Introduction

Information on archaeological materials in this locale first came to the attention of Dr. Nicholson through Doug Jackson, a local artifact collector from Souris. Doug had observed archaeological materials that included bone, ceramics and lithic material that had been exposed by municipal road building activity, northwest of Lauder Manitoba

Environment

The Makotchi-Ded Dontipi locale is located among stabilized sand dunes in the Lauder Sandhills in Southwestern Manitoba, northwest of the village of Lauder. The area is a mosaic of medium grass prairie and copses of aspen poplar and aspen-oak, together with intermittent sedge grass marshes and small ponds. These wetlands are bordered with balsam poplar, water birch, willows and red osier dogwood.

The well-drained upland forest also contains saskatoon, chokecherry, wild current, hazelnut bushes and occasional wild plums. Lowland areas have nannyberries and high-bush cranberry. Wild strawberries grow in lightly shaded areas along trail margins and in open patches in aspen forest.

History of Excavations

The Makotchi-Ded Dontipi locale is a virtual "island" of forest and marshlands in a vast expanse of mixed grass prairie. This archaeologically and environmentally rich area was given the Dakota name Makotchi-Ded Dontipi, meaning "the place where we live".

Summation

Prior to European settlement, the area was a rich environment for hunter-gatherer people. Archaeological investigations from 1992 to 2002 have revealed numerous sites within the locale. Some of these sites have been extensively excavated while others have been identified or tested.

Seven sites that have been identified in this locale range in age from the historic through protohistoric periods and extend into the middle precontact period. The major sites are the initial Middle Missouri Duthie site, the late precontact Jackson, Bradshaw sites and the protohistoric Twin Fawns, Schuddemat and Hollow B sites. The multi-component Vera site includes historic Métis, late precontact Vickers Focus, and middle precontact Besant, Pelican Lake, McKean Complex and Oxbow occupations. Over 230 units were excavated as well as numerous test pits and several extensive surveys.

The Office of the Registrar was created in 1910. The person in the Registrar's position was in

charge of many aspects of administration. The Registrar was to be drawn from the united departments of Arts and Theology and had four main functions:

1. To have charge (in conference with the President) of all correspondence with prospective students and with previously registered students of the College, in respect to courses of study.
2. To receive students from the Heads of the several Faculties, these Heads of Faculties having indicated by card the department and to register the student and furnish him with a card to the Bursar of the College indicating the fees called for by the course or courses of study, for which the student is registered.
3. To record the class standings of students from the reports furnished by the instructors.
4. To furnish the President with certified copies of such reports as are called for by the terms of affiliation with McMaster, or as he may otherwise require.

Along with these specific functions the Registrar was an officer of the Board of Directors, the Executive, an ex-officio member of the Senate and College Council. The Registrar also acted as the liaison between Brandon College and McMaster University. Following the "Act to Incorporate Brandon College Incorporated" in 1939, the Registrar became Secretary of the Senate and liaison between Brandon College and the University of Manitoba. From the period 1910 to 1967 there was no less than ten Registrars, many of them also taking on the task of Bursar.

History /

Biographical:

From the very beginning, Brandon College has maintained library services for its students. A professor was put in charge of the library, although in the beginning it was little more than an empty shelf in a cabinet. As it grew, there became more of a need for an administrative body. A Library Committee was created in order to keep the library running smoothly. With the construction of the A.E. McKenzie Building in 1960 came a permanent resting place for the Brandon College Library.

Scope and Content:

The records include a 3 cm book of Library of Congress Card Orders of Recent Publications from 1957 to 1960. As well, there are applications for employment, minutes from the Library Committee and Sub Committees. There is also correspondence from the Director of Library Services and accession records.
