Opening of Steam Plant

<http://archives.brandonu.ca/en/permalink/descriptions636>

Part Of: Brandon University Photograph Collection

Creator: Vince S. Roska (Brandon Sun photo)

Description Level: Item

Series Number: 2.12

Item Number: BUPC 2.12.2

GMD: graphic

Date Range: 1962

Physical Description: 5" x 7" (b/w)

History /

Biographical:

The 1960s campus expansion necessitated a large, updated heat source so a central steam plant fueled by coal was built north of the campus adjacent to the CPR rail lines on Pacific Avenue. A 25-year agreement was made between the University and John R. Brodie of the Great West Coal Company, which guaranteed BU lower coal prices tendered by the Canadian National and Canadian Pacific Railways on an annual basis. Brandon College Engineer John Kasiurak officially opened the Heating Plant on 24 January 1962. An extension and/or upgrade of the steam plant appears to have occurred in 1970.

Until the 1990s, heat was piped underground to the campus from the Pacific Avenue Heating Plant but inspection standards were outpacing the maintenance and repairs required to keep the plant operating smoothly. Consequently, a new steam plant was built immediately adjacent to the University to the west of Darrach Hall on 20th Street. This building was essential to handling additional loads from the proposed library expansion. The original steam plant was subsequently sold.

Scope and Content:

Photograph shows dignitaries at the opening of Brandon University's steam (heating) plant located at 20th Street and Pacific Avenue beside the railroad tracks. L to R: Bill Fotheringham ?, Wilf McGregor, John Robbins, John Kasurak, ?, E. Murray Simpson (Architect).
