

ARCH 3. Lovstrom Locale DjLx-1

3.1 Lovstrom survey and testing

3.1.1 Lovstrom survey and testing 1985

3.1.1.1 Summary Information.

In 1985 Bev Nicholson and Scott Hamilton with a small crew of students set up survey lines within the locale. Surface finds were designated as catalogue Surface 1 and Surface 2 with consecutive artifact numbers. Nine test units were excavated in the uncultivated area of the locale.

Crew/volunteers were: Brenda Kramerchuk, Marc Finke, Kate Peach, and Dan, Steve and Jennifer Nicholson.

The initial datum was established as 0N/E with the base of 200 N/0E and 250N/0E. A subsequent datum with the co-ordinates of 500S/500W was used to facilitate computer cataloguing.
