History /

Biographical:

BRANDON COLLEGE BUILDING

The construction of the Brandon College Building, also known as the Original Building, was primarily financed by Mr. and Mrs. William Davies, a Toronto based Baptist meat packer, and his sister Mrs. Emily Davies, also of Toronto, who pledged \$5,000 a year for five years to the new Baptist College. Four city blocks between 18th and 20th streets were purchased for the College campus and the tender of Messrs. T.M. Harrington of Winnipeg was accepted in the spring of 1900; Mr. Hugh McCowan of Winnipeg appointed as architect. Mrs. Davies laid the cornerstone for the Brandon College Building on July 13, 1900.

The Brandon College Building was conceived as a substantial five story brick structure with a stone basement. The Tyndall Manitoba quarries, located thirty miles northeast of Winnipeg, supplied the stone and presented the College with the stone steps at the main entrance. The basement contained the dining room, kitchen, laundry, furnace room, a science laboratory, and maids' rooms. The first floor housed the reception room, office, library, four classrooms and the teachers' cloak rooms. The second floor had five classrooms, a reading room, five rooms for resident students and a resident teacher. Teachers' rooms and seventeen rooms for students comprised the third floor; and additional thirteen rooms for residents took up the fourth floor. The residence was to house 70 men. The total cost of the building and furnishings was \$44,000. The Brandon College Building was ready for occupancy by October 1, 1901.

CLARK HALL

The cornerstone of Clark Hall was laid by Mrs. A.P. McDiarmid, wife of the Principal of Brandon College, on May 24, 1906. The residence was officially opened on Thanksgiving Day, October 18, of the same year. The construction of the building grew out of a demand for a ladies' college. A canvass made in Eastern Canada had resulted in subscriptions totaling \$10,000. When Dr. McDiarmid reported the results of the canvass to the Chairman of the Board, Dr. C.W. Clark of Winnipeg, Clark proposed that he and his wife be allowed to provide the balance of the funds, some \$30,000. While presenting the building at the opening ceremony, Clark stated that the reason for his donation was his belief in the power of cultured womanhood - he believed "that refined and Christian mothers were the strength of a nation and that he wished to see in Brandon a school of learning for women in which every Christian virtue and grace might be illustrated."

Clark Hall was built immediately north of the Brandon College Building and was connected to it

by classrooms and the iron door with its door bell, which was rung by gentlemen before being admitted. It is a five story brick building, with fittings of imported Georgia pine. In the basement was the gymnasium, studios and maids' rooms. On the main floor was a spacious reception room furnished by the Honorable A.C. Rutherford, the Premier of Alberta and the Lady Principal's suite, furnished by Mrs. N. Wolverston, wife of the treasurer of the College Board. Music studios and the offices of the resident matron were also on the main floor. The second and third floors were dormitories. The fourth floor was meant to be art studios, but due to registration demands, it was divided into students' rooms. The residence was designed to house fifty students and seven teachers. Piano practice areas were also designated on the west side of the building and on the groundlevel half way between the basement and the first floor.

BRANDON COLLEGE BUILDING AND CLARK HALL RESTORATION PROJECT

By the early 1990s, it was clear that major reconstruction work on the Brandon College Building and Clark Hall was necessary if the buildings were to remain in use. The alternative was to demolish both buildings and construct a new central administrative structure for the campus. Because of the historic character of the two original campus buildings, the decision was taken to mount a complete restoration of the structures that involved a complete removal of everything except for the surrounding brick facade and the construction of new buildings within the old external walls. This project was financed by the Provincial government of Manitoba, who granted the University approximately 10 million dollars. The Chief Architect for the restoration was George Cibinal. Work began in 1996 and was completed by the fall of 1997. In addition to the restoration of the Brandon College Building and Clark Hall, a new entrance was built on the west side of the buildings, as well as an addition to Clark Hall, which included a skywalk connecting it to the A.E. McKenzie Building.

Scope and Content:

Sub-series consists of photographs of the Brandon College Building and Clark Hall.

Notes: History/Bio information was taken from Brandon College: A History, 1899-1967 by C.G. Stone and F. Joan Garnett (Brandon, Manitoba: Brandon University, 1969), chapters 2 and 3. Tom Mitchell provided history/bio information on the restoration project.

Series Number: 2.13

GMD: graphic

Date Range: c.1975 - 1981

Physical Description: 4 photographs

History /

Biographical:

H-Huts refer to structures built to house military personnel at the Commonwealth Air Training Program just north of Brandon during World War II. The name H-Hut derives from the layout of the structures, which were built in an "H" formation. The original H-Huts were moved onto the Brandon College campus in 1956 to house the library and arts classrooms.. Additional H-Huts have been located in various places and used for various departments and services on campus including Student Services, Continuing Education, and the carpenter's workshop. Only the Physical Plant H-Huts, located to the west of the Knowles-Douglas Student Union Centre, remain on campus in 2007.

Scope and Content:

Sub-series consists of photographs of various H-Huts on campus.

DARRACH HALL

Darrach Hall is the men's residence and was completed in 1961. It is named after Robert and Sarah Darrach.

FLORA COWAN HALL

Flora Cowan Hall is the women's residence and was completed in 1962. It is named after Flora Cowan.

MCMASTER HALL

McMaster Hall is the co-ed residence and was completed in 1971. It is named in honour of Brandon College's association with McMaster University

DINING ROOMS

The Main Dining Room was completed in 1961 and is connected to all three residences either by a link (Flora Cowan Hall), the McMaster main concourse (McMaster Hall) or a hallway (Darrach Hall). Within the Main Dining room is the Louis Riel Room. The Louis Riel Room was previously the Small Dining Room, and later the Private Dining Room. It was renamed the Louis Riel Room in 2008 in honour of the Métis leader's contribution to Manitoba history and heritage, as well as in honour of ongoing contributions to the University made by the Manitoba Métis Federation and the Louis Riel Institute. The room is often used to host dignitary dinners, awards and recognition ceremonies, seminar and conference sessions and other special events.

Scope and Content:

Sub-series consists of photographs of Brandon College/University's three residences: Darrach Hall, Flora Cowan Hall and McMaster Hall, as well as images of the dining rooms.

Notes: History/Bio information for the Louis Riel Room was taken from the Brandon University website, available at: <http://www.brandonu.ca/news> (February 2008).

Lawrence Stuckey photograph collection - unsorted materials

Part Of: RG 11 Lawrence Stuckey fonds

Creator: Clark J. Smith
Lawrence Stuckey

Description Level: Sub-series

Series Number: 3.9

Accession Number: 1-2002

GMD: graphic

History /

Biographical:

Stuckey left a variety of materials in his collection in an unsorted state. Rather than allocate those materials to one of the existing sub-series, the McKee Archives chose to artificially create this sub-series, which has been designated "unsorted materials."

For history/bio information for Lawrence Stuckey see the collection level description of the Lawrence Stuckey collection.

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

Sub-series consists of photographic prints, photograph albums, postcards and negatives covering a variety of subjects including Brandon, ships, boats, threshermens' reunions, and rural Manitoba. Some of the prints correspond with negatives held in other sub-series in the Stuckey collection. If possible, the connection between the print and negative has been made at the item level. Some of the items are original and quite rare.

The dates given for many of the prints in this sub-series refer to the date the photograph was taken and not the date the print was made from the original negative.

Notes: Unidentifiable photographs not taken by Lawrence Stuckey and redundant prints were culled.

Repro Restriction: The McKee Archives is the copyright holder for the Stuckey materials.

Lawrence Stuckey photograph collection - Brandon history

<http://archives.brandonu.ca/en/permalink/descriptions9030>

Part Of: RG 11 Lawrence Stuckey fonds

Creator: Many of the images presented were captured by Mr. Stuckey himself. However being a well known and accomplished photographer and amateur historian, he also bought, sold and traded negatives with other collectors. Therefore the viewer is reminded that many images, although part of his collection, were created and/or provided for Mr. Stuckey by other collectors. In addition, it is believed that some images contained within his collection were created by photographing a pre-existing negative or print. We have attempted to note the authorship of all images when possible.

Description Level: Sub-series

Series Number: 3.1
Accession Number: 1-2002
GMD: graphic

History /

Biographical:

For history/bio information see the collection level description of the Lawrence Stuckey collection.

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

This sub-series consists of photographic negatives related to the history of Brandon, Manitoba.

All of the images contained within this sub-series were part of Mr. Stuckey's lifelong personal collection of photographic negatives and prints. Images include those related to people, street scenes, buildings, various city departments and so forth.

Notes:

All of the images from Mr. Stuckey's collection of negatives and prints were reproduced and digitized using an Epson scanner and software suite. All attempts have been made to reproduce the images in such a manner that balances our desire to portray the negatives and photographs as they originally appear, with the need to create an optimal digital image for viewing. Therefore it is noted that minor alterations to image size and contrast have occurred.

With few exceptions, all digitizing and database entry of images and descriptions was conducted during the summer of 2009 at Brandon University by Patrick Elves.

Repro Restriction:

The McKee Archives is the copyright holder for the Stuckey materials.

Storage Location:

Lawrence Stuckey collection

Arrangement:

Unless otherwise noted, the arrangement of these images was drawn from the original classification scheme used by Mr. Stuckey.

The information specific to each image, for the most part, was gained from Mr. Stuckey's personal notes regarding that particular photograph or similar photograph. Observations or notes contained within square brackets are explanatory or missing materials that have been added by someone other than Mr. Stuckey.

We have attempted to present the information that accompanies each image in the same format as was used by Mr. Stuckey himself.
