Series V: Student Activities

<http://archives.brandonu.ca/en/permalink/descriptions9>

Part Of: Brandon University Photograph Collection

Description Level: Series

Series Number: V

Date Range: 1900-2000

Scope and Content:

This series contains five sub-series: I: Up to 1945, II: 1945-60, III: 1961-70, IV: 1971-80, V: 1981-2000. All sub-series consist of random shots of students at Brandon College and University, participating in various activities such as graduation banquets, dances, winter carnivals, and Shinerama, or just relaxing together. This series also contains a large photo album donated to the McKee Archives by Lenore (Gusdal) Dinsdale.

Series VI: Faculty Activities

<http://archives.brandonu.ca/en/permalink/descriptions2879>

Part Of: Brandon University Photograph Collection

Description Level: Series

Series Number: VI

Date Range: 1900-2000

Physical Description: Photographs (b/w & colour)

Scope and Content:

Series VI: Faculty Activities: This series contains eleven sub-series which consist of the various faculties at Brandon University such as sub-series I: Arts Activity, sub-series V: Education Activities, and sub-series VIII: Science Activity. These photos mainly consist of activities that deal with one specific faculty, for example, field trips taken by the science departments. There are also pictures of students and faculty members working in the classroom.

Series XII: Other University Activities

<http://archives.brandonu.ca/en/permalink/descriptions2885>

Part Of: Brandon University Photograph Collection

Description Level: Series

Series Number: XII

Date Range: 1950-2000

Physical Description: 250 Photographs

Scope and Content:

Series XII: Other University Activities: This series contains five sub-series: Alumni Activities, Baccalaureate Services, Board of Directors Activities, Drama, and W.U.S. Activities. This sub-series contains numerous photos of various activities from the Class of '34 Reunion, and Homecoming '95, '96, and '97.

Part Of: Fred McGuinness collection

Description Level: Series

Series Number: McG 5

Accession Number: 1-2015

GMD: textual records

Date Range: c. 1985 - 1990

Physical Description: Approximately 1.66 m of textual records

History /

Biographical:

See collection level description for history/biography for information on Fred McGuinness.

Custodial History:

Records in this series were acquired in four accruals and were in the possession of Fred McGuinness until their donation to the Archives.

Accession 18-2002 records were in the possession of Fred McGuinness until the publication of *Only in Canada*, a book on the history of the Kinsmen Club of Canada co-authored with BU history professor Ken Coates. In the course of writing the history, records of the Kinsmen Club in Canada were amassed at the McKee Archives and the research materials developed by Coates and McGuinness were simply added to the Kinsmen records circa 1987. The Kinsmen records have since been deaccessioned by the McKee Archives and transferred to Kin Headquarters in Ontario.

Accession 6-2008 contains records created and collected during the writing of the Provincial Exhibition book, *Pride of the Land*. Fred McGuinness, who co-authored the book with Ken Coates, donated these records to the McKee Archives circa 1988.

Accession 20-2009 contains records created and collected by Fred McGuinness over the course of his career as a newspaper journalist and during the research and writing period of the Brandon history book, *The Wheat City*. Records remained in his possession at his home until their transfer to the McKee Archives on July 28, 2009.

Accession 1-2015 contains records created and collected over the course of McGuinness' career as a newspaper journalist and freelance writer. The Estate of Fred McGuinness donated the materials to the SJ McKee Archives circa 2011. The Archives accessioned the records in 2015. This accession contains records for the following monographs: *Manitoba: The Province & The People* (1987); *The Keystone Province: Manitoba Enterprise* (1988); *The Wheat City* (1988); *The Chronicle of Canada* (1990); and *Old Pathways, New Horizons* (1995).

Scope and Content:

The series contains records created and collected by Fred McGuinness and writing partners during the production of seven of Fred McGuinness' monographs. Series has been divided into seven subseries, including: (1) *Pride of Land*; (2) *Only in Canada*; (3) *Old Pathways, New Horizons*; (4) *Manitoba: The Province & The People*; (5) *The Keystone Province: An Illustrated History of Manitoba Enterprise* (1988); (6) *The Wheat City*; and (7) *Chronicle of Canada*.

Records in the series consist of notes, drafts, correspondence and research materials in the form of photographs and photocopied newspaper clippings, journal articles and book chapters pertaining to Manitoba history.

Notes:	Information in the history/biography was taken from <i>Neighborhood News</i> column (#934, November 10, 1997)
	In the file level inventories, square brackets at end of file names reference the original location of the file in the unprocessed Fred McGuinness collection. The original location is also noted on the front of each file folder

History /

Biographical:

The publications in this series were collected by Fred McGuinness during the course of his career as a newspaperman. McGuinness' personal library contained over 500 volumes pertaining to local history. He regularly consulted these materials when writing his radio broadcasts, newspaper columns, and monographs. McGuinness was known to file related materials (e.g., correspondence, newspaper clippings, invitations) between book covers of various titles.

McGuinness donated a substantial portion of his personal library to Brandon University's John E. Robbins Library when he moved to River Heights Terrace (Brandon, Manitoba). That collection can be found in BU's library catalogue under the McGuinness local history collection. The titles McGuinness retained upon his move were donated to the McKee Archives by his estate in 2011.

Custodial History:

Accession 1-2015 contains records created and collected over the course of McGuinness' career as a newspaper journalist and freelance writer. The Estate of Fred McGuinness donated the materials to the SJ McKee Archives circa 2011. The Archives accessioned the records in 2015.

Accession 20-2009 contain records created and collected by Fred McGuinness over the course of his career as a newspaper journalist and during the research and writing period of the Brandon history book, *The Wheat City*. Accession 6-2008 contains records created and collected during the writing of the Provincial Exhibition book, *Pride of the Land*. Fred McGuinness, who co-authored the book with Ken Coates, donated these records to the McKee Archives circa 1988. The materials relating to Souris, Manitoba, were given to McGuinness by Kay Sullivan in August 2007, and were subsequently deposited in the Archives.

Scope and Content:

This series contains publications collected by Fred McGuinness during the course of his lifetime as a newspaperman. McGuinness was a well-known local history enthusiast and frequently wrote about Brandon's local history. Many of his readers forwarded booklets and pamphlets for his consideration and review.

Materials in this series include books, booklets pamphlets, periodicals, newspapers and maps. Subjects include, but are not exclusive to: the city of Brandon, the town of Souris, memoirs, family histories, Canadian Pacific Railway, and local businesses.

BC 15: Brandon College library

<http://archives.brandonu.ca/en/permalink/descriptions4291>

Part Of: RG 1 Brandon College fonds

Description Level: Series

Series Number: 15

GMD: textual records

Date Range: 1912-1967

Physical Description: 33 cm

History /

Biographical:

From the very beginning, Brandon College has maintained library services for its students. A professor was put in charge of the library, although in the beginning it was little more than an empty shelf in a cabinet. As it grew, there became more of a need for an administrative body. A Library Committee was created in order to keep the library running smoothly. With the construction of the A.E. McKenzie Building in 1960 came a permanent resting place for the Brandon College Library.

Scope and Content:

The records include a 3 cm book of Library of Congress Card Orders of Recent Publications from 1957 to 1960. As well, there are applications for employment, minutes from the Library Committee and Sub Committees. There is also correspondence from the Director of Library Services and accession records.

Series has been divided into three sub-series, including: (1) Minutes; (2) Director of Library Services; and (3) Library Accession Records.

Storage Location: RG 1 Brandon College fonds
Series 15: Brandon College Library

The importance of knowledge and education to the Manitoba Wheat Pool is made clear in the *The Scoop Shovel*, the official organ of the Manitoba Wheat Pool and other co-operatives in Manitoba. Established in the 1920s, *The Scoop Shovel* owed its existence to a decision by the directors of the Pool to set aside small percentage of income per bushel for educational purposes. R.A. Hoey began to hold meetings to discuss the idea that the Pool was about more than just marketing grain, and in 1926 a Department of Education and Publicity was organized within the Pool. It was directed by J.T. Hull and advised by R.A. Hoey; they expanded and supervised *The Scoop Shovel*.

They also began to accumulate the educational volumes that would become the Pool library. Hull announced in November of 1926 that the library would be open by the end of the month and reported that: "We have a good representation of works on sociology... On co-operation we have about every book that we can find published in the English language. We have also a good selection of books on economics, history, science, general literature, and rural life. In a word, we have tried to make the library one of usefulness to people whose life is on the land."

He also encouraged Pool members—who were the only ones allowed to use the library at this time—to utilize the library to educate themselves, saying "Use it, for knowledge is power". Once the library was open to all Pool members, Hull wrote a regular column for *The Scoop Shovel* called "In the Library", in which he would review books and recommend reading in response to frequent questions from members. When the library gained new books, which was almost continually, he would list them and sometimes discuss them.

The library service was a mailing one; the main collection was kept at the Manitoba Wheat Pool central office in Winnipeg and members could request a catalogue of all the library holdings. If they wanted to borrow a book or books on a specific topic, they could write to Hull and the books would be mailed out to the member and returned by mail, all postage costs covered by the Pool Library.

During the crisis of the early 1930s, the library was saved because the Manitoba Co-operative Conference believed it was vital to the success of the Pools and the co-operative movement. The Conference took over administration of the Pool library in 1931, leasing the books and equipment from the Wheat Pool. The library was formally incorporated under a charter after it changed hands, the other charter members being the Co-operative Marketing Board and the United Farmers of Manitoba.

In 1935 the service was made available free of charge to all rural Manitobans with the financial support of the Co-op Marketing Board. By 1939, Manitoba Pool Elevators had begun to prosper again, and took back responsibility for the administration and housing of the library. The traveling library was also established around this time, and hundreds of boxes were distributed to all MPE points. The boxes were rotated and refreshed twice a year.

In 1942 Hull estimated that there were approximately 4,700 books in the Pool Library with an annual circulation of 4,000 to 5,000 books. Operating the library cost around two thousand dollars per year, although the cost was split between the members of the Manitoba Co-operative Conference, at least it was in theory. The Pool library ran as a free service to all rural Manitobans, regardless of whether they were members of the Pool, and the federal government census in 1941 indicates that over half of Manitoba's population (56%) still lived in rural areas. In 1948, the majority of the Pool Library's services were rendered unnecessary by an act called the "Public Libraries Act" that had been passed by the Manitoba legislature on April 22, 1948, and would go into effect July 1, 1948. The act provided for the establishing of a provincial "Public Library Advisory Board" that would be appointed by the government. Once the board had been established, the act allowed for the establishment of municipal and regional libraries that would be the administrative responsibility of the municipality or region they served and would be supported by a land tax levied on the population that would have

they served and would be supported by a land tax levied on the population that would have access to the library. All employees of the central provincial library would be considered civil servants.

When the Provincial Library was being established in 1949, the Minister in charge of education—Ivan Shultz—actively sought both the advice of those who operated the Pool Library and the physical resources of the Library. In a letter to W.J. Parker, the President of Manitoba Pool Elevators, Shultz wrote that: "We find that in looking at the province as a whole that the box library service of the Manitoba Pool Elevators is the best developed and the best distributed within the province... We would feel that to a considerable extent you had pioneered in this field and we would be using your accomplishments as a springboard for a wider coverage of the province and an enlargement of the service."

He also requested that Miss E.L. Shields—the Pool Librarian—be released from Pool employment so that the Provincial Library could hire her for a year to aid in setting up the new library system.

An agreement was reached between MPE and the Provincial Library, and the bulk of the Pool Library was transferred to the province. The Pool retained the volumes it wished to keep as reference for its employees, and donated the rest of the open shelf library to the province. The traveling library service was sold at a discount to the province, with the caveat that service not be interrupted during the transfer and that the quality of service to rural Manitoba not diminish once the Library had been entirely transferred to the government. In a letter to Ivan Shultz after the agreement to sell the traveling library had been reached, W.J. Parker wrote that: "...Manitoba Pool Elevators has maintained an open shelf library for a period of some twenty years. These books have been made available to anyone in Manitoba, outside the City of Winnipeg, and the postage both ways was paid by the Pool. We feel it has served a very useful purpose, but that it is not primarily our function and if the government proposes to offer a more complete and universal service we are prepared to retire from the field and avoid what might be considered unnecessary duplication."

Scope and Content:

Series contains items once held as part of the Manitoba Pool Library. It has been divided into the following four sub-series: (1) MPE E 1 Manitoba Pool Library publications; (2) MPE E 2 The Scoop Shovel; (3) MPE E 3 The Manitoba Cooperator; and (4) MPE E 4 Pamphlet collection.

Crepeele locale Radiocarbon Dates. C14 report by IsoTrace Laboratory for Crepeele site 2005 XU 8.

From 2003 to 2008 field work took place at the Crepeele locale with 75 - 1m x1m units excavated.

To help establish the cultural sequence at the locale Radiocarbon dates were obtained from the three sites in the Crepeele locale.

Radiocarbon dating

The technique of radiocarbon dating was developed by Willard Libby and his colleagues at the University of Chicago in 1949.

Radiocarbon dating is used to estimate the age of organic remains from archaeological sites. Organic matter has a radioactive form of carbon (C14) that begins to decay upon death. C14 decays at a steady, known rate of a half life of 5,730 years. The technique is useful for material up to 50,000 years. Fluctuations of C14 in the atmosphere can affect results so dates are calibrated against dendrochronology. Radiocarbon dates are calibrated to calendar years.

Dates are reported in radiocarbon years or Before Present. Before Present refers to dates before 1950. The introduction of massive amounts of C14, due to atomic bomb and surface testing of atomic weapons, has widely increased the standard deviation on all dates after A.D. 1700 causing these dates to be unreliable.

Accelerated mass spectrometry can more accurately measure C14 with smaller samples and can date materials to 80,000 years.
