History /

Biographical:

In 1984, the Federal government responded to pressure from women's organizations from coast to coast with a program to stimulate women's studies in universities throughout Canada. In the next few years the Secretary of State Endowment Assistance Program provided \$500,000 of seed money to establish a Chair of Women's Studies in each of five regions of Canada.

The Chair for the Prairie Provinces and the NWT was awarded jointly to the University of Manitoba and the University of Winnipeg, on the basis of their unique proposal to combine academic excellence with community outreach.

The federal grant stipulated that matching funds should be raised as part of the contract signed in December 1986, by the two universities and the Secretary of State.

Early in 1989, the Laurence family agreed to associate their mother's name with the Prairie Chair of Women's Studies and in the spring, the Senates of the two universities, together with the Board of Regents of the University of Winnipeg and the Board of Governors of the University of Manitoba agreed to designate this chair "The Margaret Laurence Chair of Women's Studies."
