History /

Biographical:

The forerunner of Manitoba Pool Elevators (MPE), the Manitoba Wheat Pool was created in 1924 as a mechanism to allow for the co-operative marketing of wheat by Manitoba producers by the United Farmers of Manitoba. The Manitoba Wheat Pool was initially intended to be a provisional organization until the establishment of an interprovincial Pool, but when Alberta and Saskatchewan established their own permanent Pools the United Farmers decided to do the same. The Manitoba Pool was different from the SK and AB Pools in that the municipality was the primary unit of organization; members belonged to their municipal Pool associations first, rather than having direct membership with the central Manitoba Wheat Pool. Manitoba Pool Elevators was established in 1925 as a subsidiary of the Pool in response to local members complaints about the unfair business practices of privately owned elevators. The private elevators also slowed up the shipment of grain to the Central Selling Agency employed by the Wheat Pool, acting as a barrier between the local Pools and the Manitoba Wheat Pool. Once established MPE quickly began to build new elevators and acquire privately owned elevators.

MPE's approach to marketing grain promised to stabilize the market price of grain and ensure a fair market price to producers. Initially the Manitoba Wheat Pool was very successful. However, in 1930, the Manitoba Wheat Pool found itself burdened with an unsold surplus from the preceding year that had been bought from the farmers at a price that was significantly higher than any possible return during the Depression. As a result, in 1931 the Manitoba Wheat Pool's Central Selling Agency defaulted on its bank loans. Despite attempts to save the organization, it was forced to declare bankruptcy in November 1932. The financial difficulties of the Wheat Pool had little to no effect on the Pool Elevators, and so this former subsidiary organization became the main Manitoba Pool organization. This change meant MPE had to reorganize, which they were able to do with funds from the provincial government. The company was successful enough in subsequent years that it was able to finish repaying the Manitoba government a full year early in 1949.

MPE did not limit itself to grain handling; they wished to enrich the lives of rural families through education and to provide economic stability through diversification.

MPE established a lending reference library for members and a traveling library for rural families in 1926. With the passing of the Public Libraries Act in 1948, the province took over responsibility for providing rural families with books. MPE decided that since their traveling library would no longer be needed when rural libraries were established, the best course of action was to donate their library to the Provincial government. They also established and supported programs that educated young people about agriculture and ag business.

Subsidiary companies that dealt with course grains, livestock, packing and fertilizer were established by MPE to streamline and stabilize business for its members.

1961 marked the high water mark for the number of local associations within Manitoba Pool Elevators with 225 local associations. After this date the associations began to amalgamate and consolidate. Improvements in rural roads and rail systems and increases in the size of farms and mechanization of farm labour meant that fewer elevators were needed to service all members and regions. These changes led to an organizational restructuring of Manitoba Pool Elevators in 1968. Membership became direct, and the main unit of organization became the central office. The central office administrated the Pool through districts, which were further subdivided into sub-districts. The locals which were formally the main organizational unit came

under the immediate direction of the sub-district they were located in. Local association could opt out of this system if they wished, but by 1975 all but 29 associations had become part of the new structure.

In 1998 Manitoba Pool Elevators merged with the Alberta Wheat Pool to form Agricore Co-operative, Ltd. In 2001 this organization merged with the United Grain Growers to become Agricore United, and in 2007 AU was taken over by the Saskatchewan Wheat Pool; the new company is currently known as Viterra.

History /

Biographical:

Walter Leland Rutherford (Lee) Clark was born December 16, 1936 in Davidson, Saskatchewan. He obtained his B.Ed and B.A. from the University of Saskatchewan in 1959 and 1960/1961 respectively. In 1963, he received his M.A. from the University of Oregon and in 1976, his Ph.D. from the University of Alberta. He joined Brandon College in 1964 as a member of the History Department. Clark was a Lecturer and Dean of the Men's Residence from 1964-1967. He was promoted to the rank of Assistant Professor in 1967. Clark served as the Acting Registrar of Brandon University in 1967-1968. In 1976, Clark was promoted to the rank of Associate Professor.

Clark entered federal politics and was elected as a Progressive-Conservative Member of Parliament for Brandon-Souris in a by-election held May 24, 1983 and was re-elected in the General Election held on September 14, 1984. (From his election in 1983 to June, 1989 Clark was on political leave from Brandon University). Clark was re-elected in the 1988 election and left politics on October 1993 following the General Election of that year, in which he was not a candidate. During his time in politics, Clark served as Parliamentary Secretary to the Minister of Agriculture (1987-1989) and Parliamentary Secretary to the Minister of the Environment (1989-1993).

Clark returned to Brandon University in 1994, as Executive Assistant to the President. He remained in that position until his retirement in 1998. Following his retirement, Clark and his wife moved to Lake Metigoshe.

Walter Leland Rutherford (Lee) Clark died on August 10, 2008.

Custodial History:

Clark deposited his political papers to the S.J McKee Archives in the early 1990s. They were officially donated in 2007. In a second accession in 2009 parliamentary scrapbooks and teaching and research papers that had been retained by Dr. Clark were added to the fonds.

Scope and Content:

Records include correspondence, information, records, press releases, newspaper clippings, booklets, brochures, maps and grants as well as other records associated with government between 1983 and 1993. A large part of the records consists of correspondence, especially between Clark, his constituents, and other members of the government. This correspondence covers all aspects of Canadian society and government departments, including but not limited to: Agriculture; Communications; Environment; External Affairs; Finance; Indian and Northern Affairs; National Defense; Prime Minister; Justice; Transport; Veteran's Affairs; Youth; Status of Women; Housing; Immigration; Industry, Science & Technology; Health & Welfare; Forestry; Fitness, Youth & Amateur Sport; Employment; Federal Provincial Relations; Consumer & Corporate Affairs; Secretary of State; and various other departments, as well as topics dealing with the municipalities that Clark served. Of these, the departments of Agriculture and the Environment are the most widely represented in these records, due to Clark's positions as Parliamentary Secretary to the Minister of Agriculture from 1987-1989 and Parliamentary Secretary to the Minister of the Environment from 1989-1993.

The records highlight the political climate of Canada, and especially Western Canada, from 1983 to 1993. Many of the records relate to the affairs of constituents in the Brandon-Souris riding and cover a wide variety of topics. The collection spans the entire political career of W. Leland Clark, from the letters congratulating him on his byelection victory in 1983 to his final days in office in 1993 and parliamentary Scrapbooks covering his career as a member of parliament..

Records also include research and teaching files from Dr. Clark's career as a history professor at Brandon University prior to his election to parliament in 1982.

Notes:

History/Bio information for W. Leland Clark was taken from Faculty of Arts personnel records and the Parliament of Canada website at: <http://www.parl.gc.ca/information/about/people/key/bio.asp?Language=E&query=728&s=M> (February 2007). Additional biographical information available in the biographical file for Lee Clark in the Archives Reading Room.

Approximately 10 m of records were culled. These generally consisted of books and records that were previously published and could be located in government libraries or various department records. Preliminary sorting, physical processing, description, and file level inventory of the fonds was done by Karyn Taylor from 2005-2007.

Access Restriction:

As per Canadian parliamentary practice, Clark's constituency correspondence may not be accessed for 30 years from the accession date without the permission of the Archivist. Records will be unrestricted January 1, 2037.
