## Laurie East interview

<http://archives.brandonu.ca/en/permalink/descriptions14456>

Part Of: Westman Oral History collection

Description Level: Item

Item Number: OH044.Eas

Accession Number: 35-1998

GMD: sound recordings

Date Range: December 4, 1981

Physical Description: 1 audio cassette [00:09:15]

History /

Biographical:

Laurence Overton "Laurie" East was born in the municipality of Odanah on the west half of 29-13-18, on March 13, 1911. He attended Tremaine and Roseneath schools and worked on the family farm, eventually leaving school to work due to his father's ill health and then taking over the operation in 1936, after his father died. Laurie retired from farming in 1976. Laurie married Bernice McDonald (1916-2006), a teacher, on July 4, 1942. They had no children. Laurie's hobbies were music, dancing and travel; he took part in local entertainment and taught square dancing classes. He was a member of the Hunterville United Church, serving on the board and volunteering as Sunday School Superintendent or teacher. In the 1940s, Laurie was part of local committees to secure telephone and postal service. From 1970-1983, he was a member of Elton Municipal Council. Shortly after joining the council, Laurie was appointed as a representative to the library board; he joined representatives from Minnedosa and Minto councils, as there was support in the region for the organization and establishment of a regional library. Laurie East died on April 18, 2003 in Brandon, MB and is buried at the Rapid City Cemetery.

Custodial History:

As part of the Westman Oral History Collection, this collection was accessioned by the McKee Archives in 1998. The original tapes from the Westman Oral History project were deposited in the Brandon Public Library. Copies of these originals were made by Margaret Pollex of the Brandon University Language Lab at the request of Eileen McFadden, University Archivist in the early 1990s. These copies compose the collection held in the McKee Archives.

Scope and Content:

Item is an audiocassette tape containing an interview with Laurie East about the Minnedosa Regional Library. Interviewer is Mae Johnson.

Notes: History/bio information from the records and East's obituary. Transcript by Simon Richard (2020). Description by Christy Henry.

Language Note: English

## Winnie North interview

<http://archives.brandonu.ca/en/permalink/descriptions14446>

Part Of: Westman Oral History collection

Description Level: Item

Item Number: OH158.Nor

Accession Number: 35-1998

GMD: sound recordings

Date Range: April 13, 1984

Physical Description: 1 audio cassette [00:16:30]

History /

Biographical:

Winifred North (nee Seaborn) was born December 13, 1920 in Burwash, Sussex, England. At the age of five, she moved to Manitoba, growing up in the Osprey and Mentmore districts, attending Osprey and Gordon schools. Winnie married Alfred James North (1917-1994) on October 16, 1948. Together they had three children: Bruce, Heather and Maureen. Alf served in the armed forces during the Second World War. Following the war he farmed in the Norman district until 1966, at which point the family moved to Brookdale. Alf then served as custodian for the Brookdale school before retiring in 1983. In Brookdale, Winnie worked at the post office, becoming postmistress. Winnie was a member of the Brookdale United Church, the Neepawa Legion Ladies Auxiliary and the Brookdale Belles and Beaux square dancing group. Winifred North died on January 13, 2018 in Neepawa, MB. She is buried at Neepawa Cemetery.

Custodial History:

As part of the Westman Oral History Collection, this collection was accessioned by the McKee Archives in 1998. The original tapes from the Westman Oral History project were deposited in the Brandon Public Library. Copies of these originals were made by Margaret Pollex of the Brandon University Language Lab at the request of Eileen McFadden, University Archivist in the early 1990s. These copies compose the collection held in the McKee Archives.

Scope and Content:

Item is an audiocassette tape containing an interview with Winnie North about the 100th Anniversary of the Brookdale Post Office. Interviewer is Dorothy P. Martin.

Notes: History/bio information taken from the records and the Brookdale local history "Quest in Roots." Transcript by Megan Holowick (2014).

## North Lauder locale Radiocarbon Report I

<http://archives.brandonu.ca/en/permalink/descriptions12327>

Part Of: RG 7 Beverley Nicholson fonds

Description Level: Sub sub series

Series Number: 2.5.1

Accession Number: 1-2010

GMD: multiple media

Date Range: 1997-2000

Physical Description: 2 pages

Material Details: Radiocarbon date reports have been scanned in multi-page PDF files.

History /

Biographical:

North Lauder Radiocarbon Date report by IsoTrace Laboratory for Atkinson II site #TO-11882.

#### Radiocarbon dating

The technique of radiocarbon dating was developed by Willard Libby and his colleagues at the University of Chicago in 1949.

Radiocarbon dating is used to estimate the age of organic remains from archaeological sites. Organic matter has a radioactive form of carbon (C14) that begins to decay upon death. C14 decays at a steady, known rate of a half life of 5,730 years. The technique is useful for material up to 50,000 years. Fluctuations of C14 in the atmosphere can affect results so dates are calibrated against dendrochronology. Radiocarbon dates are calibrated to calendar years.

Dates are reported in radiocarbon years or Before Present. Before Present refers to dates before 1950. The introduction of massive amounts of C14, due to atomic bomb and surface testing of atomic weapons, has widely increased the standard deviation on all dates after A.D. 1700 causing these dates to be unreliable.

Accelerated mass spectrometry can more accurately measure C14 with smaller samples and can date materials to 80,000 years.

Scope and Content:

Sub sub series contains radiocarbon dates from: Atkinson site and Flintstone Hill.

**Radiocarbon Analysis Report**  
January 10, 2010

Reference: 2.5.1 Atkinson, Date of North Lauder locale Radiocarbon Report 2

This report is the result of a radiocarbon analysis performed by IsoTrace Radiocarbon Laboratory. The analysis was performed on a sample of organic material (wood) from the site of the North Lauder locale. The sample was analyzed using the standard radiocarbon dating method, which involves measuring the ratio of carbon-14 to carbon-12 in the sample. The results of the analysis are reported in this report.

**Sample:** Wood  
**Location:** North Lauder locale  
**Depth:** 10 cm  
**Analysis:** Radiocarbon dating  
**Results:** 2.5.1 Atkinson, Date of North Lauder locale Radiocarbon Report 2

I certify that the data presented in this report is true and accurate to the best of my knowledge and belief.
