#### Biographical:

Brandon University received its charter on June 5, 1967, on the occasion of the visit of Her Royal Highness Princess Alexandra and the Honourable Angus Ogilvie. The institution has its roots in Brandon College, which was established in 1899, by the Baptist Convention of Manitoba and the Northwest Territories and was administered by that authority until 1938. During these years it was an affiliate, first of the University of Manitoba and, from 1911 to 1938, of McMaster University. In 1938, it became a non-denominational affiliate of the University of Manitoba, under a board of directors elected by the Brandon College Corporation, and it continued as such until it was made a provincial university in 1967.

1967-1968 was the first year of operation as Brandon University.

The University is a co-educational, non-denominational, government-supported institution within the Province of Manitoba. It is a member of the Association of Universities and Colleges of Canada (AUCC) and the Association of Commonwealth Universities (ACU).

As stated in The Brandon University Act (1998), the purposes and objects of the university are: (a) the advancement of learning and the creation, preservation and dissemination of knowledge; and (b) the intellectual, social, ethical and physical development and improvement of its students and employees and of society. To further its purposes and objects the university may: (a) establish and maintain such colleges, faculties, schools, institutes, departments, chairs and courses of instruction as the board considers appropriate; (b) give instruction and training in all branches of learning; (c) grant degrees, including honorary degrees, diplomas and certificates of proficiency; (d) provide facilities for original research in every branch of learning, and conduct or facilitate the conducting of such research; and (e) generally promote and carry on the work of a university.

The mission statement of the University is to shape the whole person and enable students to make a positive difference as citizens and leaders. In a welcoming and supportive setting, the University emphasizes research, scholarship, critical thinking, performance, artistic creation, communication and participation, as a means of imparting value and meaning to society and contributing to the public good. The University nurtures and develops excellence in its programs, attracts an outstanding faculty, defends academic freedom, preserves knowledge and sustains a scholarly community where cultural differences are valued. ### DEANS OF ARTS:

#### R.F.B. KING (1967-1972)

Ralph Frederick Breach King was born July 16, 1921 in Vancouver, B.C. He obtained his B.A. from the University of British Columbia in 1948, and his M.A. and Ph.D. from the University of Toronto in 1951 and 1960 respectively. Before coming to Brandon College in 1963, King held positions in the English Departments of the University of British Columbia, Royal Military College (Kingston), and the Canadian Services College (Victoria). At the latter, he was also the head of the department.

At Brandon College he joined the Department of English as its Head and also acted as, first, the Associate Dean of Arts (1963-1965), and then as the first Dean of Arts (1965-1972) of Brandon University. He continued as Head of the English Department until 1977. In addition, during the interregnum between the Robbins and Dulmage presidencies in 1969-1970, King also served as Acting President of the University.

As Dean, King oversaw the radical change in curriculum that took place just prior to Brandon College becoming an independent University. He supervised the introduction of the major-minor system (instead of three sequences of specialization) and the wide-ranging revisions in the academic program that the new degree structure required. Once Brandon University had been formally constituted in 1967, a need arose to expand and develop teaching staff, and King profoundly influenced the development of the institution through his choice of faculty. King also played an important role in expanding the library collection as Chair of the Brandon College Faculty Library Committee in the 1960s.

King retired in 1986; he was on full-time disability for the last seven years of his appointment due to complications arising from multiple sclerosis. In 1988, the University conferred on him "Emeritus" status.

Ralph F.B. King died June 3, 2002.

Lorne Watson was born ca. 1919 in Leamington, Ontario and is the founder and developer of the School of Music at Brandon University. Watson was admitted to the Toronto Conservatory of Music after an audition played for Sir Ernest MacMillan in 1938. He graduated from that institution with his L.T.C.M in 1940, winning the Conservatory Gold Medal. Further studies the following year took place in New York at the Mannes School of Music, under Rosalyn Tureck and James Friskin. Watson's studies were interrupted when he joined the R.C.A.F., where he became a radar specialist and later a signals officer. He was discharged in 1945. After the war, Watson took a B.A. (Honours Music) degree at the University of Toronto. Upon graduation in 1948, Watson accepted the position of Director of the Department of Music at Brandon College. He later attended New York University (1951) where he held a graduate fellowship and obtained an M.A. (Musicology). In 1961, Watson was awarded a Canada Council Arts Scholarship, which took him to Indiana University where he began work on his Doctor of Music degree.

Watson was the Director, and then the Dean of the School of Music from 1948-1980; from 1984-1991 he was director of the conservatory. During his time at Brandon College/University, he not only revived and expanded the program, he also revived and conducted the Brandon College Glee Club. Watson was a founder and conductor of the Brandon Choral Society and in 1964, he became one of the founders of the Canadian Association of University Schools of Music, serving as its Secretary, President and Chairman of the Council of Members Schools at various times. In addition to the above activities, he also gave piano recitals, played radio broadcasts and began an adjudicating career.

In 1996, he was the recipient of a Prix Manitoba Award in recognition for outstanding contributions to the arts. Watson received the award in the category of education and communication for his 50 years of leadership in the development of music education in Manitoba. At present (January 2006), Lorne Watson lives in Winnipeg.

## Lovstrom Block D 1987

Part Of: RG 7 Beverley Nicholson fonds  
Description Level: Sub sub series  
Series Number: 3.5.1  
Accession Number: 1-2010  
GMD: multiple media  
Date Range: 1987  
Material Details: Field journals have been scanned in multi-page PDF files. Artifact catalogues are PDF files in spreadsheet format. Photographs are in jpeg format.

### History /

#### Biographical:

Block D is a wooded with oak and an understory of saskatoon and hazelnut with a thick ground cover of poison ivy and sarsaparilla. Root and rodent disturbance was extensive.

Directed by Dr. Nicholson and with Jane Gibson as crew chief, two units were opened in Block D in 1987. A hearth was identified with a ring of stones containing charcoal and burnt bone. Recoveries included two rim sherds with tool-impressed decorations along the outer edge and two prairie side-notched points. Associated bone was primarily appendicular, indicating secondary butchering.

A radiocarbon date of 230+/-90 B.P. recovered in 1987 from 17 cm below surface is consistent with a Protohistoric occupation.

#### Scope and Content:

Sub-sub-sub series contains: Summary information of field methodology, number and co-ordinates of excavations, personnel and their staff position; Field journals are daily records of recoveries, features and activities at the site; Site records include excavation level and unit summaries, feature sheets, profiles; sample records and maps; Artifact catalogues are lists and identifications of all artifacts recovered; Photographs are of excavation units, features, the landscape and personnel.

### History /

#### Biographical:

Block D is a wooded with oak and an understory of saskatoon and hazelnut with a thick ground cover of poison ivy and sarsaparilla. Root and rodent disturbance was extensive.

Directed by Dr. Nicholson with Ian Kuijit as crew chief, five units were opened in Block D in 1988. Four units were excavated: 88, 91, 92 and 94. A feature in units 91 and 92 contained extensive deposits of large bison bone and fire-cracked rock. Several of the lower limb elements were articulated. Bone deposits were associated with numerous large fire-cracked rocks and were clustered in an area of one meter. Also recovered were a side-notched projectile point and two historic gun flints.

Judging from the association of the gun flints, projectile points, and bison bone, as well as the radiocarbon date of 230+/-90 B.P. recovered in 1987, it appears that this feature is from the Protohistoric period and related to refuse disposal.

History /  
Biographical:

Directed by Dr. Nicholson and with Jane Gibson as crew chief, two test units TU 107 and TU 108 were excavated six meters apart in 1987 and produced cultural materials which warranted a block excavation. Seven contiguous 1m2 units were opened in 1987 (XU 118, 119, 122, 123, 125, 126 (TU108) and 127). This block proved to be very productive of cultural remains. Large bison bone and fire-cracked rock indicated butchering/processing areas. Two bone tools, fabricated from scapulae were recovered. One is a bone knife – possibly a squash knife – and the other is a bifurcated scapula, which may have been a hoe.

History /  
Biographical:

Directed by Dr. Nicholson and with Ian Kuijt as crew chief, fourteen additional units were excavated in Block E in 1988. Stratigraphic evidence of distinct activity areas at successive depths and radiocarbon dates indicate at least three occupations (380 BP, 700 BP and 860 B P).

Three identified activity clusters occur stratigraphically, supporting these dated occupations. A clear distinction between Blackduck and Vickers Focus ceramics is evident in this Block. Sixteen small side-notched and un-notched points were recovered in this excavation series as well as numerous unifacial scrapers. Fragments from a grey soapstone tube were also recovered.
