ARCH 2: North Lauder Locale

The North Lauder locale has a long archaeological and geological history that is important for understanding the forces that shaped the region. Archaeological research in the locale shows that the area has been occupied by humans for at least the past 6,500 years. Environmental forces provided an area of diverse resources that attracted early peoples.

Environment of the Lauder Sandhills

The North Lauder locale is part of the greater Lauder Sandhills area. The glaciers that covered this region began to recede approximately 11,000 years ago leaving a large lake known as glacial Lake Hind. The Souris River, the Lauder Sandhills and the Oak Lake Aquifer are remnants of the environmental and geological forces that shaped the region.

The Lauder Sandhills region is characterized by a landscape of sand sheets and stabilized sand dunes interspersed with a variety of wetlands. This complex topographic and hydrological situation favoured the development of an island mosaic of mixed forest, wetland and meadow, surrounded by mixed grass prairie. The result was a large, isolated ecotone which provided a rich variety of subsistence resources for hunter-gatherers.

Research in the Lauder Sandhills

Archaeologists from Brandon University have been conducting research in the Lauder Sandhills since 1991. Research in the North Lauder locale has focused on the Atkinson site, a 6,500 year old hunter-gatherer site and Flintstone Hill.

The Atkinson site

The Atkinson site is one of the oldest excavated sites in Manitoba and has been Radiocarbon dated to 6,500 years before present. The Atkinson site is located on the bank of the Souris River and was discovered when a hearth (fire pit) was seen eroding out of the bank. Based on the date of the site and the kind of lithics (stone tools) present it is considered a Gowen occupation. The Atkinson site is evidence that bison hunters were active on the northern plains at a very early date. Similar sites have also been found on the High Plains in the U.S. and are referred to as the Mummy Cave Complex.

The Atkinson Site is of great importance as it is the first undisturbed site of this type to be excavated in Manitoba and extends the range of these sites south and east from the type-sites in central Saskatchewan.

Flintstone Hill

The geomorphology of the glacial Lake Hind Basin over the past 11,000 years is known primarily through the study of a cut bank along the Souris River. Flint Stone Hill contains the most complete stratigraphic record for the post-glacial period on the northern plains. The site has been extensively studied by geoarchaeologists, geologists and paleoenvironmentalists over many years and their findings have contributed to our understanding of the region.

The North Lauder locale Borden designations of Atkinson site DiMe-27 and Flintstone Hill site DiMe-26.

Borden System

Archaeological sites in Canada are identified by the Borden system, which is a uniform site designation system. The country is divided into grids based on latitude and longitude in blocks of 10 x 20 minutes. The first 4 letters indicate the block and the following numbers indicate the actual site. For example the area of the Lauder Sandhills in southwestern Manitoba is identified by the letters DM and the North Lauder locale within that area is DiMe. The Atkinson site is DiMe-27 and the Flintstone Hill site DiMe-26. As new sites are discovered they will be numbered sequentially.

Scope and Content:

The Series has been divided into two sub-series, including (1) Atkinson site DiMe-27 and Flintstone Hill site DiMe-26.

Radiocarbon dating

The technique of radiocarbon dating was developed by Willard Libby and his colleagues at the University of Chicago in 1949.

Radiocarbon dating is used to estimate the age of organic remains from archaeological sites. Organic matter has a radioactive form of carbon (C14) that begins to decay upon death. C14 decays at a steady, known rate of a half life of 5,730 years. The technique is useful for material up to 50,000 years. Fluctuations of C14 in the atmosphere can affect results so dates are calibrated against dendrochronology. Radiocarbon dates are calibrated to calendar years.

Dates are reported in radiocarbon years or Before Present. Before Present refers to dates before 1950. The introduction of massive amounts of C14, due to atomic bomb and surface testing of atomic weapons, has widely increased the standard deviation on all dates after A.D. 1700 causing these dates to be unreliable.

Accelerated mass spectrometry can more accurately measure C14 with smaller samples and can date materials to 80,000 years.

Sub sub series contains radiocarbon dates from: Atkinson site and Flintstone Hill.

Robert Troy Blair fonds

<http://archives.brandonu.ca/en/permalink/descriptions13300>

Part Of: RG 1 Brandon College fonds

Description Level:	Sub-series
Accession Number:	18-2013
GMD:	multiple media
Date Range:	September 1950 - June 1954
Physical Description:	2 scrapbooks (7.5 cm)
Physical Condition:	Excellent

Robert (Bob) Troy Blair was born on March 11, 1930 in Brandon, MB. His first six years were spent in Alexander, MB, where his father and uncle operated a grocery store. In 1936, his family moved to Souris, MB, where his father ran a grocery store. Blair received his primary and high school education, with the exception of Grade 12, in Souris.

Blair remembers his school years in Souris as mainly happy years. He was involved with both piano and organ music lessons. he was never interested in physical sports with the exception of golf. World War II broke out in September of 1939. Souris became the site of #17 SFTS and home base for the British Commonwealth Air Training Plan. Many of the service men came from England, Australia and New Zealand. Blair's mother always entertained at least two for dinner every Sunday. Rationing of sugar, tea and coffee, butter and meat became a way of life. Blair had the job every Saturday of pasting the ration coupons into booklets. It was also when he was in Grade 6, that Blair realized he was more attracted to boys than to girls. Perhaps it was because so many attractive airmen surrounded him!

In November of 1947, the Blair family relocated to Alexander where Bob Blair finished his Grade 11. This was not a good year due to bullying. In September of 1948, Blair moved to Winnipeg to attend United College for his Grade 12. Upon completion of Grade 12, Blair remained in Winnipeg until June 1950. he worked at a number of businesses - Gestetner, Eaton's Mail Order shoe department, Maple Leaf Milling, and the drug store in the Medical Arts Building. In September 1950, he entered Brandon College. Blair was very active in extra-curricular affairs while at Brandon College; particularly drama. Following his B.A. he enrolled in the Education Faculty, having decided to become a teacher.

Blair's teaching career spanned 34 years. All but one year was spent in the Brandon School Division. On his first day of teaching in the Division he met the man with whom he would spend the next 46 years. He was primarily a teacher of English and Music. A highlight of his career was exchange teaching in Sacramento, California in 1961. Orientation for exchange took place in August in Washington, D.C., where Blair had the opportunity to meet President J.F. Kennedy. He vividly recalls the morning that JFK was assassinated on November 22, 1963. In September 1965, Blair assumed the principalship of Park School and in September of 1969, the same position at George Fitton School where he remained until his retirement in 1989. He was a member of the Brandon Principals' Association, the National Association of Elementary School Principals, and served as President of the Brandon Teachers' Association. Among his major accomplishments during his time as principal were the introduction of a centralized school library in both Park and George Fitton Schools and the integration of special needs students into regular classroom situations wherever possible. He was made a Life Member of the Manitoba Teachers' Society (Brandon) in June 1990. Following his retirement Blair worked as a Library Automation Consultant (1989-1993).

Blair also had numerous community involvements during his time in Brandon. he was active in the Brandon Little Theatre (Best Actor Award, Manitoba Drama Festival for One Act Plays in 1963), the Brandon Festival of the Arts, the Eckhardt-Grammatte National Music Competition, and Arm Industries to name a few.

Following the death of his partner in 2001, Blair moved to Saskatoon to live with a younger gay couple. He has been active in volunteerism: as an Ambassador for the Saskatoon Airport Authority, assistant with the Saskatoon Health Region's Immunization Clinics, information clerk for the Festival of Trees, data entry clerk for the Saskatoon Music Festival, on the Board of the Saskatoon Jazz Society, and Hospitality Coordinator for the Saskatoon Jazz Festival.

As of October 2013, Bob Blair continues to live in Saskatoon, SK.

Custodial History:

Records were in Blair's possession until he donated them to the McKee Archives on Homecoming weekend October 2013.

Scope and Content:

Fonds consists of two scrapbooks containing 145 photographs and ephemera (play and graduation programs, tickets, pins, newspaper clippings) documenting Bob Blair's days at Brandon College. Social events and extra-curricular activities are heavily featured in the two scrapbooks. Also included are graduation portraits for the Classes of 1951, 1952 and 1953. Of the 145 photographs all are black and white except for two photos of the Class of '53 reconconvocation (May 1993), and one from the Class of '53 reunion (2003).

History /

Biographical:

Verda Joan McDonald (nee Peden) was born in Brandon, MB on May 2, 1934. She was the middle daughter of Bill, a school principal, and Phyllis Peden. McDonald attended school at King George, Alexandra (now Betty Gibson), Earl Oxford and Brandon Collegiate Institute.

In 1951, McDonald enrolled in the Bachelor of Arts program at Brandon College. A fellowship program from the local YMCA enabled her to teach gym and swim programs after school and on Saturday for a small salary, which enabled her and some other students to finance their education. She graduated in 1955 with a Bachelor of Arts degree. During her graduating year, McDonald served as Lady Stick for Brandon College; the title of Lady Stick was an elected position and an honour, and gave McDonald and the person elected Senior Stick, Frank McKinnon, the responsibility of leading the student council for that year. In 1956, McDonald obtained her Bachelor of Pedagogy degree, also from Brandon College, which allowed her to teach grades 1 to 12 in Manitoba.

Verda married her college sweetheart, Dick McDonald, on August 25, 1956, and the couple moved to Dauphin to teach at the Dauphin Collegiate and Technical Institute for two years. They returned to Brandon in September 1958, and Verda proceeded to teach at Brandon Collegiate, Neelin High School and Vincent Massey until December 1960.

When Dick finished his degree at Brandon College and started teaching, Verda stayed at home to raise their three sons, Rick, Paul and Daren. During this time she began her many years of volunteering within the community. She served seven years on each of the following three boards: The Brandon Schools Instrumental Music Association; The Brandon University Alumni Board; and The Board of Fairview Nursing Home. She became President of each board during her term.

McDonald supported her husband throughout his teaching and financial career, as well as his strong involvement in the Artillery Reserve Army with the 26th Field Regiment where he served as Commander and later Honorary Colonel. Both McDonald and her husband maintained strong ties with Brandon University and have contributed generously to funding campaign and scholarships. The Sports Wall of Fame in the Health Living Centre on the Brandon University campus is named in their honour.

In addition to their involvement with Brandon University, the McDonald's were members of the Kinsmen, K40 service club, gold and bridge clubs and enjoyed many years together in Brandon. They enjoyed going on cruise ship holidays and visited many countries together.

Since Dick's death in September 2015, Verda has tried to maintain her involvement in university activities. She continues to reside in Brandon, MB.

Custodial History:

Records were created and collected by Verda McDonald during her years as a student and alumna of Brandon College/Brandon University. The records were stored in her home until their donation to the McKee Archives in 2015.

Scope and Content:

Collection consists of records dealing with Verda McDonald's experiences as a student and alumna at Brandon College/University. The majority of the collection contains records from the early 1950s during McDonald's college years (1951-1955). These records, which cover the social and athletic aspects of Brandon College in the 1950s, provide a detailed look at college student life during this time period. The collection also contains a small number of records (1955-2005), documenting McDonald's experiences as an alumna of Brandon College/University.

The collection consists of four scrapbooks, which contain photographs, newspaper clippings, graduation cards, lyrics for class songs, and programs for graduation banquets, school dances, graduation ceremonies and drama productions. The scrapbooks also contain ephemera such as sports emblems, table decorations, election paraphernalia. It also includes McDonald's oath of office from when she was sworn in as Lady Stick, as well as her acceptance speech from the same ceremony.

The three file folders in the collection include: a list written by Frank McKinnon, a classmate of McDonald's, outlining his reasons for coming to Brandon College and his recollections of being a student at Brandon College; the rules of Clark Hall residence hall; and pamphlets for various celebrations and events at Brandon University (Homecoming 2009, Homecoming 2006, Reunion Weekend 2005, Reunion Weekend 2004, Homecoming 1995 and 1995 Reconovocation program, Homecoming 1980, 1975 Open House).

Finally, the collection contains 18 loose photographs. A number of the photos document important reunions for the Class of 1955 (40th Anniversary in 1995, 50th Anniversary in 2005), while others were taken at alumni events over the years (1988-1997). There is one postcard of Brandon University buildings (Original Building and Clark Hall, McMaster Hall and the Queen Elizabeth II School of Music building). Some of the 1995 reunion photos include images of the Brandon College Building and Clark Hall under renovation. Also included are a composite portrait of the Class of 1955 and class portraits Arts and Science for the Class of 1960.

History /

Biographical:

Music in the Brandon Community was created by Brandon University student Richard Bee for the course Advanced Topics in Oral History. The project was conducted under advisement from Dr. Rhonda Hinthner, BU History Department. Interviews were conducted by Bee with members of the Brandon community - Bill Campbell, Elizabeth Grant, Bill and Sue-On Hillman, Ian Robinson and Bill Turner - between June 9-July 7, 2015, about their experiences in the local musical community.

Following the completion of the interviews, Bee created a transcript of the Hillman interview, at their request. Interview logs were created for all other interviews. Bee used the interviews to write an essay titled "Oral History and Community Music: A Case Study of Brandon, MB," which he submitted to Hinthner to meet course requirements.

Custodial History:

As part of the ethics approval for the project, records created were slated for donation to the SJ McKee Archives. Bee donated the materials to the McKee Archives in July 2015.

Scope and Content:

The collection consists of consent forms, interview logs, one interview transcript, a copy of Bee's case study and the six audio recordings of interviews conducted with community members.

All of the interviews detail the interviewee's experiences in and around Brandon regarding music in the community: Brent Campbell's interview discusses his life as a music teacher in Brandon, his life, and his participation in Brandon Jazz; Dr. Elizabeth Grant's interview discusses her life, her teaching career at Brandon University and her musical career, including the Brandon Conservatory Chorale, which she founded; Bill and Sue-On Hillman's interview discusses their lives individually and together, their careers, and how music influenced their lives; Ian Robinson's interview discusses the operation of Ted Good Music, his life and performances in Brandon; and Bill Turner's interview discusses his life, radio career, and the Brandon community.

Bee's case study primarily covers first-person accounts of people in the Brandon Community involved in music. It includes topics such as faculty at BU's School of Music, performance experiences, and personal experiences of interviewees in and around Brandon and Canada.
