BC 7: Brandon College Alumni Association

<http://archives.brandonu.ca/en/permalink/descriptions4249>

Part Of: RG 1 Brandon College fonds

Description Level: Series

Series Number: 7

GMD: textual records

Date Range: 1912-1967

Physical Description: 13 cm

History /

Biographical:

The Brandon College Alumni Association was created in the spring of 1912. The Arts Class of 1912, the Theological graduates and also the Ad Eundem graduates met together with old graduates who were in the city. It was decided to form an Alumni Association of Brandon College open to all Arts and Theological graduates, past, present and future, as well as those admitted Ad Eundem. An executive was elected, Reverend J.C. Bowen of Winnipeg being appointed President, and J. Dempsey, Class of 1912, Secretary. The matter of drawing up a constitution was left to the executive.

A meeting was held by the executive on November 21, 1912 in order to discuss membership into the Association. A resolution was eventually passed that approved the basis set down the previous spring: All Arts, Theological and Ad Eundem graduates were to be admitted into the Association.

The Alumni Association was created by students in order for graduates and former students of Brandon College to maintain contact with the College and each other and to promote the College's interests.

The Alumni Association's activities included: publication of the quarterly Alumni News, mailed to all members and associate members; administration of the Alumni-contributed \$17 000 J.R.C. Evans (Memorial) Student Loan Fund, providing interest free loans to worthy students; representation on Brandon College Board of Directors; contributions to College expansion; organization of Association branches in major cities and of social events for Alumni members.

Scope and Content:

The records of the Alumni include newsletters, "Alumni News," and various other documents dealing with the association.

Esther Magdalene Moore collection

<http://archives.brandonu.ca/en/permalink/descriptions4299>

Part Of: RG 1 Brandon College fonds

Description Level: Sub-series

Series Number: MG 1 1.5

Accession Number: 4-2016

GMD: textual records

Date Range: 1911?-1960?

Physical Description: 8 cm

History /

Biographical:

Esther Moore was born in Norfolk, Nebraska and moved to Canada at age 3. There is a vague reference to her being related to the composer Dvorak in The Quill of 1913. She registered as a music student at Brandon College in 1909. In 1910, Miss Moore received a medal for sight-reading and accompanying in Edmonton. She took her examinations of the Toronto Conservatory of Music in 1910, and her Senior examinations in 1911. She completed her theory work in 1913, as well as finishing the academic requirements. In 1913, Esther Moore became the first graduate of the Music department at Brandon College. After graduation, Miss Moore taught music in Unity, as well as being the choirleader and organist. She returned to her home in Olds, Alberta for a rest from teaching. However, she was not idle for long. She took up teaching again, and she was the organist and choirleader at church. She also began a Glee Club. Between these responsibilities Miss Moore finished a course in the Household Science Department at the Olds Agricultural College. She returned to Brandon College to take postgraduate work, becoming the first Brandon College student to receive her L.T.C.M. in 1916. In 1922 Miss Moore began to teach piano at Brandon College. She received her Bachelor of Music in 1925, and her Master of Music in 1926.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

Esther Moore's records consist of newspaper clippings, recital programmes, concert programmes, and commencement programmes. As well, there are dance cards, invitations, tickets, and the programme for the annual Graduation Banquet for several years. There are Track and Field programmes and a ribbon. There are also Alumni Luncheon programmes for a few years. There is an issue of The Western Baptist from 1926, and the programmes for the installation of Dr. Robbins as President and the opening of the Arts and Library building and the J.R.C. Evans Lecture Theatre in 1960. There is also a letter from William L. Wright, director of the music department at Brandon College.

Keystone Centre development and construction fonds

<http://archives.brandonu.ca/en/permalink/descriptions4854>

Part Of: RG 5 Western Manitoba Manuscript Collection

Description Level: Collection

Accession Number: 22-1998

GMD: textual records

Date Range: 1957-1974; predominant 1970-1974

Physical Description: 36 cm

History /
Biographical:

The idea of the Keystone Centre was first mentioned in 1958, at a meeting of the board of directors of the Manitoba Winter Fair. The Manitoba Winter Fair wanted a new facility because the old Wheat City Arena had a leaking roof and a deteriorating west wall. The old facility also had limited space and the Winter Fair felt it needed more space for expansion. The Provincial Exhibition of Manitoba also had problems with their facilities, such as old barns and poor display areas. The idea of the Keystone Centre was put on hold until 1969, when the boards of the Provincial Exhibition and the Manitoba Winter Fair joined together as the Provincial Exhibition Association of Manitoba and the Wheat City Arena was sold and demolished. The original estimate for the cost of the Keystone Centre facilities was \$4.5 million and funding would be proportioned so that the federal and provincial governments would each put in one-third of the money, with the rest coming from local donations. The financial campaign for the Keystone Centre began in 1970, and construction began in November 1970. The grand opening of the Centre was in March 1973, and coincided with the Royal Manitoba Winter Fair of that year.

Custodial History:

This fonds was accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

Fonds contains many folders full of correspondence, financial statements, meeting minutes and other documents relating to the development and construction of the Keystone Centre from 1970-1974, including those from the Keystone Executive Committee, as well as the Building Committee. Fonds also contains one folder that pertains to the Brandon Area Agricultural Development Survey from 1959. This folder contains the names and locations of all farmers in the Brandon area in 1959. The Brandon Area Agricultural Development Survey was created in 1959, in order to make farming in the Brandon area more profitable. The survey was aided by Doane Agricultural Service from St. Louis, Missouri, who had success creating agricultural development programs in the United States. Fonds also contains folders from the Provincial Exhibition with correspondence, pamphlets, estimates, and studies from the 1960's. There is also one folder belonging to the Manitoba Winter Fair, which contains correspondence and financial statements relating to the Wheat City Arena. Fonds also contains information pertaining to the proposals made in the 1960's, for the building of the Keystone Centre, as well as one folder about the Keystone campaign from 1970-73. There is also one folder about the opening of the Keystone Centre, which contains newspaper clippings and guest lists. Finally, the fonds contains information about a court case involving Albert Bobyk and Robert Stewart. Stewart was the project manager for the Building Committee and Bobyk worked on the Keystone Center. The fonds includes a report about the trial of the two men who were charged with fraud involving their work on the Keystone Centre.

MPE B 7 Annual Reports

<http://archives.brandonu.ca/en/permalink/descriptions9110>

Part Of: RG 4 Manitoba Pool Elevator fonds

Description Level: Sub-series

Series Number: MPE B.7

GMD: textual records

Date Range: 1926 - 1994

Physical Description: 33 cm

History /

Biographical:

As a co-operative company, the Manitoba Wheat Pool and later the Manitoba Pool Elevators was member controlled. In order to run the company successfully members needed to be educated and kept updated about the companies financial and organizational situation. Annual reports were one of the many ways the Pool tried to do this. See fonds level description of RG 4 for complete history/bio of MPE.

Scope and Content:

Sub-series MPE B.7 consists of annual reports. There are two complete sets of annual reports, one for archival storage and one for use by researchers. Neither set contains a report for 1931. Reports from 1926 until 1928 are Manitoba Co-operative Wheat Producers, Ltd. Reports, 1929 - 1930 are Manitoba Wheat Pool Reports. All reports subsequent to 1931 are Manitoba Pool Elevators.

Archival set: (1) Bound Copies, MPE Annual Reports Vol. 1 1926 - 1949; MPE Annual Reports Vol. 2 1950 - 1959; MPE Annual Reports 1960 - 1969; (2) Individual MPE Annual Reports 1970 - 1998

Reserch set: Individual MPE Annual Reports 1926 - 1930, 1932 - 1998

Date Range: 1911?-1940
Physical Description: 7 cm
History /
Biographical:

Thomas Russell Wilkins was born in Toronto in 1891. He received his B.A. from McMaster University in 1912, and became the Science Master at Woodstock College the following year. In 1916, he and his wife Olive moved to Chicago, where Wilkins was an instructor of Physics at the University of Chicago. The next year he served as a master signal electrician in the U.S. Signal Corps. During World War I, Wilkins completed pioneer research for the United States Navy, which led to the development of pulse sonar devices in the 1920s. He had also been researching the possibilities of a wireless telephone.

Wilkins and his wife moved to Brandon in 1918, where he took up the position of Professor of Physics. During his time at Brandon College, Wilkins introduced the latest technology to classrooms, designed the original Science Building, and along with the Brandon Citizen's Committee, secured building funds for the Citizen's Science Building.

Receiving his Ph.D. from the University of Chicago in 1921, Wilkins resigned from Brandon College in 1925 to pursue postgraduate study at Cambridge University. In 1926, he began research at the University of Rochester, where he also took up the position of Professor of Physics. From 1930 to 1938, he acted as the Director of the Institute of Optics.

Widely known for his work in the fields of cosmic rays and atomic disintegration, in April 1939, Wilkins announced the perfection of a camera that was able to record the "footprints" of invisible atoms after they collide. In October 1939, he received a medal from the Royal Photographic Society of Great Britain recognizing his work regarding the use of photographic emulsions in the study of radium. The following year, Wilkins perfected a camera that could determine the energy levels inside the nuclei of stable chemical elements. He received a grant from Sigma Xi, the National Society for the Promotion of Scientific Research, in November of 1940.

Wilkins married twice. The first marriage, to Olive Angles Cross took place on June 17, 1913. Olive Wilkins died suddenly on May 13, 1937, at the age of 45. Wilkins married Susan Gwendolyn Whidden, the daughter of former Brandon College president Dr. H.P. Whidden, in 1938.

Thomas Russell Wilkins died suddenly of a heart attack on December 10, 1940, on his way back to his laboratory after a faculty meeting. He was 49 years old.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

T. Russell Wilkins' records contain correspondence between himself and Mrs. Wilkins and Dr. Whidden concerning their employment with Brandon College. There are letters between the two men regarding the building of the Science Building in 1920. There is also a copy of the Canadian Baptist. Besides programmes and a picture, there is also correspondence between various people. Dr. Wilkins kept the papers he had written for various classes at McMaster University in the years 1911 and 1912. There is a "toast to the ladies" that he delivered at a banquet of some sort, that gives an interesting view on how Wilkins, and possibly other men of his time, viewed women. There are numerous newspapers clippings, and several pages taken from journals such as Popular Mechanics, Popular Electricity and others. Dr. Wilkins was at the top of his field of study. He was an extremely bright man who managed to create some very useful tools of science. His papers are interesting and informative to read.
