Westman Recycling Council fonds

<http://archives.brandonu.ca/en/permalink/descriptions12346>

Part Of: RG 5 Western Manitoba Manuscript Collection

Description Level: Fonds

Accession Number: 14-2011

GMD: textual records

Date Range: November 15, 1989 - March 26, 2009

Physical Description: 90 cm

History /

Biographical:

The Westman Recycling Council was started by a small group of avid recyclers with financial and volunteer help from the Kiwanis Club of Brandon, among others. Volunteers organized the first outdoor recycling depots in June and October 1989. The first event with recorded minutes was the first annual meeting, November 15, 1989.

The organization was incorporated in February 1990, and became a registered charity in 1995. The Mission Statement was: "to support and promote the reduction, re-use, and recycling of material resources for the benefit of Westman's environment and future generations."

The major partner in the work of the organization was the City of Brandon. In 2003, Westman Recycling, in partnership with the City, built a Material Recovery Facility (MRF) at the Brandon Landfill; Westman Recycling owned the building on the City-owned land. It was a \$4 million structure - financed by federal and provincial grants (about one-quarter of the total) and a mortgage (about three-quarters). Details are in the Board and other Committee minutes and agreements.

In late 2005, Westman Recycling faced a severe cash crunch - as a result of poor markets for recyclables, changes in support funding from the Manitoba Product Stewardship Corporation (MPSC), and a drop in public recycling levels. In February 2006, the City decided to sign a contract with another organization to operate the MRF; after that there appeared to be no role for Westman Recycling.

A general meeting on September 22, 2008 voted to dissolve the organization. At that meeting, the suggestion was made (agreed to by consensus) that the files of the organization be donated to Brandon University to be made available for researchers. A Board of Directors meeting on the same date voted to donate all remaining funds to a perpetual "Westman Recycling" fund with the Brandon Area Community Foundation.

A final wind-up meeting was held on March 26, 2009

Custodial History:

The organization was overseen by volunteers / volunteer Board of Directors. The files were first held by volunteers / Board members in their homes. In May 1991, the organization hired David McConkey as Coordinator / General Manager, who was directed by the Board to manage the files on a daily basis from that date forward.

The files were kept in the organization's rented office space in the 1300 block of Pacific Avenue from May 1991 to September 1992, and then in the rented space in the Massey building at 6th Street and Pacific Avenue. The files were kept at the new facility at the landfill from April 2003 to February 2006. They were then stored in the basement of the Marquis Project, 912 Rosser Avenue, until August 2011 when they were donated to the S.J. McKee Archives, Brandon University.

Some files (e.g. minutes from 1995-96) were found to be missing entirely. Other files were disposed of by recycling and/or shredding as they were judged to be confidential (e.g. personnel), of an ordinary business nature only (e.g. invoices), or not useful for future research (e.g. extra copies, routine correspondence, building and equipment plans and other arrangements).

Scope and Content:

Fonds consists of records that document the origin, activities, demise, and legacy of the Westman Recycling Council. Records include minutes, financial summaries, scrapbooks, newsletters, brochures, media clippings, photographs and miscellaneous documents related to the construction in collaboration with the City of Brandon of Brandon's principal recycling facility.

History /
Biographical:

Thomas Russell Wilkins was born in Toronto in 1891. He received his B.A. from McMaster University in 1912, and became the Science Master at Woodstock College the following year. In 1916, he and his wife Olive moved to Chicago, where Wilkins was an instructor of Physics at the University of Chicago. The next year he served as a master signal electrician in the U.S. Signal Corps. During World War I, Wilkins completed pioneer research for the United States Navy, which led to the development of pulse sonar devices in the 1920s. He had also been researching the possibilities of a wireless telephone.

Wilkins and his wife moved to Brandon in 1918, where he took up the position of Professor of Physics. During his time at Brandon College, Wilkins introduced the latest technology to classrooms, designed the original Science Building, and along with the Brandon Citizen's Committee, secured building funds for the Citizen's Science Building.

Receiving his Ph.D. from the University of Chicago in 1921, Wilkins resigned from Brandon College in 1925 to pursue postgraduate study at Cambridge University. In 1926, he began research at the University of Rochester, where he also took up the position of Professor of Physics. From 1930 to 1938, he acted as the Director of the Institute of Optics.

Widely known for his work in the fields of cosmic rays and atomic disintegration, in April 1939, Wilkins announced the perfection of a camera that was able to record the "footprints" of invisible atoms after they collide. In October 1939, he received a medal from the Royal Photographic Society of Great Britain recognizing his work regarding the use of photographic emulsions in the study of radium. The following year, Wilkins perfected a camera that could determine the energy levels inside the nuclei of stable chemical elements. He received a grant from Sigma Xi, the National Society for the Promotion of Scientific Research, in November of 1940.

Wilkins married twice. The first marriage, to Olive Angles Cross took place on June 17, 1913. Olive Wilkins died suddenly on May 13, 1937, at the age of 45. Wilkins married Susan Gwendolyn Whidden, the daughter of former Brandon College president Dr. H.P. Whidden, in 1938.

Thomas Russell Wilkins died suddenly of a heart attack on December 10, 1940, on his way back to his laboratory after a faculty meeting. He was 49 years old.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

T. Russell Wilkins' records contain correspondence between himself and Mrs. Wilkins and Dr. Whidden concerning their employment with Brandon College. There are letters between the two men regarding the building of the Science Building in 1920. There is also a copy of the Canadian Baptist. Besides programmes and a picture, there is also correspondence between various people. Dr. Wilkins kept the papers he had written for various classes at McMaster University in the years 1911 and 1912. There is a "toast to the ladies" that he delivered at a banquet of some sort, that gives an interesting view on how Wilkins, and possibly other men of his time, viewed women. There are numerous newspapers clippings, and several pages taken from journals such as Popular Mechanics, Popular Electricity and others. Dr. Wilkins was at the top of his field of study. He was an extremely bright man who managed to create some very useful tools of science. His papers are interesting and informative to read.

History /

Biographical:

Thomas Hector MacDonald McLeod (Tommy) was born in Weyburn, Saskatchewan in August 1918. During his youth in Weyburn, McLeod was a member of Tommy Douglas' Baptist congregation; it was Douglas who encouraged McLeod to attend Brandon College. McLeod attended Brandon College from 1937 to 1940. While there, he received scholarships in Bible, Economics, and General Efficiency, as well as receiving the Medal in Sociology during his final year. Following graduation in 1940, McLeod studied economics at the University of Indiana, receiving his M.A. in 1941. Later that year he returned to Brandon College to teach economics and sociology. From 1941 until 1944, he also acted as the Resident Master. He remained at Brandon College for three years. McLeod married Beryl (Pentland) Thompson c. 1943 and together they had five children: Beth, Ellen, Ian, Brian and Morna.

Following the election of Tommy Douglas as Premier of Saskatchewan, McLeod was employed in a variety of senior positions in the Saskatchewan civil service. In 1952, McLeod was named the Dean of Commerce at the University of Saskatchewan, Regina Campus.

In 1961, he served as the Chief Consultant (Ford Foundation) to the Turkish Government. In 1962, McLeod was the supervisor of an eight man team advising the Iranian government on Economic Planning Activities. He has also served as a Special Advisor in Public Administration and Higher Education for the Canadian Development Agency.

In 1963, he became the chairman of the Saskatchewan Royal Commission on Taxation. McLeod accepted the position of Dean of the College of Arts and Science, Regina Campus at the University of Saskatchewan on May 15, 1964. In May 1965, he became Vice-Principal of the University of Saskatchewan, Regina Campus.

McLeod had a Ph.D. in Government and Economics from Harvard. As well, he was a past recipient of the Vanier Medal (1971) for outstanding contribution to public administration in Canada. In 1987, McLeod wrote a book entitled "Tommy Douglas: the Road to Jerusalem." Also in 1987, McLeod was awarded an honorary degree from Brandon University. In 2003, McLeod was awarded the Order of Canada.

Thomas Hector MacDonald McLeod died on January 1, 2008 in Victoria, BC.

Custodial History:

McLeod donated a copy of the paper, subsequently published in *Manitoba History*, to the McKee Archives c. 1995.

Scope and Content:

Thomas McLeod's records consist of a paper written in 1995, entitled "S.J. McKee of Brandon College: A Biographical Note on a Man and an Institution." This paper is a brief history of Brandon College and S.J. McKee's role in the formation of it. Beginning with the foundation of the short-lived Canada Baptist College, as well as the foundation of the Canadian Literary Institute, McLeod traces the history of Baptists and higher education. The paper is a fairly good guide to researchers wanting to know a bit of the background behind Brandon College. The bibliography in the back also gives researchers several ideas on where to look for additional information.

Notes:

Obituary is in the January 5, 2008 *Globe and Mail*. H. Clare Pentland and Tommy McLeod studied economics together at Brandon College under W.T. Easterbrook, who later taught at the University of Toronto.

History /

Biographical:

The Women's Institute was founded in 1897 in Stoney Creek, Ontario, by Adelaide Hoodless. By 1913, institutes had been established in every Canadian province. In 1919, provincial representatives met in Winnipeg to form the Federated Women's Institute of Canada. The Women's Institute was designed to promote quality of life in rural Canada and to foster the advancement of rural women. The first Women's Institute in Manitoba was organized in 1910, in Morris, Manitoba. The Crocus Women's Institute was created in the fall of 1946. The charter for the group was issued on November 25, 1946. One of the first projects of the group included sending food parcels to Britain until war rationing was discontinued. The main focus of the Institute was the local school: the Institute sponsored essay contests and provided furniture for the school. The Institute also sponsored a garden club and held a garden show for many years. Finally, the group had an annual Christmas Cheer project. The Crocus WI disbanded in 1984.
