

S. J. McKee Archives

CNR Passenger Train at Brandon Station

<http://archives.brandonu.ca/en/permalink/descriptions9973>

Part Of: RG 11 Lawrence Stuckey fonds

Description Level: Item

Series Number: 3.1

Item Number: 1-2002.3.1PD2

Accession Number: 1-2002

GMD: graphic

Date Range: October 11, 1959

Physical Description: 3 1/2" x 5"

Material Details: Negative

History /

Biographical:

[According to Mr. Stuckey] it snowed continuously from Oct. 7 to 10th, giving [Brandon] the heaviest snowfall ever recorded in October - must have been about 40".

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

Canadian National Railway [passenger train] No. 6, with engines 1905 and 1906, in snow at station.

Notes: In this photo CNR No. 6 Edmonton-Regina-Winnipeg is running 10 hours late as an Extra train

[Note that the train has backed into the station located on Ninth Street, adjacent to the Prince Edward Hotel. P.E. 28/07/09.]

Name Access: CNR Station

Prince Edward Hotel

Subject Access: railroads

CPR Engine 2816

<http://archives.brandonu.ca/en/permalink/descriptions9959>

Part Of: RG 11 Lawrence Stuckey fonds

Creator: Rev. Soole

Description Level: Item
Series Number: 3.1
Item Number: 1-2002.3.1P33
Accession Number: 1-2002
GMD: graphic
Date Range: 1936
Physical Description: 3 1/2" x 5"
Material Details: Negative

History /

Biographical:

CPR 2816 is a class H1b Hudson-type locomotive built by Montreal Locomotive Works in December 1930. Having logged more than two million miles in active service, 2816 made its final revenue run on May 26, 1960. After a complete three-year rebuild, 2816 was restored to its original specifications with external details from the 1930/40s, and re-entered active service in 2001 as a roving ambassador for Canadian Pacific Railway. [Information from Canadian Pacific Railway's website - www.cpr.ca. P.E. 28/07/09]

First engine on CPR's western lines with smoke deflectors - aka "elephant ears".

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

CPR Engine 2816 being serviced on [passenger train] No. 3

CPR's First Streamlined Engine Class

<http://archives.brandonu.ca/en/permalink/descriptions9948>

Part Of: RG 11 Lawrence Stuckey fonds

Creator: E.J. Jerret

Description Level: Item

Series Number: 3.1

Item Number: 1-2002.3.1P24(1)

Accession Number: 1-2002

GMD: graphic

Date Range: September 6, 1936

Physical Description: 2 1/2" x 5"

Material Details: Negative

History /

Biographical:

During the mid-1930s the economy and popularity of light, fast passenger trains were proven in the USA by the Burlington's "Zephyr", the Rock Island's "Rocket", and the Milwaukee Road's "Hiawatha". In 1936 the CPR built engines 3000-3004, designing each to haul a lightweight baggage car and three day coaches. Before being assigned to "The Chinook" between Calgary and Edmonton, engine 3001 and its train made an extensive publicity tour of western Canada.

[Built by Montreal Locomotive Works in 1936, this class of five F2a 4-4-4 locomotives (3000 - 3004) were named "Jubilee" type in honour of the 50th anniversary of CPR transcontinental service. P.E.]

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

CPR streamlined engine No. 3001 & train

Notes: Canadian Pacific Railway's first streamlined engine [class] on display in Brandon

Copy negative LAS with permission

[Mr. Stuckey numbered two envelopes P24. We have kept the same number but designated the first envelope P24(1) and the second envelope P24(2).]

Gerry Beaubier collection

<http://archives.brandonu.ca/en/permalink/descriptions13541>

Part Of: RG 5 Western Manitoba Manuscript Collection
Description Level: Collection
Accession Number: 11-2013
GMD: electronic records
Date Range: 1916-1917
Physical Description: 35 digital photographs
Material Details: JPEGs

History /

Biographical:

Gerry Beaubier was born in Wainwright, Alberta to Beatty and Babe Beaubier. He completed his high school in Saskatoon, before receiving a BSc in Geography from Brandon University.

Before attending university Gerry served in the army as a special reserve, while working as a night clerk at the Bessborough Hotel in Saskatoon. His post-graduate career consisted primarily of work for Canada Agriculture, under the PFRA Branch (Prairie Farm Rehabilitation Administration). Later he would work as an Executive Manager, helping develop forage and range management programs for several post secondary schools, including, Assiniboine Community College, as well as schools in Red Deer, Lethbridge, and Saskatoon.

Gerry Beaubier married Joyce Abercrombie, of Saskatoon. Together they had two sons: Neil and Dean. Neil, an Account Advisor for the Royal Bank, was born in Regina, and currently works in Swift Current. Dean was born in Swift Current, received his PhD in Education and currently lives in Forrest working at Elton Collegiate.

The Beaubiers, who were originally from Ireland, emigrated to the Canadian West, making Gerry part of the fourth generation of his family to call the region home. His great-grandfather, along with his grandfather and great uncle were amongst the first one hundred settlers in Brandon. Together they first built the Beaubier House, a boarding house for early settlers and travellers. After it burnt down they began construction on the Beaubier Hotel, which stood at the corner of 8th Street and Princess Avenue in Brandon until August 17th, 2008. His grandfather, David Wilson Beaubier, continued to build and operate hotels throughout the prairies, including the Empire Hotels (of Brandon and Saskatoon) and The Park (Moose Jaw).

David Wilson Beaubier served as a secretary of the Orange Lodge of Manitoba. As an Orange Lodge Colonel, he worked with other Orange Lodge members, to recruit throughout the prairies for the purpose of World War One. For his efforts, David was promoted to Lieutenant Colonel, and later Captain of the 99th Manitoba Rangers. David's sons (Gerry's father, at University of Manitoba, and uncle at McGill), were both working towards undergraduate degrees when war broke out in 1914, and each would leave school to join their father at Camp Hughes.

Custodial History:

Gerry Beaubier collected these photos primarily in the years 2000-2011, largely from family and friends who knew of his interest in the topic. They were donated to the S.J. McKee Archives in 2011.

Scope and Content:

Collection consists of digital photographs of those who trained for battle in World War I at Camp Hughes and in Brandon, Manitoba. It also includes a digital copy of the cover of the Nominal Roll of Officers, Non-Commissioned Officers and Men, who departed from Brandon in 1917.

The photos, taken primarily at Camp Hughes, are of a number of battalions, including the 34th, 100th, 108th, 181st and 214th. The photo, PT in England, is a postcard sent home from Beaty Beaubier. The Massey Harris building seen on the right side of, WW1 B parade0001, was used to house troops throughout the war. The man standing alone at the front of the parade in, 181 Parade, is David Wilson Beaubier.

Notes: Information for the biographical and custodial histories was provided by Gerry Beaubier on September 25, 2013. Description by Dustin Lane (October 2013).

Great Northern Engine 185 at Minot, ND

<http://archives.brandonu.ca/en/permalink/descriptions10002>

Part Of: RG 11 Lawrence Stuckey fonds
Creator: L.A. Stuckey
Description Level: Item
Series Number: 3.1
Item Number: 1-2002.3.1PE25
Accession Number: 1-2002
GMD: graphic
Date Range: July 19, 1938
Physical Description: 2 1/2" x 3 1/2"
Material Details: Negative

History /

Biographical:

According to Stuckey and Bain (1996), "The Brandon, Saskatchewan & Hudson's Bay Railway was built and operated as a totally owned subsidiary of the Great Northern Railway. Construction commenced in late 1905 and by the end of 1905, less than a mile of track had been laid north of the boundary at St. John. In 1906, the remaining 68.6 miles to Brandon were laid and service commenced that year. During the Depression of the 1930s, traffic declined significantly and the entire branch was abandoned in 1936. Over much of the branch's length, the ties and rails were laid on the prairie without ballast and today little remains of the line apart from traces where there were cuts and bridges." (p. 18)

This engine was built by Brooks in March of 1883 as No. 887 and marked as scrap [by the GN] in 1937. This engine is known to have worked passenger trains to Brandon. This class of locomotive was replaced by gas-electric [power units] in 1929 but they would be used if no gas-electric was available. Engine 185 sat dead in Minot from the closing of the Brandon line until it was scrapped.

Custodial History:

For custodial history see the collection level description of the Lawrence Stuckey collection.

Scope and Content:

Great Northern Engine 185, a class B-19 4-4-0 ["American"] type at Minot, ND.

Great Northern Engine 208 & Passenger Train at Brandon

<http://archives.brandonu.ca/en/permalink/descriptions9996>

Part Of: RG 11 Lawrence Stuckey fonds

Creator: [Wm. Martel?]

Description Level: Item

Series Number: 3.1

Item Number: 1-2002.3.1PE19a

Accession Number: 1-2002

GMD: graphic

Date Range: [ca. 1906]

Physical Description: 3 1/2" x 5"

Material Details: Negative

History /

Biographical:

According to Stuckey and Bain (1996), "The Brandon, Saskatchewan & Hudson's Bay Railway was built and operated as a totally owned subsidiary of the Great Northern Railway.

Construction commenced in late 1905 and by the end of 1905, less than a mile of track had been laid north of the boundary at St. John. In 1906, the remaining 68.6 miles to Brandon were laid and service commenced that year. During the Depression of the 1930s, traffic declined significantly and the entire branch was abandoned in 1936. Over much of the branch's length, the ties and rails were laid on the prairie without ballast and today little remains of the line apart from traces where there were cuts and bridges." (p. 18)

Stuckey, L. A., & Bain, D. M. (1996). The Great Northern and Northern Pacific railways in Canada. Calgary, Alberta: British Railway Modellers of North America.
