History /

Biographical:

The University Calendar is the authoritative statement of the institutional structure, faculty and staff, and academic program of Brandon University. Since the creation of the College in 1900, calendars have been produced annually, with only a few exceptions, by the Registrar's Office.

Up until 1991-1992, the calendar was called the general calendar. In 1991-1992, it was called the undergraduate general calendar. Beginning in 1992, the calendar was produced every two years instead of annually, except for 1998-1999, until 2003. The 1992-1994 calendar contains both the undergraduate and graduate general calendars, and starting in 1994 a separate undergraduate and graduate calendar was produced.

Custodial History:

The Brandon College/University calendar was produced by the Registrar's Office. Individual copies of the calendar were held by the Registrar's Office until their transfer to the University Archives.

Scope and Content:

The sub-series consists of general calendars, general undergraduate and graduate calendars, as well as calendars for the School of Music, the Faculty of Education, and for spring and summer sessions. It has been divided into three sub sub series, including: (1) Calendars - bound archival copies; (2) Calendars - researcher's copies; and (3) Calendars - miscellaneous.

Physical Description: 4.6 m

History /

Biographical:

When the Department of Music was founded in 1906, it offered only conservatory-type instruction under the direction of Abbie Helmer Vining (1906-07). W.L. Wright, after four years' study in Berlin with Leopold Godowsky, took over in 1907 and remained director until 1947. During the 1920s and 1930s, the department attracted students from across Canada to work with Wright, Esther Magdalene Moore, Kathleen Moffat Fairbairn (piano), and Ruth Morgan (voice) towards graduate and post-graduate diplomas. During the Depression and the Second World War, music education at Brandon College declined as a result of financial woes facing the College and the departure of students to the war.

Under directors Peggy A. Sharpe (acting director 1947-48), and Lorne Watson (1948-1981), most instruction was given to elementary and high school students from Brandon. Through the encouragement and support of successive university presidents, the music faculty and university music credit courses were expanded to make possible a music minor within a B.A. or B.Sc. degree. By 1963, the college offered the first B.Mus. program (music education and applied) in Manitoba. In the same year, the Department of Music became the School of Music with two areas of activity: one continuing the conservatory tradition, the other leading to university degrees. Watson continued as director while Sharpe assumed the new position of supervisor of the conservatory. She was succeeded by Watson in 1981.

When Brandon attained university status, the School of Music became a member of the Western Board of Music (WBM), now Conservatory Canada. Later a B.Mus. (general) was added and, in 1980, the M.Mus. (music education and applied). In 1981, Watson was succeeded as director by Gordon Macpherson (1981-87), during whose tenure the position was re-named dean. In 1987 Lawrence Jones became dean. Jones was followed by Patrick Carrabre and Glen Carruthers.

Originally housed in Clark Hall, in 1963 the School of Music moved into a new building, officially opened by Sir Ernest MacMillan, on 28 October 1963. It housed a music library, electronic music studio, classrooms, rehearsal hall and studios. Increased enrolment in the 1970s necessitated the acquisition of three adjacent houses. On 5 October 1984, Queen Elizabeth II opened the present music building, which is named after her.

The school's reputation as a centre of string pedagogy dates from Albert Pratz' appointment to the faculty in 1964 and the engagement of the Halifax Trio (Brandon University Trio) as artists-in-residence in 1966. The Wawanesa Insurance Co. in 1964 established a string scholarship program, which has since been carried on through the Carl and Lyle Sanders Grant and the R.D. Bell String Scholarships. A Suzuki string program was set up in 1977, directed by Alison Ryles (B.Mus. Brandon, 1978) who was followed in 1981 by Gerhard Ginader.

Besides the Brandon University Trio, school ensembles have included the Brandon University Orchestra, Concert Band, Chorale, Jazz Bands and Guitar Ensemble. The Collegium Musicum, formed in 1973 by James Mendenhall, has a collection of replicas of early instruments. The school frequently produces an opera (or musical theatre work) directed by Sylvia Richardson.

Student pursuing a major in music education have founded an active organization known as

Students pursuing a major in music education have founded an active organization known as the Brandon University Student Music Educators' Association (BUSMEA), which is, in effect, a student branch of Manitoba Music Educators Association (MMEA). Annual summer schools enhance the program. In the 1960s, under the direction of Peggy A. Sharpe, recitals and workshops were given by visiting artists. In the 1980s, the emphasis was on graduate courses, including the offering of a Kodaly specialist diploma.

In the conservatory, music for children classes, the Suzuki string program, and classes in the Alexander technique are offered. The conservatory offers courses for gifted students. It also sponsored annual workshops for teachers. Clinicians have included Lawrence Jones, Lorne Watson, Gordon Macpherson, Sydney Young McInnis, Shirley Yip, Elizabeth Grant and Irma Toews.

The School of Music acts as a musical focus for southwestern Manitoba. Beginning in the 1960s, it co-sponsored (with the MMEA) an annual choral/orchestral workshop in January attracting up to 300 music educators and students from Manitoba and beyond. Rehearsals of the Brandon Community Chorus and Community Orchestra take place at the school, as do most events of the Brandon Festival of the Arts. It is also the home of the annual S.C. Eckhardt-Gramatte competition for the Performance of Canadian Music and the annual Brandon Jazz Festival. One reason for such constant activity is the excellence of the Queen Elizabeth II Music Building, which includes an advanced electronic studio, rehearsal halls for orchestras, bands and choirs and a 200-seat hall with recording facilities and ideal acoustics. On the occasion of Lorne Watson's 40th anniversary at Brandon that hall was named the Lorne Watson Recital Hall in his honour.

The music school's first graduate (1966) was Jack Spalding. Honorary doctorates in music have been awarded to W.L. Wright (1969), S.C. Eckhardt-Gramatte (1970), Murray Adaskin (1972), Jon Vickers (1976), Kenneth Winters (1989), the Guess Who and Tom Cochrane.

#### Scope and Content:

## R.B. Inch collection

<http://archives.brandonu.ca/en/permalink/descriptions180>

Part Of: RG 6 Brandon University fonds

Description Level: Sub-series

Series Number: MG 3 1.10

Accession Number: 35-1997

GMD: textual records

Date Range: 1937-1980 (predominant 1940-1970)

Physical Description: 2.08 m

Physical Condition: Generally good

### History /

#### Biographical:

See RG 6, series 9 (Department of Extension) for biographical information on R.B. Inch.

#### Custodial History:

R.B. Inch's records were passed on to the McKee Archives following his death. It is presumed that the executor of his estate donated the collection after his passing in 1983.

#### Scope and Content:

This collection is heavily influenced by Inch's professional and organizational life. Most heavily represented is literature associated with Inch's involvement with the League of Nations Society in Canada during the 1930s. It also appears that Inch paid close attention to United Nations' policy following World War II, from ca. 1945-1970. There are numerous items devoted to both Canadian and international political and diplomatic issues, with particular emphasis on British politics in the immediate post-war period. As one would expect from his involvement in the National Research Council and League of Nations Society, the core of the fonds is a study in two major themes. The first theme is of the post-WWII policy pursued by Canada and Britain and, secondly, the growth and development of United Nations' policy following the collapse of the League of Nations. There is some periphery material of general interest to Canadian history and Canadian university publications, but for the most part the material can be classified into one of the two preceding themes.

The collection includes a manuscript prepared by R.B. Inch entitled "Parliament Will Decide: A Chronicle of the Drift to War and of an Effort to Help Avert it" (1947). The manuscript is edited but out of order.

The balance of the collection consists of accumulated documents gathered over the course of Inch's lifetime from outside sources. These include: newspaper clippings and whole newspapers from publications in Winnipeg, Brandon, Toronto, Calgary and London; United Nations' pamphlets concerning a broad range of issues, ranging from the question of East Indian independence to annual policy directives of the organization; various magazines including copies of "Interdependence," which Inch once edited; articles taken from the publication "Life" concerning important figures of the time period; numerous books and textbooks concerning the political formation of post-war Europe; quarterlies from academic institutions, such as the University of Toronto; some material, primarily pamphlets, concerning R.B. Inch's involvement in Amnesty International after his retirement; and documents relating to post-war reconstruction in Britain.

Notes:	Finding aid for the R.B. Inch fonds was prepared for the McKee Archives by Matthew Palmer (2003). The majority of the boxes in the collection contain a typewritten inventory detailing the contents of each container. As well, the preponderance of the files within the boxes are further subdivided by either a typewritten inventory itemizing the material contained within each dossier or a handwritten note on the outside of the folder describing the contents.

## Lawrence Stuckey photograph collection - Brandon history

<http://archives.brandonu.ca/en/permalink/descriptions9030>

Part Of: RG 11 Lawrence Stuckey fonds

Creator: Many of the images presented were captured by Mr. Stuckey himself. However being a well known and accomplished photographer and amateur historian, he also bought, sold and traded negatives with other collectors. Therefore the viewer is reminded that many images, although part of his collection, were created and/or provided for Mr. Stuckey by other collectors. In addition, it is believed that some images contained within his collection were created by photographing a pre-existing negative or print. We have attempted to note the authorship of all images when possible.

Description Level: Sub-series

History /

Biographical:

For history/bio information see the collection level description of the Lawrence Stuckey collection.

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

This sub-series consists of photographic negatives related to the history of Brandon, Manitoba.

All of the images contained within this sub-series were part of Mr. Stuckey's lifelong personal collection of photographic negatives and prints. Images include those related to people, street scenes, buildings, various city departments and so forth.

Notes: All of the images from Mr. Stuckey's collection of negatives and prints were reproduced and digitized using an Epson scanner and software suite. All attempts have been made to reproduce the images in such a manner that balances our desire to portray the negatives and photographs as they originally appear, with the need to create an optimal digital image for viewing. Therefore it is noted that minor alterations to image size and contrast have occurred.

With few exceptions, all digitizing and database entry of images and descriptions was conducted during the summer of 2009 at Brandon University by Patrick Elves.

Repro Restriction: The McKee Archives is the copyright holder for the Stuckey materials.

Arrangement:

Unless otherwise noted, the arrangement of these images was drawn from the original classification scheme used by Mr. Stuckey.

The information specific to each image, for the most part, was gained from Mr. Stuckey's personal notes regarding that particular photograph or similar photograph. ## History /

### Biographical:

Ruth Alverda Wade was born July 11, 1912 in Brandon, MB to James and Etta Alverda. She had two younger siblings: sister Gwen and brother Sherry. The Wade family resided at 1837 Princess Avenue, Brandon, MB. Ruth graduated from Brandon College with the Class of 1933.

During her time at Brandon College Ruth met Archie MacLachlan. Archibald James MacLachlan was born in Sault Ste. Marie, Michigan in 1907. He had four brothers: Howard, Edgar, Bruce, Curly and Stirling. When Archie was quite young the MacLachlan family moved to Alberta. Archie came to Brandon c. 1930 to attend Brandon College. During the summers of his years at Brandon College Archie held pastoral charges in Alberta. The first two summers were spent in the Peace River Country and the second two in Etzikom in Southern Alberta. This is the period during which the letters in the fonds were written.

Ruth Wade married Archie MacLachlan on September 19, 1934 in Brandon, MB. Following the wedding the couple moved to Hamilton, ON. Archie graduated from McMaster University with his Bachelor of Divinity degree in 1937. During this period their daughter Joann Ruth was born. After his ordination as a Baptist Minister the family moved to North Bay where Archie was minister for four years. The next six years were spent in Vancouver as Archie worked as minister at Fairview Baptist Church in Vancouver. The couple's sons Archibald James and Lachlan Wade were also born during this period.

At the end of the Second World War Archie decided to go back to school. The family travelled to Brandon, where Ruth and the children remained for part of a year while Archie went ahead to Andover Newton to enroll and find a parish that would support him while he went to school. The family was reunited in Penacook, New Hampshire; they lived there for two years while Archie completed his Masters in Sacred Theology. After a brief additional period of study at Harvard University, the MacLachlan family returned to Canada, settling in Toronto while Archie finished his second Masters degree (Psychology) and held positions as interim minister and then assistant minister at York Minster Church. Following the two years in Toronto they moved to Winnipeg.

Eventually Archie left the church ministry and became Chaplain at the Hamilton Psychiatric Hospital. He also continued to train students in Pastoral Education through the courses he had begun at the Divinity College of McMaster University. He remained at the Hospital until his retirement.

During their married life Ruth was kept busy raising the couple's children and with her work as a minister's wife, particularly her work in the community. She sat on a number of community boards, including positions as President of the Baptist Convention of Ontario and Quebec and a member of the Board of Governors for McMaster University's Divinity School.

Ruth MacLachlan died on October 29, 1983 in Mississauga, ON.

Archie married Kathleen Marie (Green) French (b. January 22, 1908, d. June 1, 1998) on June 20, 1987. Archie MacLachlan died in December 1997.

### Custodial History:

Records were in the possession of Ruth and Archie MacLachlan until their deaths. At that time the records were inherited by their daughter Joann. Joann MacLachlan donated the records to the McKee Archives on October 24, 2009 at a donation event held as part of Homecoming 2009.

#### Scope and Content:

Fonds consists of approximately 197 letters written by Ruth and Archie to each other during the spring and summers of 1932, 1933 and 1934. The letters were written during the courtship of the couple and contain details not only on about their lives in Brandon and Alberta but also more personal information about their relationship, families and future plans. Because Ruth and Archie were students at Brandon College during this period the letters also often reflect on events and personalities related to the College, as well as their own personal studies.

Fonds also contains a scrapbook compiled by Ruth during her Brandon College years. It includes photographs, newspaper clippings, graduation cards, event programs, place cards and other ephemera. There are also a few miscellaneous documents - McMaster University examination papers, handwritten sheet music, postcards - that appear to have belonged to Archie. Fonds also contains a graduation photograph of Ruth.

Notes: Description by Christy Henry. History/Bio information taken from Joann MacLachlan's book Ruth and Archie: Brandon and Brandon College 1932-1934.

Lindsay attended Park School, Earl Oxford Junior High School and Brandon Collegiate. In September 1943, he entered 2nd Year at Brandon College, joining the Class of 1946. Due to past experience in publishing the BCI yearbook, he was drafted into The Board of Publications and named Co-editor of the Quill along with third year student Genevieve Fuloski. Lindsay and Fuloski held their positions for two years. Because of the war, money and supplies were in short supply and the Quill at one point was reduced to mimeographed pages. While Editor Lindsay wrote The eggshell-Slightly Cracked column.

Lindsay was named Senior Stick in 1945 and graduated from Brandon College with a B.Sc. in 1946. He obtained both his MSc (1948) and PhD (1951) in Physical Chemistry from McMaster University.

During his time in Hamilton, Lindsay met Shirley Woolmer and the couple married on September 2, 1950. They moved to Arvida, Quebec in 1951 where Lindsay accepted an offer from Aluminium Laboratories Limited, the research arm of Alcan Aluminium Ltd. The couple remained in Arvida for twenty-two years, during which time they had four children: Sharon, Heather, Geoffrey and David.

In 1973, Lindsay was transferred to Alcan's head office in Montreal where he spent the next three years co-ordinating alumina research in Alcan plants around the world. In 1976, he accepted a transfer to Alcan Jamaica as Chief Technical Officer and Manager of Technical Development. He and Shirley spent nearly eight years in Jamaica before returning to Canada in 1984. After a year at Alcan's Research Centre in Kingston, ON Lindsay took early retirement.

During their years in Jamaica Lindsay had been introduced to Rotary and he continued his association with the organization in Kingston where for fifteen years he was Bulletin editor of the Kingston-Frontenac Rotary Club. In addition to Rotary, Lindsay (along with his wife) took up genealogy in his retirement and after fifteen years of extensive travel and research he became his Lindsay family's historian and author of *The Lindsays of Dundonald*.

For three years in the late 1980s Lindsay served as a representative on the Brandon University Alumni Executive for Eastern Canada. Along with his wife he attended two class reunions at Brandon University including his 50th Re-convocation in 1996.

History /

Biographical:

Thomas Russell Wilkins was born in Toronto in 1891. He received his B.A. from McMaster University in 1912, and became the Science Master at Woodstock College the following year. In 1916, he and his wife Olive moved to Chicago, where Wilkins was an instructor of Physics at the University of Chicago. The next year he served as a master signal electrician in the U.S. Signal Corps. During World War I, Wilkins completed pioneer research for the United States Navy, which led to the development of pulse sonar devices in the 1920s. He had also been researching the possibilities of a wireless telephone.

Wilkins and his wife moved to Brandon in 1918, where he took up the position of Professor of Physics. During his time at Brandon College, Wilkins introduced the latest technology to classrooms, designed the original Science Building, and along with the Brandon Citizen's Committee, secured building funds for the Citizen's Science Building.

Receiving his Ph.D. from the University of Chicago in 1921, Wilkins resigned from Brandon College in 1925 to pursue postgraduate study at Cambridge University. In 1926, he began research at the University of Rochester, where he also took up the position of Professor of Physics. From 1930 to 1938, he acted as the Director of the Institute of Optics.

Widely known for his work in the fields of cosmic rays and atomic disintegration, in April 1939, Wilkins announced the perfection of a camera that was able to record the "footprints" of invisible atoms after they collide. In October 1939, he received a medal from the Royal Photographic Society of Great Britain recognizing his work regarding the use of photographic emulsions in the study of radium. The following year, Wilkins perfected a camera that could determine the energy levels inside the nuclei of stable chemical elements. He received a grant from Sigma Xi, the National Society for the Promotion of Scientific Research, in November of 1940.

Wilkins married twice. The first marriage, to Olive Angles Cross took place on June 17, 1913. Olive Wilkins died suddenly on May 13, 1937, at the age of 45. Wilkins married Susan Gwendolyn Whidden, the daughter of former Brandon College president Dr. H.P. Whidden, in 1938.

Thomas Russell Wilkins died suddenly of a heart attack on December 10, 1940, on his way back to his laboratory after a faculty meeting. He was 49 years old.

Custodial History:

Records were accessioned by the McKee Archives in 1998. Prior custodial history is unknown.

Scope and Content:

T. Russell Wilkins' records contain correspondence between himself and Mrs. Wilkins and Dr. Whidden concerning their employment with Brandon College. There are letters between the two men regarding the building of the Science Building in 1920. There is also a copy of the Canadian Baptist. Besides programmes and a picture, there is also correspondence between various people. Dr. Wilkins kept the papers he had written for various classes at McMaster University in the years 1911 and 1912. There is a "toast to the ladies" that he delivered at a banquet of some sort, that gives an interesting view on how Wilkins, and possibly other men of his time, viewed women. There are numerous newspaper clippings, and several pages taken from journals such as Popular Mechanics, Popular Electricity and others. Dr. Wilkins was at the top of his field of study. He was an extremely bright man who managed to create some very useful tools of science. His papers are interesting and informative to read.
