History /

Biographical:

Manitoba Pool Elevators was established in 1925 as a subsidiary of the Pool in response to local member complaints about the unfair business practices of privately owned elevators. The Katrime Elevator appears to have been established in 1940; no records in the Manitoba Pool Elevator fonds mention the Katrime elevator before 1940. In 1969 the Katrime Pool joined the Manitoba Pool.

The Katrime local was operated by a board of directors elected from the members of the Katrime elevator. Regular meetings took place sporadically throughout the year, often before and after harvest. An annual meeting for the local took place every November, at which members were chosen for the board of directors and members were selected to attend the annual Manitoba Pool convention. Occasionally in October or in the Annual meetings in November the board of directors would ask the head office to compose a letter to the rail companies to thank them for keeping the elevator supplied with cars throughout the harvest season. This would change through the 1970's and into the 90's as congestion became a problem for the railcars.

In 1998 Manitoba Pool Elevators merged with the Alberta Wheat Pool to form Agricore Co-operative Ltd. In 2001, this organization merged with the United Grain Growers to become Agricore United, and in 2007, Agricore United was taken over by the Saskatchewan Wheat Pool; the new company was known as Viterra. The fate of the Katrime elevator is unclear. There is no mention in the included records regarding the merger to Agricore or the closing of the elevator.

Custodial History:

Records in accession 9-2013, were deposited at the Archives of Manitoba in 1971, with a fourth minute book being deposited in 2011. The records were deaccessioned by the Archives of Manitoba in January 2012 and transferred to the McKee Archives later that year.

Scope and Content:

Fonds consist of the minutes of the board of directors of the Katrime elevator. Meetings discussed pool business, including membership into the Katrime elevator co-operation and a list of new members is usually included in the minutes. In addition to membership another main topic of the meetings was the salary of the agent including the agents home and expenses. In 1953, the building of a new elevator, which eventually expanded to include new offices and storage sheds was a topic of discussion. Local annual meetings generally discussed the report of the auditor and any unsold surplus, but no details were recorded. A note on the content of the minutes: there is generally mention of a lengthy discussion of a topic but there is no explanation of what was discussed. Also, at each annual meeting there is a discussion of the annual convention and the resolutions adopted from this convention, however there are no details on what the resolutions were.

History /

Biographical:

The Franklin Cooperative Elevator Association Ltd was located in Franklin, Manitoba. The association was formed and incorporated on May 19, 1927 under certificate # 68 of the Cooperative Association Act. The first provisional meeting was held on June 27, 1927 with R.A Storey as Chairman and O. Douglas as Secretary. There was a meeting held after the incorporation meeting and the first board of directors was elected on June 28, 1927 with R. A Storey as Chairman and E.A White as Secretary. The cooperative was run by an elected board of directors.

The Franklin Cooperative Elevator Association was a part of the Manitoba Pool Elevators Ltd which was a subsidiary elevator company of the Manitoba Wheat Pool. Manitoba Pool Elevators was incorporated on April 9, 1925 with 1,000 000 capitol stocks being sold for \$1.00 per share. Manitoba Pool elevators ran on the principal of local ownership through the cooperatives.

The Franklin Cooperative Elevator Association was involved in issues on a local and provincial scale. An example of local concerns was that in October 1948, it is on record that it was a bad crop year with a delayed harvest because of inclement weather. The elevators become plugged up and as a result grain had to be shipped to oppositional elevators. In 1952 the Franklin Cooperative Elevator Association built a forty five thousand bushel annex building and later that year issues arose over cost overages in its construction. The cooperative was also concerned about provincial matters such as on Sept 18, 1952 a strike was arranged by the workers of Manitoba Pool. It was averted when a settlement was reached in Winnipeg.

Custodial History:

Records in accession 10-2013, were delivered to the Archives of Manitoba on March 20, 1970 by Bob Douglas, son of Oliver Douglas. Those records were deaccessioned by the Archives of Manitoba in January 2012 and transferred to the McKee Archives later that year. All other records were donated to the McKee Archives by Manitoba Pool Elevators.

Scope and Content:

Fonds consists of ledger books containing minutes of monthly meetings as well as annual general meetings for the Franklin Co-operative Elevator Association. The first meeting had thirty members in attendance. From incorporation the cooperative had a list of objectives they wanted to accomplish including building or acquiring, and payment of a grain elevator and building documentation. They also needed to be licensed under the Canadian Grain Act. The ledger books also contains a list of bylaws. Records also included membership rosters and contract numbers for shipping grain. Auditor's year-end financial records are also included in the fonds. Attendance records from 1958 to 1963 have been recorded.

History /

Biographical:

A commission to inquire into the formation and operation of the Manitoba Pool up until 1931. Charges were brought against the Pool by J.R. Murray, then Assistant General Manager of UGG. The four charges were, briefly: (1) producers had been misled into forming elevator associations, (2) members are bound by contract to the association, (3) financial statements sent out to associations are inaccurate, (4) Pool members are not getting as good a deal as they would on the free market.

The first two charges were deemed provable by the commission, while the last two were not. It was noted by the commissioner that no pool members had come forward with complaints.

History /

Biographical:

The forerunner of Manitoba Pool Elevators (MPE), the Manitoba Wheat Pool was created in 1924 as a mechanism to allow for the co-operative marketing of wheat by Manitoba producers by the United Farmers of Manitoba. The Manitoba Wheat Pool was initially intended to be a provisional organization until the establishment of an interprovincial Pool, but when Alberta and Saskatchewan established their own permanent Pools the United Farmers decided to do the

same. The Manitoba Pool was different from the SK and AB Pools in that the municipality was the primary unit of organization; members belonged to their municipal Pool associations first, rather than having direct membership with the central Manitoba Wheat Pool. Manitoba Pool Elevators was established in 1925 as a subsidiary of the Pool in response to local members complaints about the unfair business practices of privately owned elevators. The private elevators also slowed up the shipment of grain to the Central Selling Agency employed by the Wheat Pool, acting as a barrier between the local Pools and the Manitoba Wheat Pool. Once established MPE quickly began to build new elevators and acquire privately owned elevators.

MPE's approach to marketing grain promised to stabilize the market price of grain and ensure a fair market price to producers. Initially the Manitoba Wheat Pool was very successful. However, in 1930, the Manitoba Wheat Pool found itself burdened with an unsold surplus from the preceding year that had been bought from the farmers at a price that was significantly higher than any possible return during the Depression. As a result, in 1931 the Manitoba Wheat Pool's Central Selling Agency defaulted on its bank loans. Despite attempts to save the organization, it was forced to declare bankruptcy in November 1932. The financial difficulties of the Wheat Pool had little to no effect on the Pool Elevators, and so this former subsidiary organization became the main Manitoba Pool organization. This change meant MPE had to reorganize, which they were able to do with funds from the provincial government. The company was successful enough in subsequent years that it was able to finish repaying the Manitoba government a full year early in 1949.

MPE did not limit itself to grain handling; they wished to enrich the lives of rural families through education and to provide economic stability through diversification.

MPE established a lending reference library for members and a traveling library for rural families in 1926. With the passing of the Public Libraries Act in 1948, the province took over responsibility for providing rural families with books. MPE decided that since their traveling library would no longer be needed when rural libraries were established, the best course of action was to donate their library to the Provincial government. They also established and supported programs that educated young people about agriculture and ag business.

Subsidiary companies that dealt with course grains, livestock, packing and fertilizer were established by MPE to streamline and stabilize business for its members.

1961 marked the high water mark for the number of local associations within Manitoba Pool Elevators with 225 local associations. After this date the associations began to amalgamate and consolidate. Improvements in rural roads and rail systems and increases in the size of farms and mechanization of farm labour meant that fewer elevators were needed to service all members and regions. These changes led to an organizational restructuring of Manitoba Pool Elevators in 1968. Membership became direct, and the main unit of organization became the central office. The central office administrated the Pool through districts, which were further subdivided into sub-districts. The locals which were formally the main organizational unit came under the immediate direction of the sub-district they were located in. Local association could opt out of this system if they wished, but by 1975 all but 29 associations had become part of the new structure.

In 1998 Manitoba Pool Elevators merged with the Alberta Wheat Pool to form Agricore Co-operative, Ltd. In 2001 this organization merged with the United Grain Growers to become Agricore United, and in 2007 AU was taken over by the Saskatchewan Wheat Pool; the new company is currently known as Viterra.

Custodial History:

The bulk of this fonds was accessioned in 1975, when the forerunner to the McKee Archives at Brandon University, the Rural Resource Center, was founded. The original mandate of the Rural Resource Center was to house the records of the Manitoba Pool Elevators. Previous to this, most of the fonds was stored at MPE's head office in Winnipeg. Many accruals to this collection have since taken place, with some of the larger ones being received in 1997, 2001, and 2002.

Scope and Content:

Fonds contains records dealing with every aspect of the Manitoba Pool Elevators organization, from the events leading to its formation in the 1920's, to its amalgamation as part of Agricore beginning in the late 1990's.

Fonds includes records of the local co-operative elevator associations established in the period 1925 - 1968 under the Co-operative Associations Act including: organizational papers; minutes of executive boards; minutes of shareholders annual meetings; financial statements; correspondence; membership lists; and miscellaneous documents.

Also to be found are: documents related to the Royal Commission re the Manitoba Pool Elevators Limited ca. 1931; miscellaneous reports and submissions documents (1925 -1952); central office papers consisting of annual reports, circulars to local co-operative elevator associations and documents related to various other activities of the Manitoba Pool Elevators organization. Fonds also contains documents pertaining to the Manitoba Co-operative Poultry Marketing Association Limited and its successor, the Manitoba Dairy and Poultry Co-operative Limited, and related agencies.

Other items in the fonds (dating from the 1890's to 2001) include: books acquired for the Manitoba Pool Elevator Library, including a complete run of both the Scoop Shovel (MPE's first newspaper) and the Manitoba Cooperator; photographs; slides; audiotapes; and reel-to-reel videos.

Finally, the fonds contains a small number of miscellaneous items such as banners, and company issued briefcases.

This fonds is organized into four series, (A) Local Association records, (B) Central Office Records, (C) Subsidiary Companies and Co-operatives, (D) Commissions, Committees and Inquiries
