Dear Sir, or Madam,

The Executive Committee desires to make a special appeal to all our members to assist in increasing the membership of the Society. As all new members must sign the basis and submit to election by the Committee we cannot engage in advertising campaigns for new recruits but must rely mainly upon the help of those already members of the Society. Many of our members have rendered valuable help in this direction in the past by inducing friends to join us or by supplying lists of names and addresses of likely persons to whom circulars about the Society and its work may be sent. We feel that the present moment is a favourable one when much more might be done and would appeal to all our members to render any help in their power in this direction.

Yours faithfully,

F. W. GALTON,

General Secretary.

EDWARD R. THORNTON,
SECRETARY.
T. W. GALLON,
TREASURER.

Dear Sir,
The Executive Committee are desirous to make a special appeal to all members to assist in increasing the membership of the Society. It is a new movement and it is the duty of each and every one of us to do our utmost to help it. We cannot engage in other work unless we have first secured the help of those already members of the Society. Many of our members have rendered valuable help in the past by sending friends to join us or by supplying lists of names and addresses of those persons to whom circulars from the Society and reports may be sent. We feel that the present movement is a fortunate one and we would most gladly be able to help in this regard to all our members to assist in their part in this movement.

T. W. GALLON,

Treasurer.
