## The Medicine Hat News

<http://archives.brandonu.ca/en/permalink/descriptions13661>

Other Title Info: Title based on the contents of the subseries

Part Of: Fred McGuinness collection

Description Level: Sub-series

Series Number: McG 2.1

Accession Number: 1-2015

GMD: textual records

Date Range: c. 1955 - 1965, 1988

Physical Description: Approximately 50 cm of textual records

### History /

### Biographical:

Fred McGuinness worked with The Medicine Hat News for 10 years, starting in 1955, when he was hired as an assistant to the paper's publisher. In 1958, he was promoted to publisher of the newspaper. At the same time McGuinness was also appointed vice-president of Southam Company Limited. Based in Toronto, Southam Company Limited was the parent organization that oversaw the Southam Printing Company (Toronto and Montreal) and the publication of a number of weekly newspapers, including The Ottawa Citizen, The Hamilton Spectator, The Winnipeg Tribune, The Calgary Herald, The Edmonton Journal, The Vancouver Province and The Medicine Hat News. In addition to his administrative duties, while with The Medicine Hat News, McGuinness authored a column titled, "The Lighthouse." In November of 1965, he resigned as publisher and moved with his family to Winnipeg where he was appointed manager of the New Personnel and Information Division with James Richardson and Sons.

In 1988, McGuinness was hired by The Medicine Hat News to write a 20 article feature about his reminiscences of Medicine Hat. McGuinness referred to this collection of stories as "Hat Memoirs."

### Custodial History:

Accession 1-2015 contains records created and collected over the course of McGuinness' career as a newspaper journalist and freelance writer. The Estate of Fred McGuinness donated the materials to the SJ McKee Archives circa 2011. The Archives accessioned the records in 2015.

### Scope and Content:

The subseries contains records created and collected by Fred McGuinness during his time as a journalist, editor, and freelance writer for The Medicine Hat News. Records include Medicine Hat News clippings from the 1960s, a scrapbook containing clippings of McGuinness' Lighthouse column (1961-1964) and drafts of McGuinness' 1988 Medicine Hat memoirs.

Records in the subseries consist of rough drafts, article proofs, newspaper clippings, a scrapbook, and correspondence.

Notes: Readers' correspondence pertaining to McGuinness' time in Medicine Hat may be found in Fred McGuinness' personal papers, subseries McG 1.2 Correspondence

Accruals: Closed  
Finding Aid: A file level inventory is available  
Storage Location: 2015 accessions  
Arrangement:  
Arrangement was artificially created by the Archives. Subseries has been re-arranged according to publication period

## Provincial Exhibition of Manitoba history: Pride of the land monograph

<http://archives.brandonu.ca/en/permalink/descriptions13671>

Other Title Info: Title based on the contents of the subseries  
Part Of: Fred McGuinness collection  
Description Level: Sub-series  
Series Number: McG 5.1  
Accession Number: [formerly 6-2008]  
GMD: textual records  
Date Range: c. 1984 - 1985  
Physical Description: Approximately 1 m of textual records  
1 map

History /  
Biographical:

These records were produced between 1984 and 1985, the researching and writing period for the book *The Pride of the Land: An Affectionate History of Brandon's Agricultural Exhibition*. Published in 1985 by Peguis Books (Winnipeg), *Pride of the Land* is a 222-page soft cover book, containing hundreds of pictures, and 50,000 words of text.

BU faculty members Dr. Kenneth "Ken" Stephen Coates, Assistant Professor of History, and Mr. Fred McGuinness, Lecturer in Journalism, authored the book. Assisting the writers was a research team of four BU history students, which were referred to as "The Pride Team": Diane Fowler, Rob McGarva, Bruce Stafeld, and Byron Williams.

The Pride Team was tasked with collecting and synthesizing exhibition documents and other materials in city, provincial, and federal records spanning 100 years. Many local newspapers and committee minutes were consulted.

The authors cover 103 years of Brandon Fair history, starting with the first fair in 1882 followed by the development of other agricultural fairs and exhibitions in Brandon, specifically The Royal Manitoba Winter Fair, The Provincial Exhibition of Manitoba, and the Ag-Ex livestock show.

Custodial History:

Records were collected and created by McGuinness, Coates, and The Pride Research Team during the process of the creation of the book, *The Pride of the Land: An Affectionate History of Brandon's Agricultural Exhibition*. The materials were donated to the SJ McKee Archives by the authors circa 1988. The Archives accessioned the records in 2008.

Scope and Content:

The subseries consists of textual records, created and collected during the production of the monograph *Pride of the Land*. It includes research cards created by the research team, copies of newspaper articles from very early editions of Brandon newspapers (such as the Brandon Sun, Brandon Daily Sun, Western Sun, and The Independent), copies of fair/organizational minutes, photocopies of photographs used in the publication, and chapter drafts. Of particular interest are the detailed summaries of Provincial Exhibition minutes that were specifically produced for each book chapter.

Notes: Information in the history/biography was taken from a Brandon University press release dated June 1985, about the *Pride of the Land* Project (see file 64)

Description Note: The original accession number is noted on the front of each file folder. The circled number indicates the original file order in the 6-2008 accession

Accruals: Closed

Language Note: Fred McGuinness often uses journalistic jargon to label his files. A "brite" refers to a short, amusing story

Pride of the Land acronyms:

PEM = Provincial Exhibition Association of Manitoba

RCMP = Royal Canadian Mounted Police

WAAA = Western Agricultural & Arts Association

Finding Aid: A file level inventory is available

Storage Location: 2015 accessions

Related Material: Provincial Exhibition Association of Manitoba fonds

Arrangement:

Arrangement was artificially created by the Archives. Subseries has been arranged according to book chapter. McGuinness often organized his ideas and research materials by potential topic

## North Lauder locale Radiocarbon Report 3

<http://archives.brandonu.ca/en/permalink/descriptions12329>

Part Of: RG 7 Beverley Nicholson fonds

Description Level: Sub sub series

Series Number: 2.5.3

Accession Number: 1-2010

GMD: multiple media

Date Range: 1997-2000

Physical Description: 1 page

Material Details: Radiocarbon date reports have been scanned in multi-page PDF files.

## History / Biographical:

## North Lauder Radiocarbon Date report by IsoTrace Laboratory for Atkinson site #TO-13365.

## Radiocarbon dating

The technique of radiocarbon dating was developed by Willard Libby and his colleagues at the University of Chicago in 1949.

Radiocarbon dating is used to estimate the age of organic remains from archaeological sites. Organic matter has a radioactive form of carbon (C14) that begins to decay upon death. C14 decays at a steady, known rate of a half life of 5,730 years. The technique is useful for material up to 50,000 years. Fluctuations of C14 in the atmosphere can affect results so dates are calibrated against dendrochronology. Radiocarbon dates are calibrated to calendar years.

Dates are reported in radiocarbon years or Before Present. Before Present refers to dates before 1950. The introduction of massive amounts of C14, due to atomic bomb and surface testing of atomic weapons, has widely increased the standard deviation on all dates after A.D. 1700 causing these dates to be unreliable.

Accelerated mass spectrometry can more accurately measure C14 with smaller samples and can date materials to 80,000 years.

## Scope and Content:

Sub sub series contains radiocarbon dates from: Atkinson site and Flintstone Hill.

Name Access: North Lauder locale Radiocarbon Report 3

PROBLEMS AND PRACTICAL REPORTS

## Documents

UNIT SUMMARY	
<u>Course Title</u>	Biology - HS - Unit 1
<u>Location</u>	HS/MS/HS
<u>Assessment Methods</u>	Performance Tasks, Projects, Quizzes, Tests, Essays, Research, Presentations, Oral Assessments, Portfolio, Self-Assessments, Peer-Assessments, Group Work, Individual Work, Lab Reports, Case Studies, Problem Solving, Critical Thinking, Technology-Enhanced Assessments
<u>Learning Objectives</u>	Understand the basic concepts of biology. Develop skills in scientific inquiry, critical thinking, problem solving, and communication. Demonstrate knowledge of the major concepts of biology, including the cell, heredity, evolution, ecology, and environmental science.
<u>Instructional Materials</u>	Textbook: "Biology: The Science of Life" by Campbell and Reece. Online resources: Khan Academy, National Geographic, BBC Earth, YouTube channel "Science with Dr. Steve". Lab equipment: microscopes, dissection kits, chemistry sets, safety gear.
<u>Assessments</u>	Midterm Exam, Final Exam, Project presentations, Lab reports, Weekly quizzes, Homework assignments, Participation grade.
<u>Description of students</u>	Mostly male, average age 15-17 years old, from diverse backgrounds, interested in science and technology.
<u>Description of Resources and Materials</u>	A well-stocked lab with microscopes, dissection kits, chemistry sets, safety gear. Access to online resources like Khan Academy, National Geographic, BBC Earth, and YouTube channel "Science with Dr. Steve".
<u>Technology</u>	Smartboard, projector, laptop, tablets, microphones, cameras, audio equipment.
<u>Environment</u>	Classroom setting, well-lit, comfortable seating, accessible lab equipment.
<u>Facilities</u>	HS/MS/HS
<u>Photo</u>	
<u>Comments</u>	Overall, the students seem engaged and interested in the course material. The teacher has a good rapport with the students and is able to explain complex concepts in a clear and concise manner. The lab equipment is well-maintained and provides a safe environment for the students to conduct experiments. The classroom is well-lit and spacious, providing ample room for the students to move around and participate in group activities. The teacher uses a variety of teaching methods, including lectures, demonstrations, and hands-on activities, to keep the students interested and involved in the learning process. The students appear to be responding positively to the teacher's teaching style and the overall atmosphere of the classroom.
