Prof. Anderson Addresses League of Nations Club.

Edith Batho Submits Report

The League of Nations Club started its year's activity for 1932-33 with splendid meeting held Wed. Oct.

26th, in the College Chapel. Mr. R. Kerr presided as chairman, calling upon Miss Eilleen Metcalfe, secretary of the retiring executive to and submit a report of the nominating committee for the new executive. The minutes were adopted as read and the following officers were unanmously elected for the ensuing year: Hon. Pres., Prof. J. N. Anderson, representative for the M. A. class. George Heywood, and for Grade XII George Cowan

The first speaker was Miss Edith Batho who was selected as delegate of the Club to the Conference on International Relations held at the Uniersity of South Dakota, Vermillion, last April.

Expressing her appreciation for the trip she enjoyed so much, and intered with personal reminiscences, Miss Batho continued to speak of the Conference of International Relations which is another term for League of Nations Club.

This Convention is made possible every year by the Carnegie Endow-

Only one Canadian University was represented andthat was Brandon College, by Miss Batho. It was through the Carnegie Endowment that a delegate was able to represent this instit-ution. Otherwise such expenses are secretary of the retiring executive to paid by the International Relations read the minutes of the last meeting Clubs by membership fees of five dollars. But there are also independent Clubs upon which there are no restrictions student discussion group meetings being held in High Schools. The speaker went on to say that the work and enthusiasm maintains a very Pres., Edith Batho; Vice-Pres., Lloyd high interest; in some clubs a stand-Davy; Sec., Winnifred Harvey; the ard of education being set in order to carry on certain studies and discussions to suit the group. Further interest is made by bringing in outspeakers of eminent note.

In regard to the conference Miss Bathe gave a general outline of ad-dresses by students and special ad-dresses given by Dr. Carl Christol, Faculty advisor of the International Relations Club of Vermillion University S. D., on the "League of Nations and the World Court"; and by Dean Edward F. Nickoley, on the 'Far East'.

FRANK SAMIS INTRODUCES NEW SONG TO COLLEGE

At a pep meeting held after student chapel last week, Frank Samis intro-duced a new song, BRANDON WILL CHINE to the student body. The song is a wow and the students were quick to learn it and its excellent "swing." The students presented the song at the basketball games last Thursday evening and were met by thunderous applause from other spec tators.

The sone IS good and our cheer leader, Mr. Samis, "put it over."

STANLEY KNOWLES TO DEBATE AGAINST BRITISH TEAM.

REPRESENTS MANITORA IN IMPERIAL DEBATE NOVEMBER 10th

An Imperial debate, under the spon sorship of the National Federation or Canadian University Students is to be held in Winnipeg on Thursday, November 10th. The British are to be November 19th. The British are to be represented by Hector McNiell of Glasgow University and Ivor B. Jones of the University of Wales and they will be opposed by S. M. Cohen, and Stanley Knowles of Manitoba University. sity, a graduate of Brandon College. For this reason students of Brandon College will watch for the outcome of the debate with more than passing Interest.

With the forthcoming encounter, Mr. Knowles will take part in his fourth major debate for Manitoba.

Opening Lit Presented To Crowded Chapel

NEWSPAPER DECISION GIVES OPENER

TWO STARS.

The Lit season in Brandon College was ushered in on Friday evening, Oct. 21st, when the Literary Society presented its first General Lit to a crowded Chape. Better Lits and worse I Its have been presented before, but as an "opener" it was not far behind, if indeed at all, the standard of former opening general lits. But how are we to comment on it?

If we criticize, our friends ignore us; if we praise, our literary betters caress us with an eye of scorn; if we are non committal, we are accused of hypocrisy. After listening to the views of others, therefore, we are satisfied that our own opinion ex-presses that at east a portion of the student mind. And that is what a College Publication is for. Yet we must bear, a mind strongly the defects and difficulties of an amateur theatrical production and we must deal with the matter accordingly.

Doris Lints opened the program with a piano presentation that was highly applauded. The encore completed, Arts III appeared in chorus, "The Old Order Changeth, Yielding Place to New", the audience took its cue from the old folks to enjoy the

the tender music but the action, which showed signs of sincerity but lack of poise and deportment, was not particularly brilliant.

Jack Buss raised the general spirit by his reading of the critic, which, by the way, expressed a strong feeling of ridicule against fourth year students.

Grade XII's first appearance was unfortunate. Their skit "Alibi" was on the point of pleasing the aud-ience when it lapsed into a blur of confused sound. (Was Louis Todd's violin solo a redeeming feature? Ask Mr. Perdue!) The Music Department was well re-

presented by Peggy Sharpe in her solo "Sunrise" and her encore.

Amusing, but juvenile, was Arts IV's skit featuring Bob Kerr and Harry Shaw. Edgar Bailey completed the fourth year contribution with two of our favorite vocal solos.

Harold Tooke of Grade XII played ome "scene shifting" music and was well received.

A timely play was Arts II's con-tribution to the program a 20 th Bert Fraser's realistic acting was a little too vivid for the long suffering assembly below. "Hot Lemonade" was well played and entertaining, however.

Tradition has been blasted! we have criticized a lit! But tolerance has always been too greatly the Quills attitude toward the programs

Collegiate Won Interscholastic Meet.

ART. BROWN HIGH

SCORER FOR COLLEGE.

The devotees of the field and track were given a great display by the cream of Brandon's athletic talent at the Inter-scholastic meet, held in the arena recently.

Competition was keen as the stars were fighting for points for their re-spective schools, the Tech., Normal, Collegiate and College. The Collegiate rolled up a score of 73 points to grab first place. The College was second with a total of 59 points, while the Tech, with a bonus of 21 points land-ed in third place with 49 points, while the Normal had 34.

Among the men, individual honors went to Russ Hawson, pride of the Normal School. By winning the 60 yds sprint, the "220", the running broad jump, second in the hop-step-and-jump, tied for first place in the pole vault, and third in the shot put, he

collected 24 points which was a large order for any young man.

Second in the individual point winners came Art Brown, "the mighty atom" from the College. He grabbed off 13 points by taking the 60 yards, low hurdles, tying for first in the high jump and pole vault, a good perform-ance in face of stern competition.

Mary Coutts, track and field cham pion of the College snared the ladies individual honors by cornering points. Mary won the low hurdles, the hop, step and jump, and the running broad jump, and placed third in the high jump. Winona Blackwell of the Collegiate provided keen competition and placed second with 14 points.

Geo. Thorman star track performer ran into some bad luck. After taking the "880", through misunderstanding he failed to place in the "440", and was outgeneralled in the mile by

After a lapse of one year the students of Brandon College are returning to dramatics and will produce the three act play, "Cappy Ricks" a splendid comedy written by Edward Rose. The play is adopted from "CAPPY RICKS" by Peter B. Kyne. The Play Committee is headed by

G. H. Shaw and he has secured Miss Marjorie B. McKenzie, well known Brandon directress to take charge of the production. Miss McKenzie is

My Heart", East is West", and "Daddy Long Legs" Under her competent direction a successful production is assured.

This year the proceeds from the play will be given to charity. This decision was reached following the receipt of a recommendation from the Main Executive advocating such a proposition.

The committee is already at work on the preliminary arrangements for the production and it wishes to enlist the co-operation of every member of the student body. The chairman has emphasized the necessity of the students pressing the ticket sale to the utmost in view of existing financial conditions.

A NEW POLICY.

With this issue the Quill staff is embarking on a new policy. They roll, and they scurry, and float The paper will speak for itself and we hope you like it for we are of the opinion that the change in size and appearance of our College publication is warranted. We must keep pace with the times and Brandon College has outgrown our former pamphlet size Quill. In effecting the change several difficulties have been met; to begin with, there is a slight increase in cost, which we hope to make up by the increased sale of advertising space; secondly, the prestige of the College is involved, for we meet the problem of what news to print, so that the paper may be filled only with articles logical and conductive to the welfare of the College; finally, the reaction of the student body to the change. Already some comment has been heard. \(\) most of which, we are pleased to announce, has been decidedly favorable, for it has been felt for some time that our former system did not adequately fulfill the requirements of the institution.

The purpose of a College publication is to furnish the medium Where, after a season of tumult, the for the free and impartial expression of student opinion. In this the Brandon College Quill is no exception. If this medium is thoughtfully and conscienciously used, the Quill may be regarded as one of the best instruments to further the spirit and ideals of Brandon College. And if a larger paper can do this to a larger dether the change to a larger publication is justified.

The responsibility of making this new policy a success lies directly on the Quill staff but also on the student body, individually and as a whole. We of the staff are giving valuable time and our best efforts to achieve this end and the student body is co-operating; A moustache is defined in the dicthis year more than ever. But unless it meets with your approval. the bi-weekly cannot be said to have justified itself.

IN THE STREET.

The raw wind and opaque clouds seemed to become more relentless and menacing as the afternoon drew to a close. The habitual dullness of the grey streets was temporarily broken by that false busyness which five o'clock brings, when office folk stride away to their homes after the routine of the day. A few belated shoppers like myself were hurrying city-ward, bent on securing some necessary trifle before the stroke of six should bring release to the retailers.

It was while I was taking a short cut across the gravelled space before a garage that I noticed two Indian boys on the sidewalk. They were lanky, warmly dressed lads, straggling of the other, arms akimbo, hands thrust into pockets against the cold. Their faces, in open reputation of tradition's attribution of impassiveness, and in contradiction of the mately four inches short. DO COLLEGIANS DESIRE EDUCATION?

"invest me in my motley, give me leave to speak my mind."

Somebody has said that Education is of three forms: the ornamental, the useful, and the necessary. night finish this thought and say, "that the greatest of these" is "ornamental education" among college undergraduates. For it seems to be a general conclusion that a relatively small percentage of them really care for an education; or, if they do, it is to be "merely educated."

Many college students never advance in their culture or their tastes beyond the child who throws away a beautifully hand painted rattle for one bought in Woolworth's because it made a louder noise and was painted Swallow those flakes that floated be- a more gaudy color. It would seem the rattle that is painted with the gaudiest colors and makes the most noise is the rattle for them. This gives the impre sion that College students have not only a fear of excellence, but that fear obsesses them, and keeps them away from anything resembling excel-

> Environment either encourages or discourages, and it is this excuse students appear to make for themselves much a product of their environment as the corn they raise to feed hogs. , with which to buy more land to raise more corn to feed more hogs. Wingless minded, they attend college accordingly.

A postmaster of a country town said that not a single copy of any of the best literary magazines went out to any of the four rural routes in his · district. Whereas whole mail pouches filled with the dollar a year magazine were distributed monthly. Students, fed on such reading matter could not possibly be very high in either their educational or cultural ideas, for what one reads, acts or says is a reliable index to ones ambitions. Words and actions, like flowers, grow in these hearts of ours, while thoughtless words and deeds, like ugly weeds, choke back the beauty, and in the place of roses we grow pigweed. Are i not students in such arid and vapid surroundings to be pitied? Certainly to be excused in being satisfied with such an education, with the label which says, they are as well educated as anyone else.

HAIO HANDS COLLEGE QUINTETTE SECOND STRAIGHT LOSS

Collegians Lose Close Game by Single Point.

The College Junior League team have yet to break into the winning column. Last Thursday evening they were taken into camp by the flashy bunch of youngsters from the Earl Haig Junior High. The boys had lost their opener previously to the strong B.C.I. entry. The final score was 11 to 10 for Earl Haig and the difference was only one free throw. Both squads had some bad luck under the baskets, many shots rolling off the hoop, but the Earl haig boys were good measure for their win. The College boys served out some ragged basketball, showing a woeful lack of team play and practise. They were leading 8 to 4 at half time but due to some weird playing allowed the Haig squad to get out in front. McKinnon led the scorers for the College but spoiled his effectiveness by his tackling methods. Klenman and Thorman worked hard, but had some tough breaks with their shooting.

Line-up - Gilroy, Firman, Perkins, Thorman 2, Klenman 2, McKinnon 6, Tooke.

The Olympias then came to life and picked up 9 points in the last quarter. Simpson and Griggs put up a fine defensive game while Strachan and McDorman did heavy duty on the front line.

Individual Champ in the Ladies events at the College Field Day; individual honors at the Inter-scholastic meet, against the pick of the city, and then as it that wasn't enough, step out and show the natives just how it is done in basketball. The little curly-head would be quite justified in sporting an inflated noodle, but not so, Mary, in fact she's quite shy about her ability and achiements. It was a lucky day for Brandon College athletics when she decided to take Post-Graduate work this year.

speaking of achievements, the boys Junior basketball team is qualified to win the cut glass derby. In Thursday nights game they sure pulled a lot of new basketball tricks out of the old hat. It was a pretty woolley exhibition and shows that the boys are in the market for some good drill. A few practice games with the senior play-

ersfurnishing the opposition would be a good plan. There is no doubt but that he team has the raw material to start with. Of the new comers, Mc-Kinnon, Perkins and Gilroy show a lot of promise and with the proper coaching should get somewhere.

Now that the hockey wheels are turning in big-time circles some thought might be given in regard to the prospects at the College for the coming season. All last year's material is available and there should be some good material among the treshmen, although no pressure has been brought to bear on that august body to produce confessions as to ability on the steel blades. There have already been faint murmurings about the rink, although those in charge may not wish to encroach on the rights of the footballers until Old Man Winter definitely settles.

After the Club's appreciation had been conveyed to the speakers of the evening, the meeting adjourned.

OPENING LIT PRESENTED TO CROWDED CHAPEL.

(Continued from Page 1.) sored by the Literary Society. Despite the efforts of hard working executives some students refuse to cooperate. They think the success of , a lit depends on Fate and we frequently have had in other years as a result, a hodge-podge. The first litis not necessarily indicative of what is to follow and it is to be hoped that those in competition for the shield will be of a much higher standard. However we must say that, if anything, the show itself was run off in excellent manner; there was no dragging at any time and the stage management was fine, considering the inadequacy of stage equipment. The lit was presented well in so far as the Literary Society's executive was concerned and to them is due a good deal of praise. However, they might have been better rewarded. Earlier organization and more practice for lits might overcome this.
