## History /

### Biographical:

Professor John Weldon Grant was born 12 March 1919 in Sunnybrae, Nova Scotia, son of Alec and Linda Grant. He was raised in Sunnybrae and graduated from Pictou Academy in 1937. Prof. Grant entered Pine Hill Divinity School to study Theology. During his ministerial internship, he taught and preached in Rabbit Lake and Biggar, Saskatchewan. He graduated from Pine Hill in 1943 and entered the mission field with the United Church.

Professor Grant moved to Trinidad & Tobago in the 1940s. There he taught in both San Fernando and Siparia, towns located in the southwest tip of the island. Weldon Grant was the first head master of the Iere High School in Siparia when it opened in 1955. Professor Grant is recalled by Kenneth Ramchand in his *The West Indian Novel And Its Background* as "his beloved English teacher" reading from an early Sam Selvon novel in a "Saskatchewan version of Trinidad dialect." That he was teaching Selvon – a West Indian writer - testifies to Grant's cultural pluralism. See Kenneth Ramchand, *The West Indian Novel and its background* (London: Faber and Faber, 2001 edition).

Professor Grant and Bernice Emma Moats were married in Gray, Saskatchewan 30 June 1954. They adopted three children in Nova Scotia and returned to Trinidad.

In 1961, the Grants returned to Canada. Weldon taught for one year at Vincent Massey High School and then joined the English Department at Brandon University where he taught in the English department until his retirement on August 31, 1984.

During a sabbatical he spent six months exploring Ireland and the poets that had been inspired by its countryside. He also loved stories of the sea and read many varied authors, both factual and fiction.

## Lawrence Stuckey photograph collection - Brandon history

<http://archives.brandonu.ca/en/permalink/descriptions9030>

Part Of: RG 11 Lawrence Stuckey fonds

Creator: Many of the images presented were captured by Mr. Stuckey himself. However being a well known and accomplished photographer and amateur historian, he also bought, sold and traded negatives with other collectors. Therefore the viewer is reminded that many images, although part of his collection, were created and/or provided for Mr. Stuckey by other collectors. In addition, it is believed that some images contained within his collection were created by photographing a pre-existing negative or print. We have attempted to note the authorship of all images when possible.

Description Level: Sub-series

Series Number: 3.1

Accession Number: 1-2002

GMD: graphic

History /

Biographical:

For history/bio information see the collection level description of the Lawrence Stuckey collection.

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

This sub-series consists of photographic negatives related to the history of Brandon, Manitoba.

All of the images contained within this sub-series were part of Mr. Stuckey's lifelong personal collection of photographic negatives and prints. Images include those related to people, street scenes, buildings, various city departments and so forth.

Notes: All of the images from Mr. Stuckey's collection of negatives and prints were reproduced and digitized using an Epson scanner and software suite. All attempts have been made to reproduce the images in such a manner that balances our desire to portray the negatives and photographs as they originally appear, with the need to create an optimal digital image for viewing. Therefore it is noted that minor alterations to image size and contrast have occurred.

With few exceptions, all digitizing and database entry of images and descriptions was conducted during the summer of 2009 at Brandon University by Patrick Elves.

Repro Restriction: The McKee Archives is the copyright holder for the Stuckey materials.

Storage Location: Lawrence Stuckey collection

#### Arrangement:

Unless otherwise noted, the arrangement of these images was drawn from the original classification scheme used by Mr. Stuckey.

The information specific to each image, for the most part, was gained from Mr. Stuckey's personal notes regarding that particular photograph or similar photograph. Observations or notes contained within square brackets are explanatory or missing materials that have been added by someone other than Mr. Stuckey.

We have attempted to present the information that accompanies each image in the same format as was used by Mr. Stuckey himself.

## History /

### Biographical:

James Gordon Lindsay was born June 16, 1925 in Minneapolis, Minnesota where his father, James Lindsay, a Brandon pioneer from Northern Ireland, had been working for the Coca Cola Bottling Company. In November 1925, the Lindsay family moved back to Brandon where they lived at 547 16th Street.

Lindsay attended Park School, Earl Oxford Junior High School and Brandon Collegiate. In September 1943, he entered 2nd Year at Brandon College, joining the Class of 1946. Due to past experience in publishing the BCI yearbook, he was drafted into The Board of Publications and named Co-editor of the Quill along with third year student Genevieve Fuloski. Lindsay and Fuloski held their positions for two years. Because of the war, money and supplies were in short supply and the Quill at one point was reduced to mimeographed pages. While Editor Lindsay wrote The eggshell-Slightly Cracked column.

Lindsay was named Senior Stick in 1945 and graduated from Brandon College with a B.Sc. in 1946. He obtained both his MSc (1948) and PhD (1951) in Physical Chemistry from McMaster University.

During his time in Hamilton, Lindsay met Shirley Woolmer and the couple married on September 2, 1950. They moved to Arvida, Quebec in 1951 where Lindsay accepted an offer from Aluminium Laboratories Limited, the research arm of Alcan Aluminium Ltd. The couple remained in Arvida for twenty-two years, during which time they had four children: Sharon, Heather, Geoffrey and David.

In 1973, Lindsay was transferred to Alcan's head office in Montreal where he spent the next three years co-ordinating alumina research in Alcan plants around the world. In 1976, he accepted a transfer to Alcan Jamaica as Chief Technical Officer and Manager of Technical Development. He and Shirley spent nearly eight years in Jamaica before returning to Canada in 1984. After a year at Alcan's Research Centre in Kingston, ON Lindsay took early retirement.

During their years in Jamaica Lindsay had been introduced to Rotary and he continued his association with the organization in Kingston where for fifteen years he was Bulletin editor of the Kingston-Frontenac Rotary Club. In addition to Rotary, Lindsay (along with his wife) took up genealogy in his retirement and after fifteen years of extensive travel and research he became his Lindsay family's historian and author of *The Lindsays of Dundonald*.

For three years in the late 1980s Lindsay served as a representative on the Brandon University Alumni Executive for Eastern Canada. Along with his wife he attended two class reunions at Brandon University including his 50th Re-convocation in 1996.

At present (June 2010) Gordon Lindsay continues to live in Kingston, ON with his wife.
