ARCH 2: North Lauder Locale

The North Lauder locale has a long archaeological and geological history that is important for understanding the forces that shaped the region. Archaeological research in the locale shows that the area has been occupied by humans for at least the past 6,500 years. Environmental forces provided an area of diverse resources that attracted early peoples.

Environment of the Lauder Sandhills

The North Lauder locale is part of the greater Lauder Sandhills area. The glaciers that covered this region began to recede approximately 11,000 years ago leaving a large lake known as glacial Lake Hind. The Souris River, the Lauder Sandhills and the Oak Lake Aquifer are remnants of the environmental and geological forces that shaped the region.

The Lauder Sandhills region is characterized by a landscape of sand sheets and stabilized sand dunes interspersed with a variety of wetlands. This complex topographic and hydrological situation favoured the development of an island mosaic of mixed forest, wetland and meadow, surrounded by mixed grass prairie. The result was a large, isolated ecotone which provided a rich variety of subsistence resources for hunter-gatherers.

Research in the Lauder Sandhills

Archaeologists from Brandon University have been conducting research in the Lauder Sandhills since 1991. Research in the North Lauder locale has focused on the Atkinson site, a 6,500 year old hunter-gatherer site and Flintstone Hill.

The Atkinson site

The Atkinson site is one of the oldest excavated sites in Manitoba and has been Radiocarbon dated to 6,500 years before present. The Atkinson site is located on the bank of the Souris River and was discovered when a hearth (fire pit) was seen eroding out of the bank. Based on the date of the site and the kind of lithics (stone tools) present it is considered a Gowen occupation. The Atkinson site is evidence that bison hunters were active on the northern plains at a very early date. Similar sites have also been found on the High Plains in the U.S. and are referred to as the Mummy Cave Complex.

The Atkinson Site is of great importance as it is the first undisturbed site of this type to be excavated in Manitoba and extends the range of these sites south and east from the type-sites in central Saskatchewan.

Flintstone Hill

The geomorphology of the glacial Lake Hind Basin over the past 11,000 years is known primarily through the study of a cut bank along the Souris River. Flint Stone Hill contains the most complete stratigraphic record for the post-glacial period on the northern plains. The site has been extensively studied by geoarchaeologists, geologists and paleoenvironmentalists over many years and their findings have contributed to our understanding of the region.

The North Lauder locale Borden designations of Atkinson site DiMe-27 and Flintstone Hill site DiMe-26.

Borden System

Archaeological sites in Canada are identified by the Borden system, which is a uniform site designation system. The country is divided into grids based on latitude and longitude in blocks of 10 x 20 minutes. The first 4 letters indicate the block and the following numbers indicate the actual site. For example the area of the Lauder Sandhills in southwestern Manitoba is identified by the letters DM and the North Lauder locale within that area is DiMe. The Atkinson site is DiMe-27 and the Flintstone Hill site DiMe-26. As new sites are discovered they will be numbered sequentially.

History /

Biographical:

The Office of the Registrar was created in 1910. The person in the Registrar's position was in charge of many aspects of administration. The Registrar was to be drawn from the united departments of Arts and Theology and had four main functions:

1. To have charge (in conference with the President) of all correspondence with prospective students and with previously registered students of the College, in respect to courses of study.
2. To receive students from the Heads of the several Faculties, these Heads of Faculties having indicated by card the department and to register the student and furnish him with a card to the Bursar of the College indicating the fees called for by the course or courses of study, for which the student is registered.
3. To record the class standings of students from the reports furnished by the instructors.
4. To furnish the President with certified copies of such reports as are called for by the terms of affiliation with McMaster, or as he may otherwise require.

Along with these specific functions the Registrar was an officer of the Board of Directors, the Executive, an ex-officio member of the Senate and College Council. The Registrar also acted as the liaison between Brandon College and McMaster University. Following the "Act to Incorporate Brandon College Incorporated" in 1939, the Registrar became Secretary of the

Senate and liaison between Brandon College and the University of Manitoba. From the period 1910 to 1967 there was no less than ten Registrars, many of them also taking on the task of Bursar.

BRANDON COLLEGE REGISTRARS:

S.J. MCKEE (1910-1920)

Information on S.J. McKee can be found under the heading MG 1 Brandon College Teaching and Learning.

S. EVERTON (1920-1923)

No biographical information yet.

L.S. JOHNSTON (1923-1924)

No biographical information yet.

CYRIL F. RICHARDS (1924-1935)

Cyril Fuller Richards was born in Dunedin, New Zealand. He came to America in 1905, taking his college preparatory work at the academy of Linfield College, McMinnville, Oregon. Richards spent seven years at Linfield College, four as he earned his B.Sc. and three as an instructor in biology. During that time he also became a naturalized American citizen and married Alice Louise Wood. Together they had one child, Margaret Ruth, who died in 1943.

After leaving Linfield College, Richards obtained his Bachelor of Divinity degree from Colgate-Rochester Divinity School. In 1924, he joined the faculty of Brandon College as Registrar and Professor of Psychology and Philosophy. Richards left the Registrar position in 1935 to take over as College Dean. During his years at Brandon College, he also received his M.A. from the University of Manitoba (1935).

In 1937, Richards accepted the position of Dean of Men at Denison University in Granville, Ohio. Richards held this position until 1945, having been appointed Dean of the College there the preceding year. In 1950-1951, he served as acting President of Denison, becoming Vice-President following the appointment of the new president. Richards received an honorary doctor of humane letters degree from Linfield College in 1947.

Cyril Fuller Richards died in September 1954 at the age of 59 in Granville, Ohio.

M.S. DONOVAN (1935-1936)

No biographical information yet.

N. KEITH MCKINNON (1936-1938)

Information can be found under the heading Office of the Bursar.

H. STEWART PERDUE (1938-1948)

Information on Dr. Perdue can be found under the heading Office of the College Dean.

D.R. MACKAY (1948-1962)

D.R. MacKay was born in Weyburn, Saskatchewan. He graduated from Brandon College in 1939. MacKay served in the Canadian Army in Canada and Overseas from 1940 to 1947. He

was appointed Registrar/Bursar in 1948. MacKay also served as Comptroller, Public Relations Officer, Director of Development and Secretary to the Board of Governors. He remained as Bursar until after Brandon College became Brandon University. He received the Alumni Award in 1974, and the Distinguished Service Award in 1981. MacKay retired in 1984, then served on the Brandon University Foundation Board of Directors. He died on April 1, 1990.

NORMA E. WALMSLEY (1962-1964)

Dr. Walmsley served in the Royal Canadian Air Force Women's Division in World War II. At the time she became Registrar she was an Associate Professor of Political Science. In 1964, Walmsley resigned as Registrar to accept a position on the Research Branch of the Royal Commission on Bilingualism and Biculturalism.

L.F. PELTZ (1965-Brandon University)

No biographical information yet.

Scope and Content:

This series is primarily correspondence between the Registrar of Brandon College and various other people. The letters deal with students, examinations, curriculum, scholarships, and tuition. The Registrar was the liaison between McMaster University and the University of Manitoba when dealing with subject matter during the time that Brandon College was affiliated with these schools. There is a great deal of correspondence between the Brandon College Registrars and the Registrars from these schools. The series also includes correspondence to students from the Registrar regarding room and board at the College. Student and class standings are also included in this collection. Most of the student records are arranged alphabetically by year.

Physical Description: 7 cm

The Seed Marketing Company Ltd. was located at P. O. Drawer 1885, Winnipeg, Manitoba, and, later, at 382 Maryland Street, Winnipeg. Created by the A. E. McKenzie Co. Ltd., this company was incorporated under Dominion Charter by Federal Letters Patent, dated March 18, 1930. As well, the company was registered only in Manitoba under the provisions of the Manitoba Companies Act.

A. E. McKenzie made the application for the charter under the name A. E. McKenzie Co. Ltd. and, from 1933, the Board of Directors was made up of employees of A. E. McKenzie Co. Ltd. Although the authorized capital stock of the company was 500 no par value shares, only 50 of these were issued and allotted at a price of \$10 per share.

According to a letter written by A. E. McKenzie to the Acting Director, Department of the Secretary of State, Companies Division, Ottawa, Ontario, the company was created with a specific purpose in mind. During the years 1930-1933, A. E. McKenzie Co. Ltd. accumulated a large quantity of oats for seeding purposes, at a time when crops were generally poor due to extended drought. These seeds, as well as wheat, barley and flax were supplied to farmers on a signed order in the name of Seed Marketing Co. Ltd. Parties, either individuals or municipalities, took a "Seed Grain Mortgage" from the Seed Marketing Co. as a method of payment. This enabled the farmers, who had little or no money, to plant crops. Presumably following harvest the mortgage was paid off.

On the whole the idea of supplying distressed farmers with seed through a Seed Grain Mortgage was fairly successful. In addition to selling the seed directly to the farmers, seed was also sold to rural municipalities, from whom payments were assured. The municipalities, in turn, assumed responsibility for payment from the farmers to whom they had supplied the seed purchased from the Seed Marketing Company.

The original Board of Directors was as follows: A. B. Downing, J. L. Lowes, F. B. Roberts, F. C. Thompson, and J.A. Young. Each received 1 share each in the company. H. J. Morden, a former member of the Corporation, held the other 45 shares from Winnipeg.

From 1933-1936, J. A. Young was President of the company. Following his death in 1936, the position was given to A. B. Downing, who acted as President of the Seed Marketing Company until illness forced him to step down in 1959. In 1960, J. L. Lowes became President, and the following members of A. E. McKenzie Co. Ltd. became Directors: R. R. West, Miss E. A. Yeo and J. R. McPhail.

The Seed Marketing Company had been kept alive under its original charter in case A. E. McKenzie Co. Ltd. might have cause to use it for some other purpose. Eventually, the company was considered in default by the federal government for neglecting to fill Annual Returns for the year 1962. At that time, the company was informed that it was no longer considered a subsisting corporation, and, as such, was no longer entitled to the sole use of its corporate name. That same year, A.E. McKenzie Co. Ltd. relinquished interest in the Seed Marketing Company Ltd., and the remaining Directors resigned their positions.

The name "Seed Marketing Co. Ltd." was also used by A. E. McKenzie Co. Ltd. on two other occasions. Around 1948, the name was used in Ontario under authority of an Extra Provincial License from the Province of Ontario, especially in labeling cartons of a Lawn Grass mixture to meet price competition in Quebec, the Maritimes and Towers Discount Department Stores.

Prior to 1948 the name was used to in the purchase of Forage Crop Seeds in northern Manitoba, Saskatchewan and Alberta.

Custodial History:

See fonds level description of custodial history of A. E. McKenzie Seed Co. Ltd.

Scope and Content:

This series includes minutes from meetings of the Board of Directors and shareholders of the company. It also includes correspondence between McKenzie, Lowes, Wm. Johnson, the Department of the Secretary of State, W.E. Chiswell - Comptroller for McKenzie Seeds, Robert Steen and various other individuals dealing with the incorporation of the company, its charter and letters of patent. Some of the records deal with the failure of the company to file annual returns for the years 1963 and 1964. The series also contains financial records including annual summaries/reports, corporation income tax returns, and return of information and particulars under the Manitoba Companies Act.

Also included within the series is a book (27.5 x 38 x 3 cm) containing the letters of patent incorporating the Seed Marketing Co., the general by-laws of the company, and minutes from meetings of its Board of Directors.

Introduction

Information on archaeological materials in this locale first came to the attention of Dr. Nicholson through Doug Jackson, a local artifact collector from Souris. Doug had observed archaeological materials that included bone, ceramics and lithic material that had been exposed by municipal road building activity, northwest of Lauder Manitoba

Environment

The Makotchi-Ded Dontipi locale is located among stabilized sand dunes in the Lauder Sandhills in Southwestern Manitoba, northwest of the village of Lauder. The area is a mosaic of medium grass prairie and copses of aspen poplar and aspen-oak, together with intermittent sedge grass marshes and small ponds. These wetlands are bordered with balsam poplar, water birch, willows and red osier dogwood.

The well-drained upland forest also contains saskatoon, chokecherry, wild current, hazelnut bushes and occasional wild plums. Lowland areas have nannyberries and high-bush cranberry. Wild strawberries grow in lightly shaded areas along trail margins and in open patches in aspen forest.

History of Excavations

The Makotchi-Ded Dontipi locale is a virtual "island" of forest and marshlands in a vast expanse of mixed grass prairie. This archaeologically and environmentally rich area was given the Dakota name Makotchi-Ded Dontipi, meaning "the place where we live".

Summation

Prior to European settlement, the area was a rich environment for hunter-gatherer people. Archaeological investigations from 1992 to 2002 have revealed numerous sites within the locale. Some of these sites have been extensively excavated while others have been identified or tested.

Seven sites that have been identified in this locale range in age from the historic through protohistoric periods and extend into the middle precontact period. The major sites are the initial Middle Missouri Duthie site, the late precontact Jackson, Bradshaw sites and the protohistoric Twin Fawns, Schuddemat and Hollow B sites. The multi-component Vera site includes historic Métis, late precontact Vickers Focus, and middle precontact Besant, Pelican Lake, McKean Complex and Oxbow occupations. Over 230 units were excavated as well as numerous test pits and several extensive surveys.
