History /

Biographical:

The Snje was a former channel (oxbow lake) of the Assiniboine River. It was located south of the Assiniboine between about 14th and 24th Streets, and during high water in the spring it carried overflow. For many years it was used as a log storage area for Hanbury's Mill. I remember there being bridges over it at 18th & 22nd Streets. It was dammed with a one way flipper valve at 14th Street that allowed water to flow out to the river, but prevented river water backing into it. Water within the Snje became stagnant in summer and formed a breeding area for mosquitoes. It was deemed a health hazard and the river was gradually filled in. LAS.

History /

Biographical:

This wedge-shaped tract of woodland was located west of 34th Street on the south side of the Canadian Pacific Railway. It was formerly owned by the Great Northern Railway, and was acquired by the CPR when the GN line was abandoned in 1936. In 1978 Marathon Realty (CPR) sold this 7 acre property to a developer who planned to build condominiums. However this residential development was objected to for two reasons: [The proposed location] was home to many species of flora & fauna, and it was too close to the CPR mainline. Local residents took out a petition against the development. [Mr. Stuckey] wrote a letter to the editor of the Brandon Sun, [expressing the] attitudes of CPR officials, and read a statement to the Provincial Planning Board suggesting development be refused and the area become an undeveloped park. These efforts would prove successful - see file on same.
