History /

Biographical:

Albert Edward McKenzie was born in Wilcox Lake, York County, Ontario in 1870 to Francis Bethel McKenzie and Maria (Carley) McKenzie. In 1882 he moved to Brandon, Manitoba with his family, where his father established a Flour, Seed and Grain business. At the age of twenty-six, following his father's death, A. E. took over the family business and transformed it into a seed institute. As the President of The Brandon Seed House, and, later, A. E. McKenzie Seed Co. Ltd., Mr. McKenzie played a central role in the daily operations of his company up until three weeks prior to his death on September 25, 1964.

In 1901, Mr. McKenzie married Laura Bell of Carmen, Manitoba, with whom he had two daughters, Marjorie and Kathleen. Kathleen married Walter C. Roberts and became a member of the Board of Directors of her father's company. Marjorie graduated from Brandon College, and received additional degrees from the Columbia College of Expression, and from Northwestern University. From 1927-1930 she taught at Brandon College, then resigned to do post-graduate work. She returned to Brandon College in 1935 as Instructor of Public Speaking and Dean of Women in Clark Hall. Marjorie resigned as Dean of Women after one year, and eventually relocated to British Columbia. Both Kathleen and Marjorie survived their father. Laura had passed away in 1943. At the time of his death, A.E. McKenzie was also survived by had one grandson: David McKenzie Roberts.

In addition to building his company into one of Canada's foremost seed institutes, McKenzie was also involved with many community projects. He was affiliated with the YMCA, YWCA, Salvation Army, and Community Chest. He was a charter member of the Kiwanis Club, and a long-term officer of the Brandon Chamber of Commerce. However, McKenzie's major interest was Brandon College, for which he served as a governor and as chairman of the board of governors for the College.

A central figure in the fight to save Brandon College, McKenzie was instrumental in the formation of Brandon College Inc., and, in 1945, he established the A. E. McKenzie Foundation, for which the Government of Manitoba was the sole trustee. His gift to the Foundation was securities valued at \$1 million, which ensured the survival and re-establishment of Brandon College and later Brandon University.

In 1941, McKenzie received the degree of Doctor of Laws honoris causa from the University of Manitoba. In 1962, he was honored with a certificate of merit for exemplary citizenship in commerce and in every aspect of community life from the City of Brandon.

Biographical:

Walt Browarny of Browarny Photography located in Calgary, Alberta created most of the photographs in this series. Other creators include Buddy Knox Entertainment Enterprises Limited, Arnaud, Manitoba and Frank Brandes Enterprises, Los Angeles, California. Leech Printing Limited of Brandon, Manitoba printed a few of these photos, likely as a service to the organizers of AgEx.

Custodial History:

Some of the AgEx graphics were stored with the Provincial Exhibition and Royal Manitoba Winter Fair photograph records at the MEA offices until these records were brought to the McKee Archives ca. 1986. Most of the pictures, however, were included in the textual records of the AgEx sous-fonds. Since ca. 1986, this sous-fonds has been transferred on a continuing basis to the McKee Archives. In July 1999, the AgEx photographs were separated from the sous-fonds' textual records and were placed in Series 9.

Scope and Content:

Series consists equally of colour and black and white pictures pertaining to AgEx. Roughly half of these pictures date from 1976; the other half date from 1986 and 1987. Four subject areas comprise the series: livestock, exhibits, entertainment, and dignitaries.

LIVESTOCK

Almost all of the AgEx photos are of prize-winning bull and female cattle. Breeds represented in the photos of 1976 are Angus, Charolais, Chianina, Hereford (Polled and Non-Polled), Holstein, Limousin, and Maine Anjou. Depicted in the photos of 1986 and 1987 are Angus, Aquitaine Blond, Charolais, Hereford (Polled and Non-Polled), Maine Anjou, Saler, Shorthorn, and Simmental.

Sheep are also featured in this series. Included are pictures both of sheep shows and sheep shearing.

EXHIBITS

At the 1976 AgEx were various commercial display booths. Depicted in this series are Kullberg's Furniture, Standard Steel Buildings, Cargill, Rug Doctor, and Linden Trailer Sales and Services Ltd.

ENTERTAINMENT

Entertainment graphics are advertisements for Buddy Knox, a singer who performed at the 1989 AgEx.

DIGNITARIES

Dignitaries depicted in this series are organizers of the fall fair. Also included is the 1976 Hereford Association Queen.

Containing over three hundred images of purebred cattle, this series is valuable for historians of agriculture. By examining these photos, one can ascertain the characteristics of breeds found in western Canada. This series is also useful for historians of agricultural exhibitions. By studying the pictures of Brandon's AgEx, one can determine the nature of fall fairs in western Canada.

History /

Biographical:

A.E. McKenzie was born in Wilcox Lake, York County, Ontario in 1870 to F.B. and Maria (Carley) McKenzie. His family came to Manitoba in 1883. He was educated in Brandon, Manitoba and graduated from the Collegiate Institute at age 21. In 1897 he founded the Brandon Seed House. McKenzie was present at the cornerstone-laying ceremony of Brandon College on July 13, 1900. From that moment on, he was very involved in the College, first as an interested businessman, and later as a member of its Board of Directors. In 1902, McKenzie married Laura Bell in Port Arthur. They had two daughters, Marjorie Bell and Kathleen. In 1906 the Brandon Seed House was incorporated and from then on was known as the "A.E. McKenzie Co. Ltd.."

McKenzie became a member of the Brandon College Endowment Committee in 1918. The following year he was on the Finance Committee. By 1925, McKenzie was a member of the Board of Directors. In 1928, he was part of a syndicate that advised the Baptist Union that they were developing an endowment plan to provide continuing financial support to the College and talked the Union into providing \$10 000 towards the accumulated deficit.

In 1931, McKenzie organized the Brandon Board of Trade to help save Brandon College when the Baptists said they could no longer afford to keep the College. After the By-law failed, he helped to organize the Brandon Citizen's Campaign to raise enough money so that the College could open the following year.

When the Baptists withdrew support in 1938, McKenzie was one of the central figures on the Brandon Board of Trade that decided to save the College from closure. A representative delegation from Southwestern Manitoba of over 60 men descended upon Premier Bracken's office to try and convince him to help the College. On June 12, 1938 McKenzie said he would set up a \$100 000 endowment to Brandon College. He subsequently raised this amount to \$300 000. On August 1, 1938 the Board of Trade launched a campaign to raise \$15 000 to match what the government was prepared to offer the College. McKenzie was asked to provide Brandon College with \$3000 personally. In September of 1938, McKenzie upped his endowment once more to \$500 000. The fund raising worked however, and the charter establishing Brandon College Incorporated was assented to on April 17, 1939. On June 6, 1939 a by-law was again presented to the citizens of Brandon, and fortunately it passed.

In 1941, McKenzie received an honorary L.L.D. from the University of Manitoba. The A.E. McKenzie Foundation was created in 1945 by the provincial government, who had assumed 90% of the A.E. McKenzie Co. Ltd. stock.

On September 25, 1964 McKenzie died at the age of 94. He never retired, but worked full time until two weeks before his death. The funeral was held in the J.R.C. Evans Lecture Theatre. The Arts and Library Building at Brandon College was completed in 1960, and is known as the A.E. McKenzie building, in honour of the man who contributed so much time, effort and financial help to the College during a crucial period in its history.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

A.E. McKenzie's records in the Brandon College fonds are very useful from an administrative point of view. Because McKenzie was so involved in Brandon College from the very beginning until his death in 1964, it is easy to understand how the College Administration arrived at decisions. There is correspondence between McKenzie and various regarding College and Board of Director business. There are Brandon College financial statements and letters regarding the A.E. McKenzie Foundation. The records contain newspaper clippings, pamphlets and lists of names of members of various Brandon organizations. As well, McKenzie has letters regarding Building Expansion in the 1940's and minutes of Board of Director meetings. There are also several photographs. One photograph is the 1919 graduation picture of Zoe Hough. Another is tentatively identified as Frances Wolverton, also of the Class of 1919. There are two more photographs of unidentified young women.

History /

Biographical:

A gathering of the Arts Class of 1912, the theological graduates of 1912, the Ad Eundem graduates and former graduates in Brandon for the Convocation exercises met in 1911 and decided to form an Alumni Association of Brandon College open to all Arts and Theological graduates, past, present and to com, and also to those admitted Ad eundem. An executive was elected and a constitution was to be written. The aim of the Alumni Association was to "promote and sustain the spirit of loyalty to its Alma Mater, and to assist in all possible ways in exalting her ideals and forwarding her progress." It was also meant to sustain and strengthen bonds of fellowship between the members of the body graduate. To foster this sentiment an annual Alumni banquet was discussed. It is unkown how long this version of the Brandon College Alumni Association operated or what became of it.

The present day Alumni Relations office dates from the local chapter of the Brandon College Alumni Association organized in June 1936 at a meeting held in the reception room of Clark Hall.

ARCH 2: North Lauder Locale

The North Lauder locale has a long archaeological and geological history that is important for understanding the forces that shaped the region. Archaeological research in the locale shows

that the area has been occupied by humans for at least the past 6,500 years. Environmental forces provided an area of diverse resources that attracted early peoples.

Environment of the Lauder Sandhills

The North Lauder locale is part of the greater Lauder Sandhills area. The glaciers that covered this region began to recede approximately 11,000 years ago leaving a large lake known as glacial Lake Hind. The Souris River, the Lauder Sandhills and the Oak Lake Aquifer are remnants of the environmental and geological forces that shaped the region.

The Lauder Sandhills region is characterized by a landscape of sand sheets and stabilized sand dunes interspersed with a variety of wetlands. This complex topographic and hydrological situation favoured the development of an island mosaic of mixed forest, wetland and meadow, surrounded by mixed grass prairie. The result was a large, isolated ecotone which provided a rich variety of subsistence resources for hunter-gatherers.

Research in the Lauder Sandhills

Archaeologists from Brandon University have been conducting research in the Lauder Sandhills since 1991. Research in the North Lauder locale has focused on the Atkinson site, a 6,500 year old hunter-gatherer site and Flintstone Hill.

The Atkinson site

The Atkinson site is one of the oldest excavated sites in Manitoba and has been Radiocarbon dated to 6,500 years before present. The Atkinson site is located on the bank of the Souris River and was discovered when a hearth (fire pit) was seen eroding out of the bank. Based on the date of the site and the kind of lithics (stone tools) present it is considered a Gowen occupation. The Atkinson site is evidence that bison hunters were active on the northern plains at a very early date. Similar sites have also been found on the High Plains in the U.S. and are referred to as the Mummy Cave Complex.

The Atkinson Site is of great importance as it is the first undisturbed site of this type to be excavated in Manitoba and extends the range of these sites south and east from the type-sites in central Saskatchewan.

Flintstone Hill

The geomorphology of the glacial Lake Hind Basin over the past 11,000 years is known primarily through the study of a cut bank along the Souris River. Flint Stone Hill contains the most complete stratigraphic record for the post-glacial period on the northern plains. The site has been extensively studied by geoarchaeologists, geologists and paleoenvironmentalists over many years and their findings have contributed to our understanding of the region.

The North Lauder locale Borden designations of Atkinson site DiMe-27 and Flintstone Hill site DiMe-26.

Borden System

Archaeological sites in Canada are identified by the Borden system, which is a uniform site designation system. The country is divided into grids based on latitude and longitude in blocks of 10 x 20 minutes. The first 4 letters indicate the block and the following numbers indicate the actual site. For example the area of the Lauder Sandhills in southwestern Manitoba is identified by the letters DM and the North Lauder locale within that area is DiMe. The Atkinson site is DiMe-27 and the Flintstone Hill site DiMe-26. As new sites are discovered they will be numbered sequentially.
