## Flintstone Hill 1998-2000

<http://archives.brandonu.ca/en/permalink/descriptions12290>

Part Of:	RG 7 Beverley Nicholson fonds
Description Level:	Sub sub series
Series Number:	2.2.2
Accession Number:	1-2010
GMD:	multiple media
Date Range:	1998-2000
Material Details:	Field journals have been scanned in multi-page PDF files. Artifact catalogues are PDF files in spreadsheet format. Photographs are in jpeg format.

### History /

#### Biographical:

In 1998, 1999 and 2000 further testing took place on Flintstone Hill. Five test units were excavated and a series of small exploratory tests took place. Recoveries included: lithics, soil samples, fire-cracked rock, charcoal, and bison bones.

Unfortunately, despite the encouraging radiocarbon dates and scattered recoveries there was no area where extensive excavations were feasible. The unstable nature of the river bank with frequent spring flooding and erosion of the dunes has impacted potential sites.

#### Scope and Content:

Sub-sub-sub series contains: Summary information of field methodology, number and co-ordinates of excavations, personnel and their staff position; Field journals are daily records of recoveries, features and activities at the site; Site records include excavation level and unit summaries, feature sheets, profiles; sample records and maps; Artifact catalogues are lists and identifications of all artifacts recovered; Photographs are of excavation units, features, the landscape and personnel.

## School of psychiatric nursing (BMHC)

<http://archives.brandonu.ca/en/permalink/descriptions4066>

Part Of:	School of Health Studies
Description Level:	Sub sub series
Series Number:	7.5.4
Accession Number:	9-2000

GMD: multiple media  
Date Range: 1900-1989; predominant 1920-1980  
Physical Description: 3.85 m textual records; 880 photographs (220 negatives); 26 slides  
Physical Condition: Good

History /

Biographical:

The Brandon School of Nursing was established in 1921, at the Brandon Hospital for Mental Diseases (hereafter B.H.M.D.). It was first alluded to in 1913, when the Superintendent of the B.H.M.D., J.J. McFadden, recommended it as a means of enhancing the reputation of the hospital. In 1919, the Canadian National Committee for Mental Hygiene released a highly critical report on the state of custodial institutions for the mentally ill in Canada that paved the way for reforms such as the establishment of psychiatric nursing schools. In 1920, the new superintendent, Dr. Charles A. Baragar, in his first annual report, again mentioned the need for trained nurses and instructional facilities in which to train them. Lectures began at B.H.M.D. in October of 1920 for attendants and nurses, but they were not compulsory and were not part of a formal program of studies. This was followed in 1921 with the establishment of the School of Nursing through which courses were offered beginning in 1922. The program consisted of a two year Mental Nurses Diploma Course, and a shorter "demonstrative" course that was required for all employees of the B.H.M.D. who elected not to enroll in the diploma course. The Class of 1923 was the first class of graduates from the Brandon School of Nursing. They were, by all accounts, the first graduates in all of Western Canada with a diploma in Mental Nursing. In 1924, wages at the B.H.M.D. were adjusted to take into account the completion of formal training in psychiatric nursing. In 1925, a short lived affiliation with the St. Boniface General Hospital in Winnipeg, that ended in 1927, was begun. That year also saw the beginning of a graduate studies course. In 1930, the diploma course grew to a three year program. In 1986, as many aspects of the B.H.M.D. - now referred to as the B.M.H.C. (Brandon Mental Health Center) - were phased out in favor of community based care, the B.M.H.C. School of Nursing was incorporated into Brandon University's School of Nursing, which began to offer a 2 year Post-Diploma Degree in Nursing and Mental Health.

Custodial History:

This fonds was accessioned by the McKee Archives in 2000. Prior custodial history is unknown.

Scope and Content:

Sub sub series consists of a collection of records dealing with the history of the School of Nursing at the Brandon Mental Health Centre. The records consist primarily of administrative documentation created by the school dealing with various internal issues, such as student recruitment, graduation services - including an almost complete collection of graduation programs - and records dealing with the behavior of the students. Administrative records also refer to external issues faced by the B.H.M.D. as a whole, such as its burgeoning patient population and the constant problem of adequate accommodations for patients, staff, and student nurses. The collection also includes staff recollections, and correspondence from within and from outside of the B.H.M.D. Also included are documents relating directly to the history of the School of Nursing and of the B.H.M.D. as a whole. A smaller amount of curriculum materials, including instruction manuals, notebooks, and hand-written lecture notes are also included. Publications from within the B.H.M.D., including "The Opinion" from 1970-1990, and the "The Ego" 1956 - 76 (seven editions) are also included, as well as a collection of outside publications dealing with psychiatric nursing, mental diseases, medical ethics, and heredity. Fonds also includes medical dictionaries and handbooks of different nursing institutions such as the Victorian Order of Canadian Nurses. Lastly, the collection includes approximately 880 photographs, 220 negatives, and 26 slides, that provide a graphic portrayal of the history of the Brandon Mental Health Centre.

Notes: A detailed inventory for the textual records exists. An inventory for the photo collection is also available. The description for this sub sub series was written by Mike White (2002).

Name Access: Brandon Mental Health Center
