Description Level: Collection

Accession Number: 68-1997

GMD: textual records

Date Range: 1890-1944

Physical Description: 2 cm

History /

Biographical:

Hector Ross Hume was born on December 8, 1902, in the R.M. of Glenwood to John Hume and Jean Gordon. He grew up on the family farm, section 29-7-22, later known as Abergeldie Stock Farm, and attended Whitefield School and then Souris High School. Along with his father, Ross operated the 640-acre farm near Souris, Manitoba, where they sold purebred Angus cattle, shopshire sheep, Yorkshire swine, seed grain and had a government approved flock of hens. John Hume retired in 1947, and died in January 1953.

Ross married Mina Radcliffe on December 20, 1929. Together they had one daughter, Margaret (b. April 11, 1932). In the fall of 1953, Ross lost part of his right arm in a farming accident; he continued to operate the farm with the help of his wife for an additional year before the couple sold the farm to Henry Gordon and moved to Souris where Ross obtained a job as Business Manager of the Souris Hospital.

Mina Hume died on February 14, 1960, and shortly thereafter Ross enrolled in a correspondence course in accounting with the Central School of Chicago and in a two year course in Hospital Administration, with the University of Saskatchewan. Upon graduation in 1962, Ross became the Administrator of Souris and Hartney hospitals, a position he held until 1972. Following his retirement, Ross wrote two books - "The Hospital Tree Grows Tall" and "Tale Wagging By and Old Time" - which he published and sold locally.

During his time on the farm, Ross was a member of the Manitoba Cattle Breeders Association and a member of the local Agricultural Society. He was also secretary of the latter organization. From 1968-1981, Ross was on the Board of Directors for Victoria Park Lodge, and for a while in the 1970s, he was on the Board of Directors for the Souris Hospital.

Ross Hume died on January 9, 1986 at Victoria Park Lodge in Souris, Manitoba.

History /

Biographical:

The first Women's Institute in Canada was created by Mrs. Adelaide Hunter Hoodless in Stoney Creek, Ontario, on February 19, 1897. The Women's Institute was created to unite rural women with the hopes that this would help women improve their homes and communities. The motto of the Women's Institute became, "a nation could not rise above the level of its homes." The group was to be non-partisan and non-sectarian to allow for maximum participation. The Women's Institute became one of the very few ways for rural women to meet and share ideas and problems with others. The Women's Institute spread throughout Canada and reached Manitoba in 1910, when Morris and Valley River, Manitoba, formed Women's Institute branches. The Women's Institute branches in Manitoba were known as Home Economics Societies until 1919, when they became branches of the Manitoba Women's Institute. The Home Economics Societies specialized in community service work. At first, the groups concentrated on home management and child care, and eventually they became involved with social and political issues. In addition to community work, the Women's Institute branches also invited many guest speakers to their meetings and promoted education and the dissemination of information to rural women on subjects such as canning, growing fruits and vegetables, dental hygiene and rural electrification. The Manitoba Women's Institute continues its work today.

Keystone Centre development and construction fonds

Part Of: RG 5 Western Manitoba Manuscript Collection

Description Level: Collection

Accession Number: 22-1998

GMD: textual records

Date Range: 1957-1974; predominant 1970-1974

Physical Description: 36 cm

History /

Biographical:

The idea of the Keystone Centre was first mentioned in 1958, at a meeting of the board of directors of the Manitoba Winter Fair. The Manitoba Winter Fair wanted a new facility because the old Wheat City Arena had a leaking roof and a deteriorating west wall. The old facility also had limited space and the Winter Fair felt it needed more space for expansion. The Provincial Exhibition of Manitoba also had problems with their facilities, such as old barns and poor display areas. The idea of the Keystone Centre was put on hold until 1969, when the boards of the Provincial Exhibition and the Manitoba Winter Fair joined together as the Provincial Exhibition Association of Manitoba and the Wheat City Arena was sold and demolished. The original estimate for the cost of the Keystone Centre facilities was \$4.5 million and funding would be proportioned so that the federal and provincial governments would each put in one-third of the money, with the rest coming from local donations. The financial campaign for the Keystone Centre began in 1970, and construction began in November 1970. The grand opening of the Centre was in March 1973, and coincided with the Royal Manitoba Winter Fair of that year.

Custodial History:

This fonds was accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

Fonds contains many folders full of correspondence, financial statements, meeting minutes and other documents relating to the development and construction of the Keystone Centre from 1970-1974, including those from the Keystone Executive Committee, as well as the Building Committee. Fonds also contains one folder that pertains to the Brandon Area Agricultural Development Survey from 1959. This folder contains the names and locations of all farmers in the Brandon area in 1959. The Brandon Area Agricultural Development Survey was created in 1959, in order to make farming in the Brandon area more profitable. The survey was aided by Doane Agricultural Service from St. Louis, Missouri, who had success creating agricultural development programs in the United States. Fonds also contains folders from the Provincial Exhibition with correspondence, pamphlets, estimates, and studies from the 1960's. There is also one folder belonging to the Manitoba Winter Fair, which contains correspondence and financial statements relating to the Wheat City Arena. Fonds also contains information pertaining to the proposals made in the 1960's, for the building of the Keystone Centre, as well as one folder about the Keystone campaign from 1970-73. There is also one folder about the opening of the Keystone Centre, which contains newspaper clippings and guest lists. Finally, the fonds contains information about a court case involving Albert Bobyk and Robert Stewart. Stewart was the project manager for the Building Committee and Bobyk worked on the Keystone Center. The fonds includes a report about the trial of the two men who were charged with fraud involving their work on the Keystone Centre.

History /

Biographical:

The Franklin Cooperative Elevator Association Ltd was located in Franklin, Manitoba. The association was formed and incorporated on May 19, 1927 under certificate # 68 of the Cooperative Association Act. The first provisional meeting was held on June 27, 1927 with R.A Storey as Chairman and O. Douglas as Secretary. There was a meeting held after the incorporation meeting and the first board of directors was elected on June 28, 1927 with R. A Storey as Chairman and E.A White as Secretary. The cooperative was run by an elected board of directors.

The Franklin Cooperative Elevator Association was a part of the Manitoba Pool Elevators Ltd which was a subsidiary elevator company of the Manitoba Wheat Pool. Manitoba Pool Elevators was incorporated on April 9, 1925 with 1,000 000 capitol stocks being sold for \$1.00 per share. Manitoba Pool elevators ran on the principal of local ownership through the cooperatives.

The Franklin Cooperative Elevator Association was involved in issues on a local and provincial scale. An example of local concerns was that in October 1948, it is on record that it was a bad crop year with a delayed harvest because of inclement weather. The elevators become plugged up and as a result grain had to be shipped to oppositional elevators. In 1952 the Franklin Cooperative Elevator Association built a forty five thousand bushel annex building and later that year issues arose over cost overages in its construction. The cooperative was also concerned about provincial matters such as on Sept 18, 1952 a strike was arranged by the workers of Manitoba Pool. It was averted when a settlement was reached in Winnipeg.

Custodial History:

Records in accession 10-2013, were delivered to the Archives of Manitoba on March 20, 1970 by Bob Douglas, son of Oliver Douglas. Those records were deaccessioned by the Archives of Manitoba in January 2012 and transferred to the McKee Archives later that year. All other records were donated to the McKee Archives by Manitoba Pool Elevators.

Scope and Content:

Fonds consists of ledger books containing minutes of monthly meetings as well as annual general meetings for the Franklin Co-operative Elevator Association. The first meeting had thirty members in attendance. From incorporation the cooperative had a list of objectives they wanted to accomplish including building or acquiring, and payment of a grain elevator and building documentation. They also needed to be licensed under the Canadian Grain Act. The ledger books also contains a list of bylaws. Records also included membership rosters and contract numbers for shipping grain. Auditor's year-end financial records are also included in the fonds. Attendance records from 1958 to 1963 have been recorded.

Part Of: RG 4 Manitoba Pool Elevator fonds

Description Level: Sub-series

Series Number: MPE A

Item Number: 187

Accession Number: 9-2013

GMD: textual records

Date Range: [1940] - July 1999

Physical Description: 12 cm

History /

Biographical:

Manitoba Pool Elevators was established in 1925 as a subsidiary of the Pool in response to local member complaints about the unfair business practices of privately owned elevators. The Katrime Elevator appears to have been established in 1940; no records in the Manitoba Pool Elevator fonds mention the Katrime elevator before 1940. In 1969 the Katrime Pool joined the Manitoba Pool.

The Katrime local was operated by a board of directors elected from the members of the Katrime elevator. Regular meetings took place sporadically throughout the year, often before and after harvest. An annual meeting for the local took place every November, at which members were chosen for the board of directors and members were selected to attend the annual Manitoba Pool convention. Occasionally in October or in the Annual meetings in November the board of directors would ask the head office to compose a letter to the rail companies to thank them for keeping the elevator supplied with cars throughout the harvest season. This would change through the 1970's and into the 90's as congestion became a problem for the railcars.

In 1998 Manitoba Pool Elevators merged with the Alberta Wheat Pool to form Agricore Co-operative Ltd. In 2001, this organization merged with the United Grain Growers to become Agricore United, and in 2007, Agricore United was taken over by the Saskatchewan Wheat Pool; the new company was known as Viterra. The fate of the Katrime elevator is unclear. There is no mention in the included records regarding the merger to Agricore or the closing of the elevator.

Custodial History:

Records in accession 9-2013, were deposited at the Archives of Manitoba in 1971, with a fourth minute book being deposited in 2011. The records were deaccessioned by the Archives of Manitoba in January 2012 and transferred to the McKee Archives later that year.

Scope and Content:

Fonds consist of the minutes of the board of directors of the Katrime elevator. Meetings discussed pool business, including membership into the Katrime elevator co-operation and a list of new members is usually included in the minutes. In addition to membership another main topic of the meetings was the salary of the agent including the agents home and expenses. In 1953, the building of a new elevator, which eventually expanded to include new offices and storage sheds was a topic of discussion. Local annual meetings generally discussed the report of the auditor and any unsold surplus, but no details were recorded. A note on the content of the minutes: there is generally mention of a lengthy discussion of a topic but there is no explanation of what was discussed. Also, at each annual meeting there is a discussion of the annual convention and the resolutions adopted from this convention, however there are no details on what the resolutions were.

Biographical:

James Gordon Lindsay was born June 16, 1925 in Minneapolis, Minnesota where his father, James Lindsay, a Brandon pioneer from Northern Ireland, had been working for the Coca Cola Bottling Company. In November 1925, the Lindsay family moved back to Brandon where they lived at 547 16th Street.

Lindsay attended Park School, Earl Oxford Junior High School and Brandon Collegiate. In September 1943, he entered 2nd Year at Brandon College, joining the Class of 1946. Due to past experience in publishing the BCI yearbook, he was drafted into The Board of Publications and named Co-editor of the Quill along with third year student Genevieve Fuloski. Lindsay and Fuloski held their positions for two years. Because of the war, money and supplies were in short supply and the Quill at one point was reduced to mimeographed pages. While Editor Lindsay wrote The eggshell-Slightly Cracked column.

Lindsay was named Senior Stick in 1945 and graduated from Brandon College with a B.Sc. in 1946. He obtained both his MSc (1948) and PhD (1951) in Physical Chemistry from McMaster University.

During his time in Hamilton, Lindsay met Shirley Woolmer and the couple married on September 2, 1950. They moved to Arvida, Quebec in 1951 where Lindsay accepted an offer from Aluminium Laboratories Limited, the research arm of Alcan Aluminium Ltd. The couple remained in Arvida for twenty-two years, during which time they had four children: Sharon, Heather, Geoffrey and David.

In 1973, Lindsay was transferred to Alcan's head office in Montreal where he spent the next three years co-ordinating alumina research in Alcan plants around the world. In 1976, he accepted a transfer to Alcan Jamaica as Chief Technical Officer and Manager of Technical Development. He and Shirley spent nearly eight years in Jamaica before returning to Canada in 1984. After a year at Alcan's Research Centre in Kingston, ON Lindsay took early retirement.

During their years in Jamaica Lindsay had been introduced to Rotary and he continued his association with the organization in Kingston where for fifteen years he was Bulletin editor of the Kingston-Frontenac Rotary Club. In addition to Rotary, Lindsay (along with his wife) took up genealogy in his retirement and after fifteen years of extensive travel and research he became his Lindsay family's historian and author of *The Lindsays of Dundonald*.

For three years in the late 1980s Lindsay served as a representative on the Brandon University Alumni Executive for Eastern Canada. Along with his wife he attended two class reunions at Brandon University including his 50th Re-convocation in 1996.

At present (June 2010) Gordon Lindsay continues to live in Kingston, ON with his wife.

Biographical:

EARLE PHILIP FORSHAW

Earle Forshaw was born in Brandon, Manitoba, on 26 September 1927. His mother, Maud Ethel Forshaw née Hicklings/Hickling (b. 07 April 1901 – d. 26 October 1927) died one month after Earle's birth at the age of 26 years. His father, Arthur Hugh Forshaw, married Gertrude Ethel Fallis two years later and the family would move to Winnipeg in 1932/33.

In 1944, Earle Forshaw graduated from Gordon Bell High School in Winnipeg, Manitoba. He worked as a meatpacker with Swift Canada, a subsidiary of Swift Meatpacking Company, Chicago. Earle remained with the company until his retirement in 1984, by which time he was a branch manager of the Swift branch in Ottawa, Ontario. Earle moved back to Manitoba in 1985, first living in Winnipeg before settling in the resort community of Matlock, situated in the southernmost part of the Village of Dunnottar on the southwestern shore of Lake Winnipeg.

Earle Forshaw was married three times. He married Elizabeth "Betty" Anne Hamilton on 05 May 1951 in Winnipeg, Manitoba. They had one son, Tom. The Winnipeg Free Press published the couple's divorce decree on 21 December 1970. Earle married Margaret Clara Veale née Cousins (b. 19 August 1928, Winnipeg – d. 10 September 1998) that same year. They would remain married until Margaret's cancer-related death in 1998. The following year, Earle married Joyce Wilson née Mutton in Ontario on 28 December 1999. They currently reside in Matlock, Manitoba.

Like his father and grandfather, Earle Philip Forshaw is a Free Mason. He received a 33rd degree membership in the Ancient and Accepted Scottish Right (honorary degree), a position he has held for more than 50 years. Earle has received two medals from the Free Mason's for his half century of service to the society. Earle is also a Shriner and a member of the Royal Order of Scotland.

ARTHUR HUGH FORSHAW

Arthur Hugh "Hughie" Forshaw (b. 09 July 1899, Lancashire, England – d. 02 June 1976, Winnipeg) enlisted with the Canadian Expeditionary Force Overseas 181st Battalion on 21 March 1916 in Brandon, Manitoba. Although he claimed to be 18 years old at the time of enlistment,* his attestation papers stated he was not to head overseas until he was 19 years of age.

*It appears Pte. Forshaw may have lied about his age when he enlisted. According to the Lancashire Anglican Parish Registers (Preston, England), Arthur Hugh Forshaw was born 09 July 1899 in the Skelmersdale Parish in Lancashire, England, not on 02 June 1898 as stated on his attestation papers.

At the time of enlistment, Hugh lived with his family in Brandon, Manitoba, residing at 126 – 22nd Street. The 1916 Canadian Census lists his father, John, as a carpenter who had immigrated to Canada in 1905. Arthur and his mother, Sarah Forshaw née Edden, immigrated the following year and the Forshaw's would have at least three more children, Rohda/Rhoda Elizabeth (b. 27 June 1908), Phylip/Philip Roy (b. 24 January 1911), and Irene Margaret (b. 1916).

After the war, Henderson's Brandon City Directories list Arthur Hugh as a clerk at the Union Bank of Canada in Brandon. By 1925, Hugh was working as a clerk with Imperial Oil. According to his obituary, he would remain with the company for 37 years; he was a supervisor before retiring in 1960.

Hugh married Maud Ethel Hickling (b. 07 April 1901 – d. 26 October 1927) in Brandon, Manitoba on 22 November 1922. The couple had two sons, John "Jack" Hugh (b. 05 May 1923, Brandon – d. 17 May 1962, Winnipeg) and Earle Phillip, (b. 26 September 1927, Brandon). A month after Earle's birth, Maud passed away at the age of 26 and was interred in the Brandon Municipal Cemetery.

Hugh remarried on 10 August 1929 to Gertrude Ethel Fallis (b. 14 July 1908, R.M. Glenwood – d. 04 July 1994, Winnipeg) in Glenwood, Manitoba. The family moved to Winnipeg in 1933, where Hugh and his wife settled.

Hugh, like his father John, was a member of the Free Mason's society and became a 32nd degree mason. He was a member of the Capitol Lodge AF and AM GRM No.136 and the Ancient and Accepted Scottish Right of Free Masonry Khartum Shrine Temple. He was also one of the five original members of the Khartum Shrine Orchestra.

Arthur "Hughie" Hugh Forshaw passed away on 02 June 1976 in Winnipeg, Manitoba, at the age of 76 years. He is interred alongside his second wife Gertrude in the Thomson in the Park Cemetery, Winnipeg.

Custodial History:

The three colour photocopies are reproductions of photographs of the City of Brandon's 181st Battalion Band circa 1916 – 1917. Earle Forshaw's father, Arthur Forshaw (#865277), was a bandsman who played both the violin and trumpet with the 181st Battalion and is pictured in each of the photographs.

The photograph (13-2013.1) is of an 11-member chamber group featuring a female cellist and female vocalist. A.H. Forshaw is on the left-hand side of the back row wearing a military uniform with Canadian general service collar badges and holding a violin under his arm.

The photograph (13-2013.2) is of the 23-member 181st Battalion band. All the members are in uniform and sporting the 181st Battalion Cap badge. A.H. Forshaw is standing second from the right in the second row and holding a trumpet.

The photograph (13-2013.3) is of the 181st Battalion band at the Brandon Exposition in 1916 at the Summer Fair Grounds and grandstand.

Notes: Information in the history/biography was taken from the finding aid course assignment completed by Chris van Mejl for the Brandon University History Department's 54:437 Historical Methods and Historiography course (2013); Manitoba Vital Statistics Database; Canadian Expeditionary Force Attestation Papers for Arthur Forshaw (#865277); Canada 1916 Census; Henderson's Brandon City Directories from 1911 to 1933; City of Brandon GIS: Cemetery Map; FindaGrave.com; Lancashire Anglican Parish Registers. Phylip Forshaw's birth is registered under "Philip Roy Fershaw" in the Manitoba Vital Statistics Database. Maud Ethel Hicklings [sic.] death is registered in Manitoba Vital Statistics Database but her tombstone in the Brandon Municipal Cemetery reads "Hickling." Rohda [sic.] Elizabeth Forshaw's birth is registered in the Manitoba Vital Statistics Database and her name is spelled as such in the 1916 Canadian Census, however, the Winnipeg Free Press obituary (03 June 1976) for Arthur Hugh Forshaw spells her name "Rhoda."

History /

Biographical:

Thomas Russell Wilkins was born in Toronto in 1891. He received his B.A. from McMaster University in 1912, and became the Science Master at Woodstock College the following year. In 1916, he and his wife Olive moved to Chicago, where Wilkins was an instructor of Physics at the University of Chicago. The next year he served as a master signal electrician in the U.S. Signal Corps. During World War I, Wilkins completed pioneer research for the United States Navy, which led to the development of pulse sonar devices in the 1920s. He had also been researching the possibilities of a wireless telephone.

Wilkins and his wife moved to Brandon in 1918, where he took up the position of Professor of Physics. During his time at Brandon College, Wilkins introduced the latest technology to classrooms, designed the original Science Building, and along with the Brandon Citizen's Committee, secured building funds for the Citizen's Science Building.

Receiving his Ph.D. from the University of Chicago in 1921, Wilkins resigned from Brandon College in 1925 to pursue postgraduate study at Cambridge University. In 1926, he began research at the University of Rochester, where he also took up the position of Professor of Physics. From 1930 to 1938, he acted as the Director of the Institute of Optics.

Widely known for his work in the fields of cosmic rays and atomic disintegration, in April 1939, Wilkins announced the perfection of a camera that was able to record the "footprints" of invisible atoms after they collide. In October 1939, he received a medal from the Royal Photographic Society of Great Britain recognizing his work regarding the use of photographic emulsions in the study of radium. The following year, Wilkins perfected a camera that could determine the energy levels inside the nuclei of stable chemical elements. He received a grant from Sigma Xi, the National Society for the Promotion of Scientific Research, in November of 1940.

Wilkins married twice. The first marriage, to Olive Anges Cross took place on June 17, 1913. Olive Wilkins died suddenly on May 13, 1937, at the age of 45. Wilkins married Susan Gwendolyn Whidden, the daughter of former Brandon College president Dr. H.P. Whidden, in 1938.

Thomas Russell Wilkins died suddenly of a heart attack on December 10, 1940, on his way back to his laboratory after a faculty meeting. He was 49 years old.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

T. Russell Wilkins' records contain correspondence between himself and Mrs. Wilkins and Dr. Whidden concerning their employment with Brandon College. There are letters between the two men regarding the building of the Science Building in 1920. There is also a copy of the Canadian Baptist. Besides programmes and a picture, there is also correspondence between various people. Dr. Wilkins kept the papers he had written for various classes at McMaster University in the years 1911 and 1912. There is a "toast to the ladies" that he delivered at a banquet of some sort, that gives an interesting view on how Wilkins, and possibly other men of his time, viewed women. There are numerous newspaper clippings, and several pages taken from journals such as Popular Mechanics, Popular Electricity and others. Dr. Wilkins was at the top of his field of study. He was an extremely bright man who managed to create some very useful tools of science. His papers are interesting and informative to read.
