ARCH 2: North Lauder locale

<http://archives.brandonu.ca/en/permalink/descriptions12079>

Part Of: RG 7 Beverley Nicholson fonds

Description Level: Series

Series Number: 2

Accession Number: 1-2010

GMD: multiple media

Date Range: 1997 to present

History /

Biographical:

ARCH 2: North Lauder Locale

The North Lauder locale has a long archaeological and geological history that is important for understanding the forces that shaped the region. Archaeological research in the locale shows that the area has been occupied by humans for at least the past 6,500 years. Environmental forces provided an area of diverse resources that attracted early peoples.

Environment of the Lauder Sandhills

The North Lauder locale is part of the greater Lauder Sandhills area. The glaciers that covered this region began to recede approximately 11,000 years ago leaving a large lake known as glacial Lake Hind. The Souris River, the Lauder Sandhills and the Oak Lake Aquifer are remnants of the environmental and geological forces that shaped the region.

The Lauder Sandhills region is characterized by a landscape of sand sheets and stabilized sand dunes interspersed with a variety of wetlands. This complex topographic and hydrological situation favoured the development of an island mosaic of mixed forest, wetland and meadow, surrounded by mixed grass prairie. The result was a large, isolated ecotone which provided a rich variety of subsistence resources for hunter-gatherers.

Research in the Lauder Sandhills

Archaeologists from Brandon University have been conducting research in the Lauder Sandhills since 1991. Research in the North Lauder locale has focused on the Atkinson site, a 6,500 year old hunter-gatherer site and Flintstone Hill.

The Atkinson site

The Atkinson site is one of the oldest excavated sites in Manitoba and has been Radiocarbon dated to 6,500 years before present. The Atkinson site is located on the bank of the Souris River and was discovered when a hearth (fire pit) was seen eroding out of the bank. Based on the date of the site and the kind of lithics (stone tools) present it is considered a Gowen occupation. The Atkinson site is evidence that bison hunters were active on the northern plains at a very early date. Similar sites have also been found on the High Plains in the U.S. and are referred to as the Mummy Cave Complex.

The Atkinson Site is of great importance as it is the first undisturbed site of this type to be excavated in Manitoba and extends the range of these sites south and east from the type-sites in central Saskatchewan.

Flintstone Hill

The geomorphology of the glacial Lake Hind Basin over the past 11,000 years is known primarily through the study of a cut bank along the Souris River. Flint Stone Hill contains the most complete stratigraphic record for the post-glacial period on the northern plains. The site has been extensively studied by geoarchaeologists, geologists and paleoenvironmentalists over many years and their findings have contributed to our understanding of the region.

The North Lauder locale Borden designations of Atkinson site DiMe-27 and Flintstone Hill site DiMe-26.

Borden System

Archaeological sites in Canada are identified by the Borden system, which is a uniform site designation system. The country is divided into grids based on latitude and longitude in blocks of 10 x 20 minutes. The first 4 letters indicate the block and the following numbers indicate the actual site. For example the area of the Lauder Sandhills in southwestern Manitoba is identified by the letters DM and the North Lauder locale within that area is DiMe. The Atkinson site is DiMe-27 and the Flintstone Hill site DiMe-26. As new sites are discovered they will be numbered sequentially.

Scope and Content:

The Series has been divided into two sub-series, including (1) Atkinson site DiMe-27 and Flintstone Hill site DiMe-26.

Name Access: North Lauder locale
Subject Access: Archaeology
Atkinson site DiMe-27

Arrangement:

Series is arranged by site and by year of field work.

Westman Recycling Council fonds

<http://archives.brandonu.ca/en/permalink/descriptions12346>

Part Of: RG 5 Western Manitoba Manuscript Collection
Description Level: Fonds
Accession Number: 14-2011
GMD: textual records
Date Range: November 15, 1989 - March 26, 2009
Physical Description: 90 cm

History /

Biographical:

The Westman Recycling Council was started by a small group of avid recyclers with financial and volunteer help from the Kiwanis Club of Brandon, among others. Volunteers organized the first outdoor recycling depots in June and October 1989. The first event with recorded minutes was the first annual meeting, November 15, 1989.

The organization was incorporated in February 1990, and became a registered charity in 1995. The Mission Statement was: "to support and promote the reduction, re-use, and recycling of material resources for the benefit of Westman's environment and future generations."

The major partner in the work of the organization was the City of Brandon. In 2003, Westman Recycling, in partnership with the City, built a Material Recovery Facility (MRF) at the Brandon Landfill; Westman Recycling owned the building on the City-owned land. It was a \$4 million structure - financed by federal and provincial grants (about one-quarter of the total) and a mortgage (about three-quarters). Details are in the Board and other Committee minutes and agreements.

In late 2005, Westman Recycling faced a severe cash crunch - as a result of poor markets for recyclables, changes in support funding from the Manitoba Product Stewardship Corporation (MPSC), and a drop in public recycling levels. In February 2006, the City decided to sign a contract with another organization to operate the MRF; after that there appeared to be no role for Westman Recycling.

A general meeting on September 22, 2008 voted to dissolve the organization. At that meeting, the suggestion was made (agreed to by consensus) that the files of the organization be donated to Brandon University to be made available for researchers. A Board of Directors meeting on the same date voted to donate all remaining funds to a perpetual "Westman Recycling" fund with the Brandon Area Community Foundation.

A final wind-up meeting was held on March 26, 2009

Custodial History:

The organization was overseen by volunteers / volunteer Board of Directors. The files were first held by volunteers / Board members in their homes. In May 1991, the organization hired David McConkey as Coordinator / General Manager, who was directed by the Board to manage the files on a daily basis from that date forward.

The files were kept in the organization's rented office space in the 1300 block of Pacific Avenue from May 1991 to September 1992, and then in the rented space in the Massey building at 6th Street and Pacific Avenue. The files were kept at the new facility at the landfill from April 2003 to February 2006. They were then stored in the basement of the Marquis Project, 912 Rosser Avenue, until August 2011 when they were donated to the S.J. McKee Archives, Brandon University.

Some files (e.g. minutes from 1995-96) were found to be missing entirely. Other files were disposed of by recycling and/or shredding as they were judged to be confidential (e.g. personnel), of an ordinary business nature only (e.g. invoices), or not useful for future research (e.g. extra copies, routine correspondence, building and equipment plans and other arrangements).

Scope and Content:

Fonds consists of records that document the origin, activities, demise, and legacy of the Westman Recycling Council. Records include minutes, financial summaries, scrapbooks, newsletters, brochures, media clippings, photographs and miscellaneous documents related to the construction in collaboration with the City of Brandon of Brandon's principal recycling facility.

Notes: Administrative history courtesy David McConkey. See additional notes on the organization in the curatorial file. Description by Tom Mitchell.

Storage Location: 2011 accessions

ARCH 3: Lovstrom locale

<http://archives.brandonu.ca/en/permalink/descriptions12406>

Part Of: RG 7 Beverley Nicholson fonds

Description Level: Series

Series Number: 3

Accession Number: 1-2010

GMD: multiple media

Date Range: 1985 to 1991

History /

Biographical:

The Lovstrom locale first came to the attention of Dr. Nicholson through conversations with landowners Mr. and Mrs. Herb Lovstrom in 1985. Lovstrom is a multi-component archaeological locale located 25km south of Brandon overlooking the Souris River channel. The landowner's surface collection and the presence of bone and artifacts in a cultivated field indicated the presence of one or more sites.

Limited testing was conducted in 1985 and 1986, followed by major excavations in 1987, 1988 and 1991. Eight sites of block excavations with a total of 132 1m² excavation units were completed. The locale area extends approximately 500m north from the edge of the Souris Valley escarpment and over 200m east from the Jock's Creek escarpment.

Physical and biological environment As has been noted above, the locale is bounded on the south by the Souris channel and on the west by the incised channel of Jock's Creek and a till plain extends to the north and the east. This plain is characterized by buff colored glacial till with numerous rocks embedded in the surface. Surrounding these rocky knolls are dark-soil hollows where the various cultural occupations are found. The depth of the topsoil layer suggests a long term grassland cover with the present oak forest likely developing in historic times due to the elimination of bison grazing and the controlling of prairie fires in late historic times. A small cleared patch of farmland is found within the boundaries of the locale area. This area has provided a substantial surface collection of artifacts.

Present vegetation in the area is a mosaic of aspen/oak forest groves and mesic grass prairie that includes introduced species such as brome grass. In poorly drained areas, willow and red osier dogwood are present. The Lovstrom locale is found in a forested area dominated by oak with an under story of saskatoon, chokecherry, pin cherry, and hazelnut brush. Poison ivy is abundant as well as sarsaparilla.

The major faunal resources in Precontact times would have been bison, with elk and mule deer playing a minor role. Antelope may have been present also. Small animals included snowshoe hare, cottontails, porcupines and beaver. Canids including wolf, coyote, fox and domesticated

hare, cottontail, porcupine and beaver. Canids, including wolf, coyote, fox and domesticated dog were present, as well as mustelids such as badger, mink, and weasel. Fragments from a fisher were also recovered in the excavations.

Summation.

The Lovstrom locale has eight sites. The sites were designated and excavated as Blocks A, B, C, D, E, F, G and H. Many of the sites are multi-occupations.

The Vickers materials are primarily confined to Blocks D, E, F, G and H. Vickers Focus materials overlie Blackduck/Duck Bay materials. Blackduck and Duck Bay materials are found in the lower levels of all excavation blocks and in most test units. The Vickers occupations at the Lovstrom locale, based upon ceramic wares and an overlapping of C14 dates, appear to have been contemporary with the Lowton type site to the east, near Belmont. A small protohistoric occupation was identified overlying part of Block D. Faunal remains are abundant with bison clearly dominating the assemblages. Lesser amounts of canid are present as well as small mammals including beaver, hare and mustelids. Small amounts of avian species are also present.

McGuinness broadcasts, lectures and workshops

<http://archives.brandonu.ca/en/permalink/descriptions13678>

Other Title Info: Title based on the contents of the series

Part Of: Fred McGuinness collection

Description Level: Series

Series Number: McG 6

Accession Number: 1-2015

GMD: textual records

Date Range: c. 1951? - 2010

Physical Description: Approximately 42 cm of textual records

Fred McGuinness' public speaking and broadcasting career began after he enrolled at St. Paul's College, which was affiliated with the University of Manitoba. From 1943 to 1946, McGuinness served on the student union's Public Relations Committee; in 1945, he became chairman of the Radio Subcommittee working as the Director of the University Radio Series where he was responsible (i.e., writing, casting, directing) for a half-hour Saturday afternoon radio programme. That same year, the President of the University of Manitoba recommended McGuinness as a speaker for the War Finance Committee in the Winnipeg Area.

In 1946, McGuinness moved to Port Arthur to work in public relations with the Wartime Prices and Trade Board. That same year he married his wife Christine. In 1947, the couple returned to Winnipeg, when McGuinness took a job as a Public Relations Officer for the National Employment Service's Unemployment Insurance Commission (UIC). While employed with the UIC, McGuinness travelled the summer fair circuit with displays promoting the UIC and its benefits. During that time, Royal American Shows also hired McGuinness as its Director of Publicity and Exploitation while the show toured with the fairs on the Canadian prairies. McGuinness also sold his first manuscript to the CBC in 1947, recording a 14-minute broadcast titled the "Class A Circuit" about the Royal American tour, after his summer fair schedule concluded.

McGuinness continued his work with Royal American and the UIC until he accepted a position with the Saskatchewan government in 1952 to promote its upcoming 1955 golden jubilee. His experience with the Saskatchewan Jubilee preparations lead to McGuinness being appointed as a provincial representative to the Canadian Centennial Commission in 1963; an appointment that had McGuinness delivering speeches provincially and internationally.

After the jubilee, McGuinness accepted a position with The Medicine Hat News in Medicine Hat, Alberta. During his decade with that newspaper as a journalist and publisher, McGuinness was heavily involved with the Chamber of Commerce and community service organizations. His position within the community had him delivering talks to many local groups.

At the beginning of 1966, McGuinness started his new appointment as manager of the newly formed personnel and information branch for James Richardson and Sons Ltd. whose head offices were in Winnipeg. At that time McGuinness was developing broadcast scripts for the CBC in earnest. McGuinness left Richardson and Sons in the fall of 1966 to become the publisher and vice-president of the Brandon Sun newspaper in Brandon, Manitoba.

In the 1970s, McGuinness was writing copy for CBC's Radio Noon and Information Radio, as well as producing Ashgrove Farm, a CBC radio drama. By 1980, McGuinness was hosting the CBC Radio broadcast Neighborly News from the Prairies. The radio program was cancelled by the CBC in 1983, but was reincarnated with Altona broadcaster CFAM later that year with McGuinness at the helm. The radio show ended its run in the summer of 1987. McGuinness continued working with the CBC, and is popularly known for his work as the prairie essayist for CBC Radio's Morningside with Peter Gzowski, a position McGuinness held for 17 years.

During his twenty years with the Sun, McGuinness took an active roll in the community and cultivated his interest in local history. Consequently he was invited to guest speak and chair sessions on local history, rural development, and the economy while providing his personal insights as a newspaper publisher.

In the 1980s and 1990s, McGuinness co-taught an undergraduate journalism class at Brandon University with English Professor John Blaikie. McGuinness also delivered community workshops on memoir writing, a past time he continued until shortly before his death in 2011.

Custodial History:

Accession 1-2015 contains records created and collected over the course of McGuinness' career as a radio broadcaster, newspaper journalist and freelance writer. The Estate of Fred McGuinness donated the materials to the SJ McKee Archives circa 2011. The Archives accessioned the records in 2015.

Scope and Content:

The series contains records created and collected by Fred McGuinness during his time as a radio broadcaster, journalist, editor, and freelance writer. Records in the series consist of broadcast scripts, lecture notes, speeches, rough drafts and notes, newspaper clippings, correspondence, and other research materials for respective broadcasts, lectures, speeches, and workshops.

The series has been divided into three subseries, including: (1) radio broadcast scripts, (2) BU journalism course, and (3) talks and workshops.

Notes:	Information for the history/biography was obtained from documents in McGuinness' personal papers (see his family papers McG 1.1 and the scrapbook in McG 1.4) and his book Letters from Section 17 (published by Great Plains Publications in 1999)
Accruals:	Closed
Finding Aid:	A file level inventory is available for each subseries, see subseries descriptions
Storage Location:	2015 accessions
Related Material:	Fred McGuinness would write/publish about a topic in a number of forums. Therefore, it is possible materials pertaining to his broadcast and lecture career may be found in other series of the Fred McGuinness collection. A sound recording of one of McGuinness' UofM broadcasts can be found in McG 7

Date Range:	c. 1985-1990

Physical Description: 17 artifacts
10 sound recordings

History /

Biographical:

Artifacts in this series were collected by Fred McGuinness during the course of his lifetime as a community volunteer and newspaperman. Beginning in the mid-1930s through the Second World War, McGuinness worked with the Canadian Pacific Telegraph service in Brandon and Winnipeg. McGuinness frequently wrote about those early experiences in his newspaper columns, journals, and monographs.

In the early 1950s, while McGuinness worked as a publicist with the Unemployment Insurance Commission in Winnipeg, he volunteered with community organizations such as the Winnipeg Community Chest Drive. From 1953 to 1955, McGuinness worked as an organizer for the Province of Saskatchewan's 1955 Golden Jubilee.

After the Saskatchewan Jubilee, McGuinness worked with The Medicine Hat News as a journalist and publisher from 1955 to 1965. During that time, McGuinness became heavily involved with the Medicine Hat Chamber of Commerce. His community and business connections resulted in his appointment as a fundraiser for the Medicine Hat Junior College Library, a building project intended to see the City established with its own college.

After his work with the Saskatchewan Jubilee, McGuinness was asked to be a Regional Director for the Canadian Centennial Commission from 1965 to 1967. During that time, McGuinness returned to his hometown of Brandon in 1966, to start a 20-year career with the Brandon Sun as a publisher and vice-president. McGuinness' interest in local history, of which he often wrote, made him the recipient of local ephemera from his readers.

Custodial History:

Accession 1-2015 contains records created and collected over the course of McGuinness' career as a newspaper journalist and freelance writer. The Estate of Fred McGuinness donated the materials to the SJ McKee Archives circa 2011. The Archives accessioned the records in 2015.

Scope and Content:

This series contains artifacts collected by Fred McGuinness during the course of his lifetime as a community volunteer and newspaperman. The artifacts include one telegraph sounder, four letterpress blocks, five typesetter rulers, two patches, two buttons, one token, one tin box, and ten sound recordings.

The telegraph sounder and relay system was possibly a gift from Bill Flett, a CPR superintendent. In his story "Canadian Pacific" published in *Letters from Section 17* (1999), McGuinness mentions receiving a package containing telegraph equipment while he was working at the *Brandon Sun*. The tin box in McGuinness' collection contained copies of telegraphs announcing the end of the war.

Two letterpress type blocks have the letters "WM" which may represent the initials of Fred McGuinness' father William McGuinness. J.R. Langford donated the "Colquhoun and Beattie" type plate to McGuinness, a known collector of Brandon local history. Mr. Beattie had gifted the plate to Lanford's father who worked as a barber in Brandon in 1906. The *Brandon Sun* letterpress is likely from the period when McGuinness worked at the *Brandon Sun*.

The five typesetter rulers come from a variety of typesetter and newspaper companies and include Teletypesetter (Chicago, IL), 6 Cutting Limited (Montreal, Toronto, Winnipeg), Mergenthaler Linotype Company (Brooklyn, NY), and *The Edmonton Journal*.

The two buttons in the collection come from McGuinness' time as a community-volunteer in Winnipeg, Manitoba. One button is from the Community Chest Drive, the other button is a guest badge from the 1953 Provincial Exhibition of Manitoba.

The two patches are from the Saskatchewan Golden Jubilee (1955). Photographs of Saskatchewan Jubilee events and participants wearing the patch on their blazers can be found in the McGuinness photograph collection.

McGuinness saved a Medicine Hat College Official Opening Token from October 3, 1971. McGuinness was likely at the opening as he was originally involved in the establishment of the junior college in the 1960s.

The sound recordings in McGuinness' collection largely pertain to centennial events, which McGuinness helped organize. There is one box set containing four records of the Saskatchewan Golden Jubilee Choir. Tucked in this volume is an additional record of the Choir recorded at CKCK, Regina, Saskatchewan. Also stored within the box set was a copy "Canada, A Centennial Song."

Accession Number:	1-2015
GMD:	multiple media
Date Range:	c. 1882-2010
Physical Description:	Approximately 2 m 83 books and other materials (see Material Details Note)
Material Details:	49 booklets 3 maps 3 newsletters 18 periodicals 16 pamphlets 35 newspapers [oversize drawer]

History /

Biographical:

The publications in this series were collected by Fred McGuinness during the course of his career as a newspaperman. McGuinness' personal library contained over 500 volumes pertaining to local history. He regularly consulted these materials when writing his radio broadcasts, newspaper columns, and monographs. McGuinness was known to file related materials (e.g., correspondence, newspaper clippings, invitations) between book covers of various titles.

McGuinness donated a substantial portion of his personal library to Brandon University's John E. Robbins Library when he moved to River Heights Terrace (Brandon, Manitoba). That collection can be found in BU's library catalogue under the McGuinness local history collection. The titles McGuinness retained upon his move were donated to the McKee Archives by his estate in 2011.

Custodial History:

Accession 1-2015 contains records created and collected over the course of McGuinness' career as a newspaper journalist and freelance writer. The Estate of Fred McGuinness donated the materials to the SJ McKee Archives circa 2011. The Archives accessioned the records in 2015.

Accession 20-2009 contain records created and collected by Fred McGuinness over the course of his career as a newspaper journalist and during the research and writing period of the Brandon history book, *The Wheat City*. Records remained in his possession at his home until their transfer to the McKee Archives on July 28, 2009.

Accession 6-2008 contains records created and collected during the writing of the Provincial Exhibition book, *Pride of the Land*. Fred McGuinness, who co-authored the book with Ken Coates, donated these records to the McKee Archives circa 1988. The materials relating to Souris, Manitoba, were given to McGuinness by Kay Sullivan in August 2007, and were subsequently deposited in the Archives.

Scope and Content:

This series contains publications collected by Fred McGuinness during the course of his lifetime as a newspaperman. McGuinness was a well-known local history enthusiast and frequently wrote about Brandon's local history. Many of his readers forwarded booklets and pamphlets for his consideration and review.

Materials in this series include books, booklets pamphlets, periodicals, newspapers and maps. Subjects include, but are not exclusive to: the city of Brandon, the town of Souris, memoirs, family histories, Canadian Pacific Railway, and local businesses.

Accruals:	Closed
Finding Aid:	A file level inventory is available

MPE A Local Association Records

<http://archives.brandonu.ca/en/permalink/descriptions8214>

Part Of: RG 4 Manitoba Pool Elevator fonds

Description Level: Series

Series Number: MPE A

GMD: textual records

Date Range: 1924-1998

Physical Description: 43 m

Scope and Content:

Series A is comprised of the records of the local co-operative elevator association as established in the period 1925 - 1968 under the Co-operative Associations Act. Until 1968 the local associations were the main administrative unit of Manitoba Pool Elevators. Subsequent to 1968 Pool Elevators became a direct membership top down organization. The central office was at the top, and the province was divided into seven administrative districts, which were in turn each divided into six sub-districts. Each sub-district would usually contain approximately five "locals". Please note that local associations were not obliged to become part of the new structure of Manitoba Pool Elevators, and as late as 1975 there were still 29 locals that did not belong to a sub-district. The records of each local within the Series may, but do not necessarily, contain the following: organizational papers, minutes of executive board, minutes of shareholders annual meeting, financial statements, correspondence, membership lists, miscellaneous. Series has been divided into 233 sub-series.

Notes:

This series contains records for both local associations and for sub-districts. Item number does not correspond to sub-district number, so an item number and sub-district number may be the same and correspond to two separate records.

MPE B Central Office Records

<http://archives.brandonu.ca/en/permalink/descriptions8215>

Part Of: RG 4 Manitoba Pool Elevator fonds

Description Level: Series

Series Number: MPE B

GMD: textual records

Date Range: 1923-2001

Physical Description: 16.82 m

History /

Biographical:

The structure of the Manitoba Pool Elevators from its beginning in 1925 until its restructuring in 1968 placed importance in the principle of democracy. The company was run from the local associations, the central office acting as a hub that facilitated communication between all the locals and between the locals and the selling agencies. The central office was not powerless, but important decisions or by-laws could not be made without the consent of the majority of the locals.

After the restructuring of MPE in 1968 the central office took on more responsibilities. It became the top of the administrative structure and instead of members belonging to their local elevator, they were now direct members of MPE. This administrative structure continued until the 1998 merger with the Alberta Wheat Pool to form Agricore.

Scope and Content:

Series B consists of an artificially assembled collection of Central Office records. It has been divided into the following sub-series: (1) Central Office minute books; (2) Documents; (3) Local Association Minutes; (4) Local association financial statements; (5) District and Sub-district records; (6) Circulars; (7) Annual reports; (8) Speeches & Addresses; (9) Correspondence; (10) Broadcasts; (11) General Reports; (12) Indexes; (13) Summary of Association Operations; (14) Acquisitions; (15) Inter-provincial Committees; (16) Historical Topics.

See collection level description of the Joseph H. Hughes collection for custodial history.

Scope and Content:

Accession 1-2008 (32 cm textual records and 1 map; 1906-1916; predominant 1909-1915). As mayor, city Alderman and prominent city businessman, J.H. Hughes came into possession of many city government, civic, and business records during the first decade and a half of the twentieth century.

The accession consists of city records, information on contemporary city utility services and companies including tenders for the construction of the Brandon street railway, documents concerning grain elevators, lumber production, newspaper clippings, as well as personal and city correspondence - including a proposal from the Canadian Northern Railway to construct the Prince Edward Hotel.

Accession 6-2009 (2.26 m textual records; 1882-1920). Records in the accession deal with the business affairs of Hughes & Company. Accession also contains records related to the personal affairs of J.H. Hughes.

Records from 1882-1889; predominant 1882 include: business correspondence. Much of the correspondence is between Hughes and his business associates T.T. Atkinson and Mr. Kennedy at Rat Portage in Ontario. Mr. Bambridge, who ran the Souris Yard is also mentioned frequently. There is also correspondence related to the Reid Farm, Hughes' first commercial farming venture. Various documents are concerned with J.H. Ashtown Hardware, the Manitoba Government Immigration and Intelligence Office, Butler Paper & Co., Canadian Pacific Rail, Boston and Maine Rail, Keewatin Mills, Charmichael Clothing, The Hudson's Bay Company and the City of Brandon

Records from 1889-1893 include: financial records including debts owed to or by J.H. Hughes & Company; correspondence between the company and partners and employees regarding the running of the lumber company in Brandon, Souris, Rat Portage and Rainy River (shipping of goods, camp supplies, maintenance of mills, ordering of goods, trade with other lumber companies); legal records pertaining to litigation regarding debts; correspondence with the Department of the Interior, the Department of Crown Lands, and the Department of Indian Affairs; correspondence regarding real estate in Brandon and land sales in the various regions of the lumber and grain company's operation; correspondence between J.H. Hughes and his brothers A.J. Hughes, Charles B. Hughes, his cousin J.R. Hughes and his father J.C. Hughes regarding both business and personal matters. Also includes telegraphs, postcards, magazine subscriptions, and Masonic brochures.

Records from 1893-1895 include: business correspondence between Hughes & Atkinson Co. and lumber suppliers in Ontario and the midwestern United States. The records deal with the activities of the company, including payment of accounts, ordering and shipping of lumber and lumber related goods.

Records from 1897-1901 include: business letters, postcards, telegrams and memorandum of the Hughes and Long Lumber Company.

Records from 1907, 1913-1915; predominant 1914 include: business correspondence, product information and legal correspondence generated and/or received during business activities. There are also a series of miscellaneous files containing material related to Brandon municipal politics.

Records from 1915 include: business and personal correspondence to Hughes & Company pertaining to the J.H. Hughes Lumber Co. and farming ventures in Saskatchewan.

Records from 1911-1920; predominant 1919 include: business receipts and correspondence of Hughes & Company under the management of Willard C. Hughes, as well as family correspondence that is both personal and business-related. Business activities are largely related to the company's rental property in Brandon and farms in south eastern Saskatchewan, including Storybooks, ASK. It also includes some correspondence related to the Brandon Board of Trade and Civics (Willard Hughes was Chairman of the Power Committee). Records also include correspondence urging the province to construct an electrical transmission line to Brandon from Winnipeg, the possibility of a detachment of the Royal North West Mounted Police re-locating to Brandon, the operation of the Soldiers Re-Settlement Board, and the vacating of the Winter Fair building, which had been used to house interned World War I prisoners starting in the spring of 1915. References to the Winnipeg General Strike of 1919 and the Teamsters Strike in Brandon of 1919 also occur in the correspondence.

Notes: Accession 21-2008 was processed and described as part of a Historiography class assignment in September and October 2008. The fonds was broken down into smaller components (1-3 boxes of records) spanning a few years and each student was assigned all the records in a particular time frame. Description by Christy Henry, Tom Mitchell, Andrew Dagley, Jill Sutherland, Laurel Neustaedter, Kylie Staslia, Tim Banman, Christine Shumay, Aimee Brown and Erica Smith.

Finding Aid: Inventory for Accession 1-2008.

Lawrence Stuckey slide collection

<http://archives.brandonu.ca/en/permalink/descriptions9512>

Part Of: RG 11 Lawrence Stuckey fonds

Description Level: Series

Series Number: 2

Accession Number: 1-2002

GMD: graphic

Date Range: 1954-1982

Physical Description: approximately 3838 colour slides

History /

Biographical:

For history/bio information see the collection level description of the Lawrence Stuckey collection.

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

Series consists of slides created from photographs taken by Lawrence Stuckey during his travels throughout Manitoba, other parts of Canada and the United States. Although Lawrence and his wife Mavis travelled for pleasure, their destinations were often chosen deliberately to enable Lawrence to explore and photograph specific landscapes, flora and fauna.

Brandon Daily Sun microfilm

<http://archives.brandonu.ca/en/permalink/descriptions10190>

Part Of: RG 5 Western Manitoba Manuscript Collection

Creator: Backstage Library Works

Description Level: Fonds

Accession Number: 2-2010

GMD: microfilm

Date Range: 2009

Physical Description: 52 reels of microfilm

History /

Biographical:

The Brandon Sun transferred the original copies of the Brandon Daily Sun, 1900-1917 to the McKee Archives for the purpose of having them preserved and microfilmed.

Money provided by the Manitoba Council on Post-secondary Education for the development of Manitoba, a website created by the Manitoba Libraries Consortium, included funds for the microfilming and digitization of the Brandon Daily Sun held at the S.J. McKee Archives.

In the summer of 2009, the hard copy edition of the Brandon Daily Sun were sent to the offices of OCLC Preservation Service Center, now Backstage Library Works, in Bethlehem, Pennsylvania. Backstage undertook to cut the bindings of the paper and prepare master and service microfilm copies of the entire run of the publication.

The microfilm copies were shipped from Backstage to the University of Manitoba and subsequently to the McKee Archives, arriving the week of January 18, 2010. The original hard copies of the Brandon Daily Sun will also be returned to the McKee Archives.

A digital version of the microfilm will appear of the Manitoba website.

Custodial History:

Microfilm was created by Backstage Library Works in Pennsylvania from hard copies of the Brandon Daily Sun held by the McKee Archives during the winter of 2009-2010. The master and service copies of the microfilm were delivered to the McKee Archives in January 2010.

Scope and Content:

Fonds consists of Archival Master copies and Service copies of the Brandon Daily Sun (February 5, 1900- December 31, 1917).

Notes: Description by Christy Henry.

Name Access: Brandon Daily Sun
Brandon Sun

Subject Access: newspapers

Storage Location: Archival Master copies - 2010 accessions
Service copies - integrated with the Brandon Sun microfilm in the John E. Robbins Library
