History /

Biographical:

The structure of the Manitoba Pool Elevators from its beginning in 1925 until its restructuring in 1968 placed importance in the principle of democracy. The company was run from the local associations, the central office acting as a hub that facilitated communication between all the locals and between the locals and the selling agencies. The central office was not powerless, but important decisions or by-laws could not be made without the consent of the majority of the locals.

After the restructuring of MPE in 1968 the central office took on more responsibilities. It became the top of the administrative structure and instead of members belonging to their local elevator, they were now direct members of MPE. This administrative structure continued until the 1998 merger with the Alberta Wheat Pool to form Agricore.
