ARTS BANQUET A WEEK FROM TONIGHT - MARCH 23

The date for the 1934 ARTS BANQUET has been set definitely for FRIDAY, MARCH 23rd. The 28th, falling in Pre-Easter week, it was thought advisable to change the date again, and the final and definite date is Friday, March 23rd. You can cut a big red ring around the 23rd on your Calendar with every confidence that you will find a wonderful banquet and a delightful evening awaiting you at the Prince Edward Hotel on that date, just a week from tonight. Plans for the event are rapidly taking shape, and everyone who lays down the requisite \$1.35, the price of the evening's entertainment, can rest assured that this banquet in honor of Class '34 will be one that will long be remembered by all who are present. All that the Committee needs to make this function an outstanding success is your support, both moral and financial. Remember the 23rd - and join with your class-mates in toasting the Grads of '34.

DR. EVANS RETURNS WITH GOOD NEWS !

Ever since the day some weeks ago when a cheering crowd of Undergraduates bid "Bon Voyage" to Dr. Evans as he stepped on to the C.P.R. train, bound for the East, news concerning his activities in the interests of Brandon College has been eagerly awaited by both students and faculty. Monday the "Doc" returned to the city, and in Chapel on Tuesday morning he brought a message of good cheer indeed. After congratulating the basketball team and the student body as a whole on the success of the Winnipeg trip, Dr. Evans indicated briefly that the results of his trip East had been extremely gratifying.

At a short meeting of the students after Chapel, our "Travelling" President spoke more fully, and indicated that if sufficient support is received in the West of a proposition that has been made by Eastern interests, the future of Brandon for several years at least, is assured, and our College will be established on a basis of firmness and continuity. The continued applause that greeted this announcement but indicated the real appreciation that is felt by all for the splendid efforts that Dr. Evans is putting forth in the fight to win for Brandon College the place that she deserves. Our best wishes and highest hopes go with him as he leaves for the West once more.

The English Club met at the home of Ken Eaton on Saturday, March 10th. Two papers were given by Marion Thomson and John Sullivan.

Miss Thomson gave her paper on a Galsworthy's book which continued the Forsythe Saga. Miss Thomson gave a description of Galsworthy's style and then outlined the plot and events of the story, reading chosen selections to illustrate the author's brilliant style.

Mr. Sullivan gave his paper on "The White Oaks of Jalna," a story by Mazo de la Roche, prominent Canadian authoress. His paper was short but interesting. Following the reading of the paper a general discussion was held and a delightful lunch was served.

John Tallerna (reading in English class, comes to the word "bargue" and hesitates.)
