FORWARD-ALL TOGETHER

16

It is longer now the Manitoba farmer complains that he has nothing to say in the price which he receives for the products of his farm.

Operating in this Province since 1920 he has the Manitoba Cooperative Elevator with 2,110 farmer members, The Grain Pool operating the new plant with 1,000 Manitoba shippers, The Manitoba Cooperative Poultry Marketing Association operating since 1922, now having 1,000 members. The Cooperative Wheat Elevator, now open since 1921, with 100 Manitoba shippers out of 1,000 shippers in Manitoba, The Wheat Pool with 1,110 members, operating now to also handle other grain.

Every one of these cooperative organizations has been successful in getting the farmer more for the product which he has produced. They all stand more united to make sure they are able to give him all better service. It is better that the Wheat Pool Elevator will be a better co-operative, a better elevator and a better outlet for the farmer. The wheat, other products, eggs and wool through his own organizations. It is better enough cooperative theory. Let's have more cooperative action.

THE PEOPLE

The people is a head of muddy things
That knows not its own strength and therefore stands
Cautious with mud and water - the universal hands
Of a mere child guide is with his and runs
One kick would be enough to break the chain;
But the head knows not what the child demands
It does not dig even better underneath
Confused and stopped by highway men.

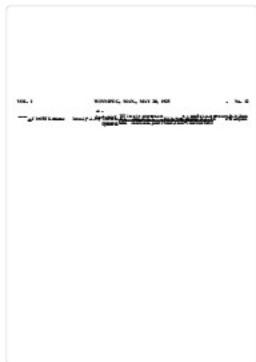

More wonderful: With its own hands it has
Not even itself given half death and war
For good child and the things from its own eyes
But this it knows not, and if not even
To tell this truth, it kills him unafraid.
