

JOEL SMITH FOR STICK !

Joel hails from Edmonton. He spent his Arts II in Brandon College in 1931-32. Last year he was a leading student at Normal School in Edmonton, where he edited the school paper. This year he has come back to Brandon College with lots of pep and a real desire to get into everything that's going.

The primary qualifications for the office of Senior Stick may best be summed up as a combination of experience in student activities plus personality and general ability. We who support Joel Smith for the office of Senior Stick feel that he is outstanding as the happy possessor of a well balanced combination of these essential characteristics.

We have every confidence in Joel's executive ability. He is known to all as a good mixer, treating everyone with genial friendliness. His participation in College activities, in lits, behind the scenes at the play, as President of the Debating Club, as the manager who led Arts III to victory in the Play ticket sales campaign, as member of the Resident Council, as Yell Leader, and as News Editor of the "Quill" - all these contributions to our student life point to the same moral - "JOEL FOR STICK."

<u>SENIOR STICK</u> -	Joel Smith Keith McKinnon
<u>LADY STICK.</u>	Helen Vasey Marion Thomson
<u>C.H.A.A.</u>	Molly Bell Polly Pattison
<u>B.C.A.A.</u>	Bert Fraser Tommy Morison
<u>SECRETARY</u>	Muriel McLaren Muriel Bell

The slate of Officers is up, vigorous campaigning is the order of the day, and nearly everyone is sporting ribbons of variegated hues. First of all, we take pleasure in congratulating those members of the Main Executive who take their places with the solid support of the student body, their acclamation precluding the necessity of an election in their divisions. In both Clark Hall and Brandon College Student Christian movements, the Presidents have been unanimously elected. Good luck for the coming year to Vera Gainer of Clark Hall, who has endeared herself to everyone with her friendly ways and her lively chuckle, and to Frank Samis, who has done such wonders this year already with the S.C.M! To Winnie Harvey, who assumes the leadership of the Debating Society, we wish all the success her ability deserves. And to Bob McCulloch, our forthcoming President of the "lit" - may he prosper and - well prosper! We are sure the Student's confidence in these members for next year's Main Executive is well placed.

A few words about voting. There is no excuse, in a College, for spoiled ballots, for save being a disgrace to your Alma Mater, and, incidentally, to save losing a vote for your favored candidate, be sure to mark your ballot carefully. Vote for all the offices in which you have a vote, and VOTE FOR ONLY ONE CANDIDATE for each office. And when you are voting, be honest with yourself. By now you will have made up your mind - we hope, by careful deliberation. If you have not, sit down at once, and make it up - never be guilty of going into a poll and voting on impulse.

KEITH MCKINNON FOR STICK !

It was in the fall of 1932 that Keith made his first appearance in Brandon. From his first weeks in Brandon College, Keith's ability has been appreciated. As one position led to another our trust in him has grown. Last year he was Secretary-Treasurer of Junior Arts, and Secretary-Treasurer of the BCAA. This year he is Secretary-Treasurer of the Economics Club and advertising manager of the "Quill." In addition to these offices, he has covered several of the outstanding 'tough jobs' of the College very efficiently. Last year as Treasurer of the Committee, he made a real contribution to the outstanding success of the Arts Banquet - this year as general manager of the Play, he organized his campaign so well as to show an actual profit, instead of the expected deficit (no mean feat in these times)

Although Keith McKinnon has work to do, he is Head Waiter in the residence dining room - he has time to attend the College functions. He makes a point of attending Chapel, and contributed to it, last term, perhaps the most frequently quoted speech of the year. He has a real interest too in athletics. Last year Keith played on the forward line in basketball - this year he was a semi-finalist in the tennis tournament. These are the things which are evident to any interested observer, the material facts which we were asked to present to you, the voters.

(EDITORIAL Continued)

We have saved the best to the last. Hearty words of commendation, and all our best cheers for the courage of Jack (Shirley) Prugh, who has consented to accept the dubious honour of Managing Editor of the "Quill" for next year! He has joined the staff of the "Giekle" and great things may be expected from him, for he is earnest, energetic, and appreciative of the responsibility he has accepted.

Unfortunately - write-ups for the Lady Stick and C.N.A.A. candidates were delayed, but you all know Marion and Helen and Molly and Polly anyway!

When marking your Ballot remember that Marion has the ability, the personality, and the experience necessary for LADY STICK

VOTE / THOMSON (Advt)

We thought ED(1)SON was an inventor - heck, says we, he didn't start anything new when he used the Chapel to park in, Wednesday night - he sure was trying to "make" something, however!

We asked where Mr. Birkenshaw had been the other morning when he missed Chapel - he had sort of 'gone on the rocks.' *Awking*

Here's a hot election tip for you - We pick Samis, Prugh and McCulloch to get in - for S.C.M., publications and Literary respectively. - You can't lose your vote if you follow these tips!

COLLEGE DEFEATS BUCKS !

The College quintette nosed-out another victory last Thursday, when they defeated the league leading 'Bucks' by a score of 18-16. A cheering crowd of students gave life to the game and the boys just couldn't be kept down.
