## New Physical Plant building interior

<http://archives.brandonu.ca/en/permalink/descriptions14372>

Part Of: Brandon University Photograph Collection  
Creator: Photographer: Samantha Stone  
Description Level: Item  
Series Number: 2.12  
Item Number: BUPC 2.12.41  
GMD: graphic  
Date Range: Fall 2017  
Physical Description: colour  
Material Details: JPG & TIFF

### History /

### Biographical:

A \$3.9M, 13,600 square-foot physical plant was opened on 07 April 2010. Located south of the steam plant on 20th Street by Darrach Hall, the building replaced the old Physical Plant occupying the World War II H-Huts. The new building serves as the hub for many campus operations, providing services from security and technical support, to building maintenance, deliveries, grounds keeping, cleaning, and capital project management.

### Custodial History:

Photograph is part of a series of campus images commissioned by the McKee Archives and Communications in the lead up to Brandon University's 50th Anniversary celebration.

### Scope and Content:

Photograph shows a work space inside the new Physical Plant building located on the west side of 20th Street, just north of Louise Avenue. The woman in the background is Stacey Harper, Physical Plant Office Assistant. The man in the background is Brent Cuvelier, Carpenter.

Storage Location: JPG on T drive; TIFF on external hard drive

## Old steam plant interior

<http://archives.brandonu.ca/en/permalink/descriptions14356>

Part Of: Brandon University Photograph Collection

Creator: Photographer: Tom Donkersloot

Description Level: Item

Series Number: 2.12

Item Number: BUPC 2.12.25

GMD: graphic  
Date Range: November 19, 1970  
Physical Description: 4.25" x 3.25" (b/w)  
History /  
Biographical:

Donkersloot began working at Brandon University in 1970/1971 as the Clerk of Works. From 1973 until his retirement, he was the Director of Physical Plant.

The 1960s campus expansion necessitated a large, updated heat source so a central steam plant fueled by coal was built north of the campus adjacent to the CPR rail lines on Pacific Avenue. A 25-year agreement was made between the University and John R. Brodie of the Great West Coal Company, which guaranteed BU lower coal prices tendered by the Canadian National and Canadian Pacific Railways on an annual basis. Brandon College Engineer John Kasiurak officially opened the Heating Plant on 24 January 1962. An extension and/or upgrade of the steam plant appears to have occurred in 1970.

Until the 1990s, heat was piped underground to the campus from the Pacific Avenue Heating Plant but inspection standards were outpacing the maintenance and repairs required to keep the plant operating smoothly. Consequently, a new steam plant was built immediately adjacent to the University to the west of Darrach Hall on 20th Street. This building was essential to handling additional loads from the proposed library expansion. The original steam plant was subsequently sold.

Custodial History:

Photograph was taken by Tom Donkersloot during construction and stored in albums in the Physical Plant H-Hut until they were transferred to the McKee Archives by Doug Duncalf in May 2008.

Scope and Content:

Photograph shows what appears to be the boiler, as well as what might be the turbines or precipitator in Brandon University's coal steam plant at 20th Street and Pacific Avenue.

Notes: Donkersloot recorded the date and time each photograph was taken on the back of the photos.
