Custodial History:

As part of the Westman Oral History Collection, this collection was accessioned by the McKee Archives in 1998. The original tapes from the Westman Oral History project were deposited in the Brandon Public Library. Copies of these originals were made by Margaret Pollex of the Brandon University Language Lab at the request of Eileen McFadden, University Archivist in the early 1990s. These copies compose the collection held in the McKee Archives.

Scope and Content:

Item is an audiocassette tape containing an interview with Thomas Martin about early road building and the 1930s. Between 1929 and 1931, Thomas and two of his neighbors were employed by the North Cypress Municipality to build roads in the district, and this is the subject of most of the interview. Thomas also discusses at length the equipment used in road building, how the equipment was used, and the work camps formed by the governments during the 1930's to create jobs for the unemployed. Interviewer is Dorothy Martin.
