist faith and was a true believer. In 1881, his doctor advised him to move West because of his poor health. He and his wife Laura moved to Rapid City, Manitoba and established a farm there. His brother-in-law, Rev. Davis was busy establishing the Rapid City Academy during this time, and when Davis had the chance to move to Moose Jaw, he prevailed upon McKee to take over the Academy. Under McKee's guidance the Academy flourished. By 1890, he decided that he could reach more people if he relocated the school Brandon, Manitoba, which was located on the C.P.R. line. The S.J. McKee Academy did quite well in Brandon, although it had trouble finding a permanent home. By 1899, the school was located in the Stewart Block on Ninth Street and Rosser Avenue. McKee's wife taught music, and there were always potential ministry students in his classes.

In 1899, the Baptists finally decided that they wanted a College in Manitoba that would help prepare students for potential ministry service. It was decided to locate the school in Brandon, as McKee, a staunch Baptist, already had a flourishing Academy there. The Baptists and McKee amalgamated and Brandon College was created. When the school opened in October 1899, McKee was on the Board of Directors as well as teaching Classics, Mental Science and French. He also acted as the unofficial Vice-principal of the school. McKee taught several different subjects during the next few years, and in 1910 accepted the newly created post of Registrar. He retained this position for the next decade. As well, McKee acted as the Bursar in 1911-1913, 1914-1915, and 1919-1920. He retired in 1920 and moved to Vancouver. McKee was given the title Professor Emeritus in Philosophy. He was made an honorary member of the Board of Directors in 1925.

McKee and his wife had five daughters and three sons. Three daughters that died soon after the move from Rapid City due to a typhoid epidemic. His son, George Eugene, graduated from Brandon College in 1902. A son, John Harris McKee, became the Bursar of Brandon College in 1915 after obtaining his B.A. in 1914. Another son, William Carey McKee, graduated from Brandon College in 1914, and received his M.A. in 1915. He was studying Law in Calgary when he enlisted with the Army. Carey McKee was killed in action on August 26, 1918. A fourth son, Robert Allan also attended Brandon College. He enlisted when Carey did, but he was declared medically unfit for service in Winnipeg in 1917. He eventually returned to Brandon, but was sick for a very long time. He died on February 13, 1919, from a growth on his brain that had weakened him greatly. McKee's daughter Mildred also attended Brandon College. After her husband was killed in action in November of 1918, she returned home to her parents. Eventually she obtained a degree in Household Science. There is another daughter mentioned, Lydia. McKee also states in a tax return form that he has a permanently epileptic child in a home. It is not known if this child was Lydia or not. S.J. McKee died in September 1937 at the age of 88.

Custodial History:

To commemorate the move of the McKee Academy to Brandon, Manitoba in 1890, Brandon University renamed the Brandon University Archives the S.J. McKee Archives in the fall of 1990. At that time, the McKee family was represented by S.J. McKee's grandson William, who donated the S.J. McKee papers to the Archives. Up until 1990, the records had been in his custody, having passed from S.J. at the time of his death to William's father.

Scope and Content:

S.J. McKee's files are very unique. He has records detailing many aspects from Rapid City Academy and the desire for educating the West. He has a lengthy document entitled "The Beginning of our Educational Work in the West" in his records. It details the creation of Prairie College, its demise, and the building of the Rapid City Academy. There is a lot of correspondence, not just to and from S.J. McKee, but to and from his children as well. There are Land Titles papers, Mortgages, Last Will and Testaments, and various other legal documents dealing with the McKee family. There is a ninety page paper that his son, Carey, wrote in 1915 entitled "Immigrants and Their Assimilation." There are several files dealing with Carey McKee, and also with the death of Midred's husband, Robert Alexander Cunningham. The Minute Book of the Brandon College Literary Society from 1903-1905 is located in the McKee files. McKee also kept various newsclippings and certain issues of "The Western Baptist," "The Northwest Baptist" and "The Sunday School Times." As well, there are some used account and receipt books.

His records are extremely interesting in that McKee was really one of the founding fathers of Brandon College. The documentation that still exists with regard to Rapid City Academy is quite astounding, down to the legal agreement he and G.B. Davis made with Duncan L. McLaren regarding using some of his land to build the school on. His recollections on the beginnings of education in the west are clear and concise. As well, the sense of family and devotion to God are evident in almost all of the letters between family members.

History /

Biographical:

Thomas Russell Wilkins was born in Toronto in 1891. He received his B.A. from McMaster University in 1912, and became the Science Master at Woodstock College the following year. In 1916, he and his wife Olive moved to Chicago, where Wilkins was an instructor of Physics at the University of Chicago. The next year he served as a master signal electrician in the U.S. Signal Corps. During World War I, Wilkins completed pioneer research for the United States Navy, which led to the development of pulse sonar devices in the 1920s. He had also been researching the possibilities of a wireless telephone.

Wilkins and his wife moved to Brandon in 1918, where he took up the position of Professor of Physics. During his time at Brandon College, Wilkins introduced the latest technology to classrooms, designed the original Science Building, and along with the Brandon Citizen's Committee, secured building funds for the Citizen's Science Building.

Receiving his Ph.D. from the University of Chicago in 1921, Wilkins resigned from Brandon College in 1925 to pursue postgraduate study at Cambridge University. In 1926, he began research at the University of Rochester, where he also took up the position of Professor of Physics. From 1930 to 1938, he acted as the Director of the Institute of Optics.

Widely known for his work in the fields of cosmic rays and atomic disintegration, in April 1939, Wilkins announced the perfection of a camera that was able to record the "footprints" of invisible atoms after they collide. In October 1939, he received a medal from the Royal Photographic Society of Great Britain recognizing his work regarding the use of photographic emulsions in the study of radium. The following year, Wilkins perfected a camera that could determine the energy levels inside the nuclei of stable chemical elements. He received a grant from Sigma Xi, the National Society for the Promotion of Scientific Research, in November of 1940.

Wilkins married twice. The first marriage, to Olive Angles Cross took place on June 17, 1913. Olive Wilkins died suddenly on May 13, 1937, at the age of 45. Wilkins married Susan Gwendolyn Whidden, the daughter of former Brandon College president Dr. H.P. Whidden, in 1938.

Thomas Russell Wilkins died suddenly of a heart attack on December 10, 1940, on his way back to his laboratory after a faculty meeting. He was 49 years old.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

T. Russell Wilkins' records contain correspondence between himself and Mrs. Wilkins and Dr. Whidden concerning their employment with Brandon College. There are letters between the two men regarding the building of the Science Building in 1920. There is also a copy of the Canadian Baptist. Besides programmes and a picture, there is also correspondence between various people. Dr. Wilkins kept the papers he had written for various classes at McMaster University in the years 1911 and 1912. There is a "toast to the ladies" that he delivered at a banquet of some sort, that gives an interesting view on how Wilkins, and possibly other men of his time, viewed women. There are numerous newspapers clippings, and several pages taken from journals such as Popular Mechanics, Popular Electricity and others. Dr. Wilkins was at the top of his field of study. He was an extremely bright man who managed to create some very useful tools of science. His papers are interesting and informative to read.
