History / Biographical:	

George E. Thorman was born in Vancouver, British Columbia on September 17, 1913. His public school education began in Rivers, Manitoba and was completed, along with his high school and part of his university education in Brandon, Manitoba. After completing his Bachelor of Arts General at Brandon College, Thorman attended the College of Education in Toronto for one year before beginning his teaching career at Essex High School, Essex, Ontario in 1935. After four years in Essex, Thorman transferred to the St. Thomas Collegiate Institute (STCI) in St. Thomas, Ontario.

In 1941, Thorman joined the Canadian Army at Brandon as a gunner in the 59th Field Battery and after five years, having served in England, Italy and Western Europe, he retired with the rank of Captain. Following the Second World War, in 1945, Thorman taught in a high school for Fifth Division in Gronigen, Netherlands before moving on to teach first year university English at Kahki College in England in 1946. That same year he returned to Canada and rejoined the staff at STCI. Two years after his return George Thorman married the former Margaret Gliddon of St. Thomas and in 1953 returned to Europe where he taught in Scotland for one year on a teacher's exchange.

During the 1960's, Thorman's career reached its peak. In 1964, he became the Vice-Principal of STCI and in 1967, he attained the same position at Parkside Collegiate Institute before becoming its Principal in 1969. Three years later in 1972, Thorman retired as Principal of PCI and from his teaching career. Throughout his career Thorman's primary interests were in English and History, however he also taught Mathematics, Geography and Science. In addition to his classes following WWII, Thorman was an active instructor of the Cadet Corps, as well as a coach for various volleyball, basketball and track and field teams during his years at STCI.

Aside from being an educator, George Thorman had many other interests. He and his wife Margaret were active in the formation of the Elgin Theatre Guild in 1948 and together and separately they performed and directed several productions in the early years of that organization. Thorman was also largely responsible for the development of a local history course in the Elgin Secondary Schools in the early 1960's. In 1966, with his fellow history teacher Ralph Parker, he published a booklet to serve as an outline for teachers on the history

teacher Ralph Hunter, he published a booklet to serve as an outline for teachers on the history of Elgin County.

That same year, 1966, Thorman, as the prime instigator in the re-formation of the Elgin Historical Society, became its first president and in 1971, he was elected Honorary President of the Society for life. This was followed by a further two-year term as elected president. The re-organization marked the beginning of Thorman's continuous active involvement with the EHS, including several lectures he presented to its members and many years as a Trustee. In 1985, he received the Ontario Volunteer Service Award for over 15 years of continuous service to the Society before retiring from the EHS in 1995.

In addition to the EHS, Thorman served on the St. Thomas Public Library Board from 1979 until 1991, and was a Chairman of the Board's Personnel Committee. He was also a member of the Ontario Historical Society. From 1975 to 1978, Thorman served as an elected member of the Elgin County Board of Education and in 1979, he received from the City of St. Thomas the St. Thomas Civic Award for outstanding citizens. George Thorman was also a life member (1936) of Central Lodge No. 402, A.F. and A.M. (Masonry) of Essex, Ontario and had been an active member of the St. Thomas Duplicate Bridge Club since 1985.

As an authority on historical research relating to The Hudson's Bay Company, Thorman gave lectures and printed articles on the topic in "The Beaver" publication of The Hudson's Bay Company. In regards to the HBC he also did excavation work at Fort Albany with Walter Kenyon during several summers in the 1960's and 1970's.

As well, George Thorman was a founding member and served on the executive committee of the Elgin Military Museum since its inception in 1982 until the late 1990's. He contributed greatly to the library and files of this museum, particularly in the field of the War of 1812 and the Fenian Raid. The reference library of this small museum rates high in this country, largely through the efforts of George Thorman. Thorman's book collection was one of the finest and most extensive in Western Ontario. His personal library contained a wealth of information with particular emphasis on material relating to Elgin County, the City of St. Thomas and The Hudson's Bay company. His G.A. Henty collectio was nearly complete.

As an author Thorman contributed ten entries in The Dictionary of Canadian Biography on Aboriginal and Metis peoples, co-authored "St. Thomas 100 Years a City," the centennial history of the city of St. Thomas. In 1989, he edited "Frank Hunt, Essays on Elgin County" as well as wrote and privately printed "A Brief History of Secondary Education in St. Thomas" as his contribution to the STCI Reunion, at which he was one fo the honorees. In th early 1990's, Thorman co-edited "Garret Oakes, Tales of a Pioneer," authored and privalely printed "Letters and Petitions and other Papers Concerning the Mllitia Companies of Middlesex for 1839" and "The Chisholm Family in Elgin County: Myth and Reality."

For serveral years, ca. 1975 to the mid 1990's, Thorman hosted a TV talk show on local television interviewing persons connected to the history of St. Thomas and Elgin County. Many older residents, who have since passed away, were interviewed and the resulting tapes are an invaluable source of historical information.

Thorman and his wife lived in the historic section of St. Thomas and in the summer months spent their time in Port Stanley. In addition, for several years in the early 1990's, Thorman traveled annually to England - each time visiting a different area of the country. As well, Thorman was also interested in the lives and activities of his former students and was available and eager to assist any student or former student who asked for his guidance. George E. Thorman passed away on January 11, 1997.

R.B. Inch collection

<http://archives.brandonu.ca/en/permalink/descriptions180>

Part Of: RG 6 Brandon University fonds

Description Level: Sub-series

Series Number: MG 3 1.10

Accession Number: 35-1997

GMD: textual records

Date Range: 1937-1980 (predominant 1940-1970)

Physical Description: 2.08 m

Physical Condition: Generally good

History /

Biographical:

See RG 6, series 9 (Department of Extension) for biographical information on R.B. Inch.

Custodial History:

R.B. Inch's records were passed on to the McKee Archives following his death. It is presumed that the executor of his estate donated the collection after his passing in 1983.

Scope and Content:

This collection is heavily influenced by Inch's professional and organizational life. Most heavily represented is literature associated with Inch's involvement with the League of Nations Society in Canada during the 1930s. It also appears that Inch paid close attention to United Nations' policy following World War II, from ca. 1945-1970. There are numerous items devoted to both Canadian and international political and diplomatic issues, with particular emphasis on British politics in the immediate post-war period. As one would expect from his involvement in the National Research Council and League of Nations Society, the core of the fonds is a study in two major themes. The first theme is of the post-WWII policy pursued by Canada and Britain and, secondly, the growth and development of United Nations' policy following the collapse of the League of Nations. There is some periphery material of general interest to Canadian history and Canadian university publications, but for the most part the material can be classified into one of the two preceding themes.

The collection includes a manuscript prepared by R.B. Inch entitled "Parliament Will Decide: A Chronicle of the Drift to War and of an Effort to Help Avert it" (1947). The manuscript is edited but out of order.

The balance of the collection consists of accumulated documents gathered over the course of Inch's lifetime from outside sources. These include: newspaper clippings and whole newspapers from publications in Winnipeg, Brandon, Toronto, Calgary and London; United Nations' pamphlets concerning a broad range of issues, ranging from the question of East Indian independence to annual policy directives of the organization; various magazines including copies of "Interdependence," which Inch once edited; articles taken from the publication "Life" concerning important figures of the time period; numerous books and textbooks concerning the political formation of post-war Europe; quarterlies from academic institutions, such as the University of Toronto; some material, primarily pamphlets, concerning R.B. Inch's involvement in Amnesty International after his retirement; and documents relating to post-war reconstruction in Britain.

Notes:

Finding aid for the R.B. Inch fonds was prepared for the McKee Archives by Matthew Palmer (2003). The majority of the boxes in the collection contain a typewritten inventory detailing the contents of each container. As well, the preponderance of the files within the boxes are further subdivided by either a typewritten inventory itemizing the material contained within each dossier or a handwritten note on the outside of the folder describing the contents.

Robert Dudley Howland collection

Part Of: RG 1 Brandon College fonds

Description Level: Sub-series

Series Number: MG 2 2.16

Accession Number: 15-1999

GMD: textual records

Date Range: 1885-1918

Physical Description: 1.46 m

History /
Biographical:

Dr. Robert Dudley Howland was born June 1, 1909 in Bexley, Kent, England. He attended Queen Elizabeth Grammar School Faversham, Kent. In 1926, he came to Canada where he attended Brandon College, graduating in Arts in 1935. He subsequently attended the London School of Economics where he obtained a doctorate in Economics.

During his years at Brandon College, Howland participated in debating and drama. He also acted as a student minister for the Baptist Church.

Howland spent his working years in various positions in the federal and provincial governments. Energy was an important focus of his work. His introduction to energy problems came in 1944, when he was appointed Secretary of the Carroll Commission on coal. From this experience he accepted appointments in Nova Scotia as Vice-President of their Research Foundation; Deputy Minister of Trade and Industry and Economic Advisor to the Nova Scotia government.

In addition to the Carroll Royal Commission on Coal, Howland was associated with the Royal Commission on Saskatchewan's Coal Mining Industry, was an economist on Canada's Economic Prospects from 1955-1957, and a member of the Royal Commission on Energy.

In 1959, Howland was appointed Vice-President of the National Energy Board and Chairman from July 1, 1968, until his retirement in August 1973. Howland was granted an honorary LL.D. by Brandon University in May 1974.

Howland had a lifelong interest in the Fabian Society and Fabian Socialism, assembling a rich collection of original edition Fabian publications.

Custodial History:

Dr. Howland presented his collection of Fabian publications to Brandon University sometime in the 1970s. The collection remained in the John E. Robbins Library until it was placed in the Archives in 1997.

Scope and Content:

The Howland Collection includes a wide range of books, pamphlets, and assorted publications of the Fabian Society assembled by Dr. Howland.

The Fabian Society, a socialist society, was founded in 1883-1884, in London. The Fabian Society was created with the goal of fostering the creation of democratic socialism in Great Britain. Unlike revolutionary Marxists, the Fabians placed their hopes for change in evolutionary socialism not revolution.

The creation of the Fabian Society is generally attributed to Thomas Davidson, a Scottish philosopher. Its charter members included George Bernard Shaw, Sidney Webb, Annie Besant, Edward Pease, and Graham Wallas. Shaw and Webb, later joined by Webb's wife, Beatrice, were the outstanding leaders of the Society for many years. In 1889, the Society published its best-known tract, "Fabian Essays in Socialism," edited by Shaw. The Fabian Society played an integral role in the creation of the British Labour Party.

Notes: The items in the collection have been added to the Brandon University Library catalogue. Description by Mike White.

History /

Biographical:

Thomas Russell Wilkins was born in Toronto in 1891. He received his B.A. from McMaster University in 1912, and became the Science Master at Woodstock College the following year. In 1916, he and his wife Olive moved to Chicago, where Wilkins was an instructor of Physics at the University of Chicago. The next year he served as a master signal electrician in the U.S. Signal Corps. During World War I, Wilkins completed pioneer research for the United States Navy, which led to the development of pulse sonar devices in the 1920s. He had also been researching the possibilities of a wireless telephone.

Wilkins and his wife moved to Brandon in 1918, where he took up the position of Professor of Physics. During his time at Brandon College, Wilkins introduced the latest technology to classrooms, designed the original Science Building, and along with the Brandon Citizen's Committee, secured building funds for the Citizen's Science Building.

Receiving his Ph.D. from the University of Chicago in 1921, Wilkins resigned from Brandon College in 1925 to pursue postgraduate study at Cambridge University. In 1926, he began research at the University of Rochester, where he also took up the position of Professor of Physics. From 1930 to 1938, he acted as the Director of the Institute of Optics.

Widely known for his work in the fields of cosmic rays and atomic disintegration, in April 1939, Wilkins announced the perfection of a camera that was able to record the "footprints" of invisible atoms after they collide. In October 1939, he received a medal from the Royal Photographic Society of Great Britain recognizing his work regarding the use of photographic emulsions in the study of radium. The following year, Wilkins perfected a camera that could determine the energy levels inside the nuclei of stable chemical elements. He received a grant from Sigma Xi, the National Society for the Promotion of Scientific Research, in November of 1940.

Wilkins married twice. The first marriage, to Olive Angles Cross took place on June 17, 1913. Olive Wilkins died suddenly on May 13, 1937, at the age of 45. Wilkins married Susan Gwendolyn Whidden, the daughter of former Brandon College president Dr. H.P. Whidden, in 1938.

Thomas Russell Wilkins died suddenly of a heart attack on December 10, 1940, on his way back to his laboratory after a faculty meeting. He was 49 years old.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

T. Russell Wilkins' records contain correspondence between himself and Mrs. Wilkins and Dr. Whidden concerning their employment with Brandon College. There are letters between the two men regarding the building of the Science Building in 1920. There is also a copy of the Canadian Baptist. Besides programmes and a picture, there is also correspondence between various people. Dr. Wilkins kept the papers he had written for various classes at McMaster University in the years 1911 and 1912. There is a "toast to the ladies" that he delivered at a banquet of some sort, that gives an interesting view on how Wilkins, and possibly other men of his time, viewed women. There are numerous newspapers clippings, and several pages taken from journals such as Popular Mechanics, Popular Electricity and others. Dr. Wilkins was at the top of his field of study. He was an extremely bright man who managed to create some very useful tools of science. His papers are interesting and informative to read.
