HOMECOMING 1965

Saturday, October 9th

Reports are out that Alumni from all parts of Manitoba, Saskatchewan, and Western Ontario are planning on coming home for the Thanksgiving Weekend and will spend Saturday afternoon and evening at Brandon College.

HOMECOMING 1965 will get under way Saturday afternoon when the Hounds from Notre Dame and the Brandon College Caps tangle in the opening football game of the season. The Caps look good this year and should provide lots of dazzle and thrills when they meet the "always to be reckoned with" Hounds. Last year's contest ended up 19-18 for Hounds. Kick off time Saturday is 3 p.m. at Kinsmen Stadium. **Don't miss a single minute of this game.**

Half-Time Entertainment
Will Remain A Secret...
For Now!

Coffee will be served after the game in the College Canteen.

Homecoming BALL Saturday Night

Starting at 8:30 p.m. in the College Dining Room the beautiful Homecoming Queen and her charming Princesses will act as hostesses for the evening. This is your chance to see your friends and classmates again and to relive those "good old days" on campus. The Syncopaters will provide the best in music for your dancing pleasure and delicious food will add to the enjoyment.

After the dance — it's up to you.

All things considered — the one day 1965 Homecoming shapes up to be a great day.

DON'T YOU DARE MISS IT.

If, when you arrive in Brandon for Homecoming, you wish to be brought up-to-date on the latest plans, please phone the General Secretary at PA 9-5401 or PA 9-6590.

ENROLMENT UP AT BRANDON COLLEGE

At the end of registration week, 452 full-time students have registered for Arts and Science courses, as compared with 405 last year. The Bachelor of Music course has enrolled 24 this year, where there were 14 last year.

The training course for high school teachers has 20 in place of 16 last year, and the course for elementary teachers 168 instead of 160. The Extension Courses this year attracted 167 students to register, whereas 144 registered last year.

In addition there is the enrolment in music conservatory courses, which is approximately 300.

MR. M. P. YAKIMISHYN, Sc. '59, TAKES STUDENTS EAST

We left our youngsters Michelle and Tanis with their grandparents and on August 14th, 1965 under the sponsorship of the Manitoba Centennial Commission escorted 24 energetic and vibrant Grade XI Manitoba high school students on a 2 week tour to Grand Bank-Fortune and St. John's, Nfld. The trip was terrific. The students were billeted at private homes — cod, halibut, salmon, lobster and fish tongue were excellent dishes. Some of our experiences included — a Sunday afternoon yachting, squid-jigging, and of course watching a 750 pound tuna landed — a short cruise on a fish dragger — a visit to Signal Hill, where Marconi received the first wireless message — Cabot Tower — John Cabot 1497; — many other historical, industrial and scenic areas were visited.

Of course we also visited Memorial University where 1st year University is gratis.

On return we made short stops at Halifax, Montreal, Ottawa. The trip was a terrific success — we arrived in Winnipeg on August 29 — safe and sound.

This program is one of the most worthwhile centennial efforts. These youngsters get to understand Canada, and the meaning of Confederation and the size and vastness of our country. The youngsters

PRESIDENT HAS EXECUTIVE ASSISTANT

As of this summer, Dr. Robbins has an executive assistant in the person of Dr. John A. B. McLeish who comes to us from Carleton University, Ottawa.

We are pleased to welcome Dr. McLeish who was born in Calgary, Alberta, went to school in Winnipeg and Montreal and obtained his B.A. (History Honours) at McGill. His M.A. in Education was later obtained from the same University. Dr. McLeish obtained his doctorate from Cornell University Graduate School of Education in 1951.

As a high school teacher and principal from 1935 to 1949, Dr. McLeish was at Stanstead College, Verdun High School, Montreal, Danville High School, Valleyfield High School and Three Rivers High School.

In his university teaching and administration career Dr. McLeish was Assistant Professor of Education at the University of British Columbia from 1951 to 1954. From the University of British Columbia he moved to Carlton University where he stayed for the next ten years. During that time he was Registrar (and subsequently Director of Summer School), and Research Associate Professor of Education.

Dr. McLeish was chief book reviewer for the Montreal Gazette, 1944-46 and acted as contributing editor in 1947. He has appeared in the CBC Citizen's Forum and Tabloid trans-Canada telecasts, and on Town Meeting in Canada. He produced and took part in thirty educational radio broadcasts over Station CFCF, Montreal, and elsewhere.

As Director of Summer School and

certainly return much prouder of their country — and truly more Canadian.

The youngsters in our group were terrific — parties, gags, tricks, sing songs, fun galore — for 8 days of train travel. Our unit 65 — has already had one reunion. Louise and I would do it again any day — so if you alumni members have the opportunity to work on the Centennial Student Exchange Program — do it. You'll love the fun and adventure of the youthful world.

Editor's Note — We wish to thank Mr. Yakimishyn for his note and description of his trip. This office is always happy to hear about newsworthy happenings such as this and we appreciate being informed. Mr. Yakimishyn is teaching at Inglis, Man.

Professor Needham Honoured

Lucien Needham, Professor of Voice and Organ at Brandon College, has received notice of being made a Fellow of the Guildhall School of Music in London. The constitution of the School limits its fellowship to one hundred members, and Prof. Needham is given the honour as a former student for his successful musical work in Canada.

Prof. Needham spent three months in the United Kingdom during the past summer, at the Guildhall School and other musical centres. For this purpose he received a travel grant from the Nuffield Foundation.

Dr. J. A. B. McLeish

Extension here in Brandon, Dr. McLeish looks forward to meeting Alumni who will be taking various courses offered at the college during the summer and through the Extension.

With his wealth of training and experience in education and administration, together with a warm, sincere personality, Dr. McLeish is undoubtedly a fine asset to Brandon College. We extend to him a sincere "Welcome."

TWO NEW MEMBERS ADDED TO THE DEPARTMENT OF POLITICAL SCIENCE

MRS. NANCY GORDON and
DR. M. V. NAIDU

MEET DR. NAIDU OF THE POLITICAL SCIENCE DEPARTMENT

Dr. Naidu is from Hyderabad, India, where he took the degrees of B.A. (Hist. & Econ.), M.A. (Pol.Sc.), LL.B (Law) and LL.M (Constitutional Law and Jurisprudence) from Osmania University. Later he took his Ph.D (International Relations) from the University of Minnesota. Before coming to Brandon Dr. Naidu has had eight years teaching experience. He taught at Osmania University, University of Minnesota and Minto State College. He has published, besides a number of articles, two books — "The City of Secunderabad" (published in India in 1955) and "An Invitation to Think" (published in New York, 1965). He has two other voluminous works almost ready for publication: one, "UN Force: Legal Theory and Political Practice" dealing with the problem of UN military forces, the other, "Political Executive in Federation," a comparative study of Federal political executives in the federation of U.S.A., Canada, Switzerland, Australia, South Africa, U.S.S.R., and India.

A series of his articles on the Kashmir conflict has been recently published in The Brandon Sun.

Dr. Naidu is scheduled to deliver for the Extension Division during January-February, 1966, a series of four lectures on "Makes of Modern India: Tagore, Gyandhi, Nehru and Shastri."

Dr. Naidu was in U.S.A. on a Fulbright Exchange Programme. Last summer he went on a world tour visiting Seattle, San Francisco, Los Angeles and Honolulu, in the U.S.A. and in Japan, Formosa, Hong Kong, The Phillippines, Viet Nam, Cambodia, Thailand, India, Cairo, Beirut, Geneva, Paris, London, Dublin, Shannon, Montreal, and Ottawa.

He arrived in Brandon on August 6, 1965. Earlier in 1956, Dr. Naidu had toured, in the capacity of the representative of Indian youth, Switzerland, Germany, Poland, Bulgaria, U.S.S.R., China, Hong Kong, Singapore, Malaya, and Ceylon.

Among a number of honors received by Dr. Naidu are the Fulbright Grant, The John Cowles Fellowship, The Minnesota Graduate School Special Grant, The American Political Science Assoc. Travel Grants, and the McKnight Foundation's Special Research Grant.

Joan Garnett On Leave

Miss Garnett '52 left early in June to take a year's leave in Ottawa as an Assistant Editor of Encyclopedia Canadiana. Encyclopedia Canadiana, published in 1957-58, is being updated as a Centennial Project. The Alumni Association wishes Joan all the very best in Ottawa and we will be glad to see her back with us in Dr. Robbins' office as Secretary and Public Relations Assistant to the President. We will long remember the fine work Joan did for B.C.A.A. Dr. Robbins was Editor-in-Chief of Canadiana before coming to Brandon College.

OVERSEAS STUDENTS ON CAMPUS

RUTH CHANG — ORIENTAL MISS STUDIES MUSIC

The following appeared in the September 13, 1965 issue of The Brandon Sun. Miss Chang was interviewed by Mr. Neil Louttit of The Sun.

When Ruth Chang was four years old, she and her family arrived in Hong Kong from the Chinese mainland.

Today, 19-year-old Miss Chang is studying for her Bachelor of Music degree at Brandon College.

In a soft oriental voice, Miss Chang explained why she travelled nearly half way around the world to come to Brandon.

She said the Brandon College School of Music was recommended to her by the Taiwan (Chinese Nationalist) department of education.

"I asked at the department of education what Canadian Universities offered degrees in music," she said. "I was told there were two schools to which I could apply, one in Toronto and Brandon College."

"I chose Brandon College because it offered subjects similar to those I had previously studied," Miss Chang said.

She has studied music for three years at Tsing Hua University. She will be taking first year at Brandon College and will major in piano.

She said several young people leave Hong Kong every year to study abroad.

"Many go to America, Britain, Canada, Australia and Germany," she said. "I came to Canada because it is easier to get a job when I return to Hong Kong if I have studied in the British Commonwealth."

Miss Chang, who had been here less than 24 hours, said she liked what she had seen of Brandon.

"It is a good city. It is small, but I think I will like it. The people are very kind."

Miss Chang was amazed by the manner in which North American cities were laid out.

"We have no gardens in Hong Kong. People live mostly in apartment blocks,"

she said, indicating with her hands that everything was crowded in Hong Kong.

"There are over 4,000,000 people in Hong Kong," she said (total land area of Hong Kong is 391 square miles). Miss Chang said it takes 80 minutes by train to get from her home to downtown Hong Kong.

Miss Chang told of the education system in her homeland.

"Students in Hong Kong work very hard," she said. "At the end of the Fifth Form (comparable to Manitoba High school) exams are written. If a student fails it is almost impossible for him to find a good job."

She said students wishing to enter uni-

versity must complete a Sixth Form which is divided into two parts and takes two years to complete.

Miss Chang said she had studied English for five years in school but had never spoken it to any extent.

"In Hong Kong we never speak English, she explained. "I have only been speaking it for two days."

Miss Chang said she was financing her own way through university. She taught kindergarten in Hong Kong for a year to get enough money to come to Brandon.

"I want to get a part time job to help meet my expenses," she said.

The only dissatisfaction Miss Chang showed in her new surroundings was a longing for her home.

"I am very lonely," she said quietly, "very lonely."

FROM HONG KONG

Ruth Chang arrived in Brandon to study for her Bachelor of Music degree at Brandon College. Miss Chang, who comes from Hong Kong, said Brandon College recommended to her by the Taiwan department of education in Hong Kong. She has studied piano at an advanced level for three years.

Wawanesa String Scholarship

The first four winners of the Wawanesa Centennial String Scholarships announced in the March issue of **Alumni News** are the following:

Miss Erika Bennedik of Kassel, Germany, who had previously studied with Albert Pratz in Toronto; Miss Velma Ko,

a violin student from Victoria, B.C.; Miss Phyllis Wedding, a viola student from Winnipeg; and Mr. Tom Williams, a violin student from Lethbridge. Miss Ko and Mr. Williams are in the Bachelor of Music program. Miss Bennedik and Miss Wedding are pursuing instrumental studies only.

About Those Pledges

A few years ago when financial assistance for the Physical Education Building was called for from the ALUMNI MEMBERSHIP, the response was most encouraging and most pledges were submitted. However, a few members have neglected to submit their pledges in whole or in part and many have one or two payments remaining.

12 members have submitted no payment for	\$1235.00
37 members have one or two payments for	1170.06
BALANCE DUE	\$2405.06

Come on Alumni, let's clean this up. If you have forgotten whether or not you are paid up drop a line to the General Secretary and find out.

Henry and Jones On CBC

Donald Henry and Lawrence Jones, members of the piano faculty of the School of Music will be appearing this season on national CBC concerto series, Talent Festival. Mr. Henry will fly to Toronto in late October to record the last movement of the Beethoven 'Empire of the North West' Concerto, while Mr. Jones will, in January, play the Andante Spianato and Grand Polonaise from Winnipeg. The series is under the baton of Sir Ernest MacMillan.

EDUCATION BUILDING NEXT

Manitoba Premier, Duff Roblin, announced September 30, at a Brandon College luncheon that sod will soon be turned to begin construction on a new Education Building at Brandon College. The building will be a \$750,000 venture and will facilitate 300 students destined to become teachers.

The location of the new structure will be just north of the present Administration Building which has been with us since 1900.

Dr. Robbins, in thanking the Premier, pointed out that the College prided themselves in an Education Faculty second to none and the new Education Building will be second to none in the facilities it will offer. Facilities will be provided in the new building to enable the latest and most up-to-date teaching methods to be presented. Dr. Robbins explained that should there arise a need for more space, the construction of this building will be such that another storey may be added.
