ARCH 2: North Lauder Locale

The North Lauder locale has a long archaeological and geological history that is important for understanding the forces that shaped the region. Archaeological research in the locale shows that the area has been occupied by humans for at least the past 6,500 years. Environmental forces provided an area of diverse resources that attracted early peoples.

Environment of the Lauder Sandhills

The North Lauder locale is part of the greater Lauder Sandhills area. The glaciers that covered this region began to recede approximately 11,000 years ago leaving a large lake known as glacial Lake Hind. The Souris River, the Lauder Sandhills and the Oak Lake Aquifer are remnants of the environmental and geological forces that shaped the region.

The Lauder Sandhills region is characterized by a landscape of sand sheets and stabilized sand dunes interspersed with a variety of wetlands. This complex topographic and hydrological situation favoured the development of an island mosaic of mixed forest, wetland and meadow, surrounded by mixed grass prairie. The result was a large, isolated ecotone which provided a rich variety of subsistence resources for hunter-gatherers.

#### Research in the Lauder Sandhills

Archaeologists from Brandon University have been conducting research in the Lauder Sandhills since 1991. Research in the North Lauder locale has focused on the Atkinson site, a 6,500 year old hunter-gatherer site and Flintstone Hill.

#### The Atkinson site

The Atkinson site is one of the oldest excavated sites in Manitoba and has been Radiocarbon dated to 6,500 years before present. The Atkinson site is located on the bank of the Souris River and was discovered when a hearth (fire pit) was seen eroding out of the bank. Based on the date of the site and the kind of lithics (stone tools) present it is considered a Gowen occupation. The Atkinson site is evidence that bison hunters were active on the northern plains at a very early date. Similar sites have also been found on the High Plains in the U.S. and are referred to as the Mummy Cave Complex.

The Atkinson Site is of great importance as it is the first undisturbed site of this type to be excavated in Manitoba and extends the range of these sites south and east from the type-sites in central Saskatchewan.

#### Flintstone Hill

The geomorphology of the glacial Lake Hind Basin over the past 11,000 years is known primarily through the study of a cut bank along the Souris River. Flint Stone Hill contains the most complete stratigraphic record for the post-glacial period on the northern plains. The site has been extensively studied by geoarchaeologists, geologists and paleoenvironmentalists over many years and their findings have contributed to our understanding of the region.

The North Lauder locale Borden designations of Atkinson site DiMe-27 and Flintstone Hill site DiMe-26.

#### Borden System

Archaeological sites in Canada are identified by the Borden system, which is a uniform site designation system. The country is divided into grids based on latitude and longitude in blocks of 10 x 20 minutes. The first 4 letters indicate the block and the following numbers indicate the actual site. For example the area of the Lauder Sandhills in southwestern Manitoba is identified by the letters DM and the North Lauder locale within that area is DiMe. The Atkinson site is DiMe-27 and the Flintstone Hill site DiMe-26. As new sites are discovered they will be numbered sequentially.

#### Scope and Content:

The Series has been divided into two sub-series, including (1) Atkinson site DiMe-27 and Flintstone Hill site DiMe-26.

Name Access: North Lauder locale  
Subject Access: Archaeology  
Atkinson site DiMe-27

#### Arrangement:

## BC 2: Office of the principal/president

<http://archives.brandonu.ca/en/permalink/descriptions4238>

Part Of: RG 1 Brandon College fonds

Description Level: Series

Series Number: 2

GMD: textual records

Date Range: 1899-1967

Physical Description: 13 m

History /

Biographical:

The Office of the President of Brandon College was established in 1899 under the title of Principal. The Principal was the head of the Academic Department and the Administrative body. In 1910, the position of Principal was changed to the position of President. There is no documented reason given for this change, but it was consistent with other universities and colleges at the time. When the institution was first organized in 1899, the role of the Principal was quite varied. It was the Principal who acted as both Registrar and Bursar, in addition to his duties as head of administration. The Principal also acted as a professor. It was the Principal who kept the college in contact with the Baptist Union. The Principal also acted as the liaison between the Board of Directors and the Senate, being an ex-officio member of both. In 1910, the roles of Registrar and Bursar were no longer the responsibility of the President. In the 1920's the President became increasingly involved with fundraising and traveled extensively in search of financial support.

In 1938, following the "Act to Incorporate Brandon College Incorporated," the Board of Directors, under by-law #1, assigned the President with "the internal management of the business of the Corporation insofar as it relates to the students, teaching and office staff shall be under the direct supervision of the President, subject to the order of the Board." In 1965 the President's Office was created, consisting of the President, Executive Assistant to the President (later Deputy to the President), and Secretary to the President who was also the Public Relations Assistant. From 1899 until 1967 the Office of the President was administered by six different men.

Scope and Content:

Series consists of records generated and collected by various presidents. The series has been divided into six sub-series, including: (1) Dr. Archibald P. McDiarmid; (2) Dr. Howard Primrose Whidden; (3) Dr. Franklin W. Sweet; (4) Dr. David Bovington; (5) Dr. John Robert Charles Evans; and (6) Dr. John E. Robbins.

Date Range: 1910-1975

Physical Description: 2.47 m

## History /

### Biographical:

The offices of the President and General Manager were established in 1896 with the creation of A. E. McKenzie Seed Co. Ltd. These positions were held jointly by the one officer of company until 1975, when the Board of Directors of the Company divided the two positions, thereby relieving the President from management of plant operations.

Under the General By-Laws of the Company, the President, when present, presided over all Board of Directors meetings. He also signed all documents that may have required his signature and performed any other duties assigned to him by the board. The President exercised general supervision and control over the business of the Company and performed such duties as are usually associated with the office of President or Chief Executive officer of a company.

The General Manager had full power and authority to manage and direct the business and affairs of the Company. He was also responsible for employing and discharging agents and employees of the Company. After A.E. McKenzie gifted the majority of his company shares to the Government of Manitoba in 1945, the General Manager remained responsible for all operations of the Company. However, the General Manager found himself accountable to a Board of Directors comprised mainly of government appointees.

A. E. McKenzie held the offices of President/General Manager from 1896 until his death in 1964, at which time J. Lasby Lowes succeeded him. Following Lowes' retirement in 1968, A.R. Swanson was appointed by the government to fill the positions. Anthony J. Maruca became President of A.E. McKenzie Co. Ltd. in 1972. In 1975, the Board of Directors appointed William Moore the first individual to hold the position of General Manager without also occupying the President's office. At the same time, Mr. Pat Kelleher was named the new interim President. Following Kelleher's resignation, Moore was appointed President of the company. Keith Guelpa became President around 1984 following Moore's departure from the company to face criminal charges arising from his activities as an officer of the company. Raymond West assumed the position after Guelpa's departure.

### Custodial History:

See fonds level description of custodial history of A. E. McKenzie Seed Co. Ltd.

### Scope and Content:

Series consists almost entirely of records and documents generated by the first two President/General Managers of A.E. McKenzie Seed Co. Ltd. In addition to the records created by A.E. McKenzie and J. Lasby Lowes in their capacity as President/General Manager, records pertaining to the various properties owned by the Company are also included. The series also contains marketing documents, including catalogues and sales literature, as well as a reference library comprised of twenty titles dealing with business and the seed industry and some records dealing with the President/General Managers following Lowes' retirement.

The series has been divided into seven sub-series, including: (1) A.E. McKenzie; (2) J. Lasby Lowes; (3) Comptroller; (4) Properites; (5) Marketing; (6) Reference Library; and (7) Miscellaneous Publications/Correspondence.

Description Level: Series  
Series Number: 2  
GMD: multiple media  
Date Range: 1939-1991; predominant 1967-1987  
Physical Description: 3.65 m  
History /  
Biographical:

The Board of Governors of Brandon University is a body established by the Brandon University Act (1998), a statute of the Province of Manitoba. The Act vests in the Board the authority for governing Brandon University. The members of the Board of Governors, as trustees, hold the University in trust for the people of the Province of Manitoba. Responsibilities for maintaining this trust include: selection of a president, monitoring his/her performance, providing guidance to the University via its policies, and often delegating authority to the administration.

The Board of Governors is a collective representing the entire community (both internal and external of the University). As a collective, the Board of Governors is responsible for ensuring the financial stability of the institution and for seeing that the overall plans of the institution are consistent with the institution's philosophy, goals, and financial resources.

### Scope and Content:

Fonds consists of records generated and collected by the Brandon University Board of Governors in the course of performing its functions. The fonds is divided into six sub-series, including: (1) Documents; (2) Board Executive; (3) General Board agendas, minutes and packages; (4) Correspondence and subject files; (5) Board of Governors' committees; and (6) Board projects.
