She returned to her home in Olds, Alberta for a rest from teaching. However, she was not idle for long. She took up teaching again, and she was the organist and choirleader at church. She also began a Glee Club. Between these responsibilities Miss Moore finished a course in the Household Science Department at the Olds Agricultural College. She returned to Brandon College to take postgraduate work, becoming the first Brandon College student to receive her L.T.C.M. in 1916. In 1922 Miss Moore began to teach piano at Brandon College. History /

Biographical:

Stuckey left a variety of materials in his collection in an unsorted state. Rather than allocate those materials to one of the existing sub-series, the McKee Archives chose to artificially create this sub-series, which has been designated "unsorted materials."

For history/bio information for Lawrence Stuckey see the collection level description of the Lawrence Stuckey collection.

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

Sub-series consists of photographic prints, photograph albums, postcards and negatives covering a variety of subjects including Brandon, ships, boats, threshermens' reunions, and rural Manitoba. Some of the prints correspond with negatives held in other sub-series in the Stuckey collection. If possible, the connection between the print and negative has been made at the item level. Some of the items are original and quite rare.

The dates given for many of the prints in this sub-series refer to the date the photograph was taken and not the date the print was made from the original negative.

Lawrence Stuckey photograph collection - Brandon history

<http://archives.brandonu.ca/en/permalink/descriptions9030>

Part Of: RG 11 Lawrence Stuckey fonds

Creator: Many of the images presented were captured by Mr. Stuckey himself. However being a well known and accomplished photographer and amateur historian, he also bought, sold and traded negatives with other collectors. Therefore the viewer is reminded that many images, although part of his collection, were created and/or provided for Mr. Stuckey by other collectors. In addition, it is believed that some images contained within his collection were created by photographing a pre-existing negative or print. We have attempted to note the authorship of all images when possible.

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

This sub-series consists of photographic negatives related to the history of Brandon, Manitoba.

All of the images contained within this sub-series were part of Mr. Stuckey's lifelong personal collection of photographic negatives and prints. Images include those related to people, street scenes, buildings, various city departments and so forth.

Notes:

All of the images from Mr. Stuckey's collection of negatives and prints were reproduced and digitized using an Epson scanner and software suite. All attempts have been made to reproduce the images in such a manner that balances our desire to portray the negatives and photographs as they originally appear, with the need to create an optimal digital image for viewing. Therefore it is noted that minor alterations to image size and contrast have occurred.

With few exceptions, all digitizing and database entry of images and descriptions was conducted during the summer of 2009 at Brandon University by Patrick Elves.

Arrangement:

Unless otherwise noted, the arrangement of these images was drawn from the original classification scheme used by Mr. Stuckey.

The information specific to each image, for the most part, was gained from Mr. Stuckey's personal notes regarding that particular photograph or similar photograph. Observations or notes contained within square brackets are explanatory or missing materials that have been added by someone other than Mr. Stuckey.

We have attempted to present the information that accompanies each image in the same format as was used by Mr. Stuckey himself.

History /

Biographical:

When the Department of Music was founded in 1906, it offered only conservatory-type instruction under the direction of Abbie Helmer Vining (1906-07). W.L. Wright, after four years' study in Berlin with Leopold Godowsky, took over in 1907 and remained director until 1947. During the 1920s and 1930s, the department attracted students from across Canada to work with Wright, Esther Magdalene Moore, Kathleen Moffat Fairbairn (piano), and Ruth Morgan (voice) towards graduate and post-graduate diplomas. During the Depression and the Second World War, music education at Brandon College declined as a result of financial woes facing the College and the departure of students to the war.

Under directors Peggy A. Sharpe (acting director 1947-48), and Lorne Watson (1948-1981), most instruction was given to elementary and high school students from Brandon. Through the encouragement and support of successive university presidents, the music faculty and

university music credit courses were expanded to make possible a music minor within a B.A. or B.Sc. degree. By 1963, the college offered the first B.Mus. program (music education and applied) in Manitoba. In the same year, the Department of Music became the School of Music with two areas of activity: one continuing the conservatory tradition, the other leading to university degrees. Watson continued as director while Sharpe assumed the new position of supervisor of the conservatory. She was succeeded by Watson in 1981.

When Brandon attained university status, the School of Music became a member of the Western Board of Music (WBM), now Conservatory Canada. Later a B.Mus. (general) was added and, in 1980, the M.Mus. (music education and applied). In 1981, Watson was succeeded as director by Gordon Macpherson (1981-87), during whose tenure the position was re-named dean. In 1987 Lawrence Jones became dean. Jones was followed by Patrick Carrabre and Glen Carruthers.

Originally housed in Clark Hall, in 1963 the School of Music moved into a new building, officially opened by Sir Ernest MacMillan, on 28 October 1963. It housed a music library, electronic music studio, classrooms, rehearsal hall and studios. Increased enrolment in the 1970s necessitated the acquisition of three adjacent houses. On 5 October 1984, Queen Elizabeth II opened the present music building, which is named after her.

The school's reputation as a centre of string pedagogy dates from Albert Pratz' appointment to the faculty in 1964 and the engagement of the Halifax Trio (Brandon University Trio) as artists-in-residence in 1966. The Wawanesa Insurance Co. in 1964 established a string scholarship program, which has since been carried on through the Carl and Lyle Sanders Grant and the R.D. Bell String Scholarships. A Suzuki string program was set up in 1977, directed by Alison Ryles (B.Mus. Brandon, 1978) who was followed in 1981 by Gerhard Ginader.

Besides the Brandon University Trio, school ensembles have included the Brandon University Orchestra, Concert Band, Chorale, Jazz Bands and Guitar Ensemble. The Collegium Musicum, formed in 1973 by James Mendenhall, has a collection of replicas of early instruments. The school frequently produces an opera (or musical theatre work) directed by Sylvia Richardson.

Student pursuing a major in music education have founded an active organization known as the Brandon University Student Music Educators' Association (BUSMEA), which is, in effect, a student branch of Manitoba Music Educators Association (MMEA). Annual summer schools enhance the program. In the 1960s, under the direction of Peggy A. Sharpe, recitals and workshops were given by visiting artists. In the 1980s, the emphasis was on graduate courses, including the offering of a Kodaly specialist diploma.

In the conservatory, music for children classes, the Suzuki string program, and classes in the Alexander technique are offered. The conservatory offers courses for gifted students. It also sponsored annual workshops for teachers. Clinicians have included Lawrence Jones, Lorne Watson, Gordon Macpherson, Sydney Young McInnis, Shirley Yip, Elizabeth Grant and Irma Toews.

The School of Music acts as a musical focus for southwestern Manitoba. Beginning in the 1960s, it co-sponsored (with the MMEA) an annual choral/orchestral workshop in January attracting up to 300 music educators and students from Manitoba and beyond. Rehearsals of the Brandon Community Chorus and Community Orchestra take place at the school, as do most events of the Brandon Festival of the Arts. It is also the home of the annual S.C. Eckhardt-Gramatte competition for the Performance of Canadian Music and the annual Brandon Jazz Festival. One reason for such constant activity is the excellence of the Queen Elizabeth II Music Building, which includes an advanced electronic studio, rehearsal halls for orchestras, bands and choirs and a 200-seat hall with recording facilities and ideal acoustics. On the occasion of Lorne Watson's 40th anniversary at Brandon that hall was named the Lorne Watson Recital Hall in his honour.

The music school's first graduate (1966) was Jack Spalding. Honourary doctorates in music have been awarded to W.L. Wright (1969), S.C. Eckhardt-Gramatte (1970), Murray Adaskin (1972), Jon Vickers (1976), Kenneth Winters (1989), the Guess Who and Tom Cochrane.

Scope and Content:

Series has been divided into three sub-series, including: (1) Dean of Music; (2) Music Faculty Council; and (3) School of Music publications.

Notes: The history/bio note was taken from the Encyclopedia of Music in Canada at <http://www.collectionscanada.ca/emc/m17-119.01-e.php?uid=415&uidc=ID> (January 2006). The entry was written by Lorne Watson. Peggy A. Sharpe died in 2005.

History /

Biographical:

A.E. McKenzie was born in Wilcox Lake, York County, Ontario in 1870 to F.B. and Maria (Carley) McKenzie. His family came to Manitoba in 1883. He was educated in Brandon, Manitoba and graduated from the Collegiate Institute at age 21. In 1897 he founded the Brandon Seed House. McKenzie was present at the cornerstone-laying ceremony of Brandon College on July 13, 1900. From that moment on, he was very involved in the College, first as an interested businessman, and later as a member of its Board of Directors. In 1902, McKenzie married Laura Bell in Port Arthur. They had two daughters, Marjorie Bell and Kathleen. In 1906 the Brandon Seed House was incorporated and from then on was known as the "A.E. McKenzie Co. Ltd.."

McKenzie became a member of the Brandon College Endowment Committee in 1918. The following year he was on the Finance Committee. By 1925, McKenzie was a member of the Board of Directors. In 1928, he was part of a syndicate that advised the Baptist Union that they were developing an endowment plan to provide continuing financial support to the College and talked the Union into providing \$10 000 towards the accumulated deficit.

In 1931, McKenzie organized the Brandon Board of Trade to help save Brandon College when the Baptists said they could no longer afford to keep the College. After the By-law failed, he helped to organize the Brandon Citizen's Campaign to raise enough money so that the College could open the following year.

When the Baptists withdrew support in 1938, McKenzie was one of the central figures on the Brandon Board of Trade that decided to save the College from closure. A representative delegation from Southwestern Manitoba of over 60 men descended upon Premier Bracken's office to try and convince him to help the College. On June 12, 1938 McKenzie said he would set up a \$100 000 endowment to Brandon College. He subsequently raised this amount to \$300 000. On August 1, 1938 the Board of Trade launched a campaign to raise \$15 000 to match what the government was prepared to offer the College. McKenzie was asked to provide Brandon College with \$3000 personally. In September of 1938, McKenzie upped his endowment once more to \$500 000. The fund raising worked however, and the charter establishing Brandon College Incorporated was assented to on April 17, 1939. On June 6, 1939 a by-law was again presented to the citizens of Brandon, and fortunately it passed.

In 1941, McKenzie received an honorary L.L.D. from the University of Manitoba. The A.E. McKenzie Foundation was created in 1945 by the provincial government, who had assumed 90% of the A.E. McKenzie Co. Ltd. stock.

On September 25, 1964 McKenzie died at the age of 94. He never retired, but worked full time until two weeks before his death. The funeral was held in the J.R.C. Evans Lecture Theatre. The Arts and Library Building at Brandon College was completed in 1960, and is known as the A.E. McKenzie building, in honour of the man who contributed so much time, effort and financial help to the College during a crucial period in its history.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

A.E. McKenzie's records in the Brandon College fonds are very useful from an administrative point of view. Because McKenzie was so involved in Brandon College from the very beginning until his death in 1964, it is easy to understand how the College Administration arrived at decisions. There is correspondence between McKenzie and various regarding College and Board of Director business. There are Brandon College financial statements and letters regarding the A.E. McKenzie Foundation. The records contain newspaper clippings, pamphlets and lists of names of members of various Brandon organizations. As well, McKenzie has letters regarding Building Expansion in the 1940's and minutes of Board of Director meetings. There are also several photographs. One photograph is the 1919 graduation picture of Zoe Hough. Another is tentatively identified as Frances Wolverton, also of the Class of 1919. There are two more photographs of unidentified young women.

Lindsay attended Park School, Earl Oxford Junior High School and Brandon Collegiate. In September 1943, he entered 2nd Year at Brandon College, joining the Class of 1946. Due to past experience in publishing the BCI yearbook, he was drafted into The Board of Publications and named Co-editor of the Quill along with third year student Genevieve Fuloski. Lindsay and Fuloski held their positions for two years. Because of the war, money and supplies were in short supply and the Quill at one point was reduced to mimeographed pages. While Editor Lindsay wrote The eggshell-Slightly Cracked column.

Lindsay was named Senior Stick in 1945 and graduated from Brandon College with a B.Sc. in 1946. He obtained both his MSc (1948) and PhD (1951) in Physical Chemistry from McMaster University.

During his time in Hamilton, Lindsay met Shirley Woolmer and the couple married on September 2, 1950. They moved to Arvida, Quebec in 1951 where Lindsay accepted an offer from Aluminium Laboratories Limited, the research arm of Alcan Aluminium Ltd. The couple remained in Arvida for twenty-two years, during which time they had four children: Sharon, Heather, Geoffrey and David.

In 1973, Lindsay was transferred to Alcan's head office in Montreal where he spent the next three years co-ordinating alumina research in Alcan plants around the world. In 1976, he accepted a transfer to Alcan Jamaica as Chief Technical Officer and Manager of Technical Development. He and Shirley spent nearly eight years in Jamaica before returning to Canada in 1984. After a year at Alcan's Research Centre in Kingston, ON Lindsay took early retirement.

During their years in Jamaica Lindsay had been introduced to Rotary and he continued his association with the organization in Kingston where for fifteen years he was Bulletin editor of the Kingston-Frontenac Rotary Club. In addition to Rotary, Lindsay (along with his wife) took up genealogy in his retirement and after fifteen years of extensive travel and research he became his Lindsay family's historian and author of *The Lindsays of Dundonald*.

For three years in the late 1980s Lindsay served as a representative on the Brandon University Alumni Executive for Eastern Canada. Along with his wife he attended two class reunions at Brandon University including his 50th Re-convocation in 1996.

At present (June 2010) Gordon Lindsay continues to live in Kingston, ON with his wife.

History /

Biographical:

Thomas Russell Wilkins was born in Toronto in 1891. He received his B.A. from McMaster University in 1912, and became the Science Master at Woodstock College the following year. In 1916, he and his wife Olive moved to Chicago, where Wilkins was an instructor of Physics at the University of Chicago. The next year he served as a master signal electrician in the U.S. Signal Corps. During World War I, Wilkins completed pioneer research for the United States Navy, which led to the development of pulse sonar devices in the 1920s. He had also been researching the possibilities of a wireless telephone.

Wilkins and his wife moved to Brandon in 1918, where he took up the position of Professor of Physics. During his time at Brandon College, Wilkins introduced the latest technology to classrooms, designed the original Science Building, and along with the Brandon Citizen's Committee, secured building funds for the Citizen's Science Building.

Receiving his Ph.D. from the University of Chicago in 1921, Wilkins resigned from Brandon College in 1925 to pursue postgraduate study at Cambridge University. In 1926, he began research at the University of Rochester, where he also took up the position of Professor of Physics. From 1930 to 1938, he acted as the Director of the Institute of Optics.

Widely known for his work in the fields of cosmic rays and atomic disintegration, in April 1939, Wilkins announced the perfection of a camera that was able to record the "footprints" of invisible atoms after they collide. In October 1939, he received a medal from the Royal Photographic Society of Great Britain recognizing his work regarding the use of photographic emulsions in the study of radium. The following year, Wilkins perfected a camera that could determine the energy levels inside the nuclei of stable chemical elements. He received a grant from Sigma Xi, the National Society for the Promotion of Scientific Research, in November of 1940.

Wilkins married twice. The first marriage, to Olive Angles Cross took place on June 17, 1913. Olive Wilkins died suddenly on May 13, 1937, at the age of 45. Wilkins married Susan Gwendolyn Whidden, the daughter of former Brandon College president Dr. H.P. Whidden, in 1938.

Thomas Russell Wilkins died suddenly of a heart attack on December 10, 1940, on his way back to his laboratory after a faculty meeting. He was 49 years old.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

T. Russell Wilkins' records contain correspondence between himself and Mrs. Wilkins and Dr. Whidden concerning their employment with Brandon College. There are letters between the two men regarding the building of the Science Building in 1920. There is also a copy of the Canadian Baptist. Besides programmes and a picture, there is also correspondence between various people. Dr. Wilkins kept the papers he had written for various classes at McMaster University in the years 1911 and 1912. There is a "toast to the ladies" that he delivered at a banquet of some sort, that gives an interesting view on how Wilkins, and possibly other men of his time, viewed women. There are numerous newspaper clippings, and several pages taken from journals such as Popular Mechanics, Popular Electricity and others. Dr. Wilkins was at the top of his field of study. He was an extremely bright man who managed to create some very useful tools of science. His papers are interesting and informative to read.

Aside from being an educator, George Thorman had many other interests. He and his wife Margaret were active in the formation of the Elgin Theatre Guild in 1948 and together and separately they performed and directed several productions in the early years of that organization. Thorman was also largely responsible for the development of a local history course in the Elgin Secondary Schools in the early 1960's. In 1966, with his fellow history teacher Ralph Parker, he published a booklet to serve as an outline for teachers on the history of Elgin County.

That same year, 1966, Thorman, as the prime instigator in the re-formation of the Elgin Historical Society, became its first president and in 1971, he was elected Honorary President of the Society for life. This was followed by a further two-year term as elected president. The re-organization marked the beginning of Thorman's continuous active involvement with the EHS, including several lectures he presented to its members and many years as a Trustee. In 1985, he received the Ontario Volunteer Service Award for over 15 years of continuous service to the Society before retiring from the EHS in 1995.

In addition to the EHS, Thorman served on the St. Thomas Public Library Board from 1979 until 1991, and was a Chairman of the Board's Personnel Committee. He was also a member of the Ontario Historical Society. From 1975 to 1978, Thorman served as an elected member of the Elgin County Board of Education and in 1979, he received from the City of St. Thomas the St. Thomas Civic Award for outstanding citizens. George Thorman was also a life member (1936) of Central Lodge No. 402, A.F. and A.M. (Masonry) of Essex, Ontario and had been an active member of the St. Thomas Duplicate Bridge Club since 1985.

As an authority on historical research relating to The Hudson's Bay Company, Thorman says

As an authority on historical research relating to the Hudson's Bay Company, Thorman gave lectures and printed articles on the topic in "The Beaver" publication of The Hudson's Bay Company. In regards to the HBC he also did excavation work at Fort Albany with Walter Kenyon during several summers in the 1960's and 1970's.

As well, George Thorman was a founding member and served on the executive committee of the Elgin Military Museum since its inception in 1982 until the late 1990's. He contributed greatly to the library and files of this museum, particularly in the field of the War of 1812 and the Fenian Raid. The reference library of this small museum rates high in this country, largely through the efforts of George Thorman. Thorman's book collection was one of the finest and most extensive in Western Ontario. His personal library contained a wealth of information with particular emphasis on material relating to Elgin County, the City of St. Thomas and The Hudson's Bay company. His G.A. Henty collectio was nearly complete.

As an author Thorman contributed ten entries in The Dictionary of Canadian Biography on Aboriginal and Metis peoples, co-authored "St. Thomas 100 Years a City," the centennial history of the city of St. Thomas. In 1989, he edited "Frank Hunt, Essays on Elgin County" as well as wrote and privately printed "A Brief History of Secondary Education in St. Thomas" as his contribution to the STCI Reunion, at which he was one fo the honorees. In th early 1990's, Thorman co-edited "Garret Oakes, Tales of a Pioneer," authored and privalely printed "Letters and Petitions and other Papers Concerning the Mllitia Companies of Middlesex for 1839" and "The Chisholm Family in Elgin County: Myth and Reality."

For serveral years, ca. 1975 to the mid 1990's, Thorman hosted a TV talk show on local television interviewing persons connected to the history of St. Thomas and Elgin County. Many older residents, who have since passed away, were interviewed and the resulting tapes are an invaluable source of historical information.

Thorman and his wife lived in the historic section of St. Thomas and in the summer months spent their time in Port Stanley. In addition, for several years in the early 1990's, Thorman traveled annually to England - each time visiting a different area of the country. As well, Thorman was also interested in the lives and activities of his former students and was available and eager to assist any student or former student who asked for his guidance. George E. Thorman passed away on January 11, 1997.
